19. Important Policy Related Information

- Minimum investment requirements and investment cut-off dates (also referred to as a “strike date”) as well as time-frames may apply and may vary depending on the underlying investment options terms and conditions.
- It is the responsibility of the Financial Advisor to ensure that the Policyholder has been advised of all the investment requirements and terms and conditions applicable to the 1Life Market Linked Endowment.
- An assessed tax loss incurred by 1Life Insurance Limited (the underwriter of the 1Life Market Linked Endowment) may be used to the benefit of the Policyholder to provide a reduced capital gain tax rate and income tax rate for the Policyholder. Taxes may be levied in the form of a charge within the policy and proceeds are paid out tax free to the Policyholder.
- Investments can be made in the form of:
 - Once-off investment
 - Debit order investment (not available for structured/guaranteed products)
 - Ad-hoc lump sum investment/s (not available for structured/guaranteed products)
- A Policyholder has the choice to select from a range of underlying investment options (unit trust funds, exchange traded funds and structured/guaranteed products).

- Where a structured/guaranteed product is selected as an underlying investment of the 1Life Market Linked Endowment policy the following information is applicable:
 - Your investment may be linked to several different indices, baskets of shares, commodities or indeed many other asset classes; specific details relating to the structured/guaranteed product selected are detailed in the brochure and listing supplement provided by the structured/guaranteed Product Issuer and it is the Financial Advisor’s responsibility to ensure that the Policyholder understands the construction of the selected structured/guaranteed product.
 - The structured/guaranteed Product Issuer’s terms and conditions will indicate a specific date for the receipt of investment deposits, and failing compliance with this specified date will result in an investment transaction not being processed by the structured/guaranteed Product Issuer. Wealthport does not assume any direct and/or indirect liability for the structured/guaranteed product cut-off dates not being adhered to because of not receiving all relevant application forms, supporting documents and/or the correct investment amount within the required Wealthport timeline.
 - For Wealthport to ensure that a structured/guaranteed Product Issuer’s timeline is adhered to, an investment amount must be received and cleared by the bank 5 (five) working days prior to the new investment cut-off time stipulated in the relevant structured/guaranteed Product Issuer’s terms and conditions. Please make sure that you have been informed by your Financial Advisor as to the closing date for accepting investments to ensure that Wealthport receives your investment amount 5 (five) working days prior to this date.
 - Your Wealthport statement will reflect the structured/guaranteed value of your structured/guaranteed product investment. In many cases the price of the structured/guaranteed product shown on the JSE will be below the initial price of the instrument even if it is capital protected. The capital protection is only structured/guaranteed at expiry and during the life of the product the investment may be worth less than the capital protection.
 - A surrender value for the structured/guaranteed product investment is available on request.
 - Wealthport is not bound by any terms and conditions contained in the structured/guaranteed Product Issuer agreement entered into by the Policyholder.
 - As some structured/guaranteed products are taxable as income and others as capital gains, Policyholders should seek tax advice.
 - Most structured/guaranteed products are designed to be held for the full term. If you decide to cash in your investment early, it may be worth less than you originally invested. We will pay you the value of your investment in accordance with the prevailing market rate at that time, less any associated selling costs and transfer taxes, including stamp duty or stamp duty reserve tax to the extent applicable as provided to us by the structured/guaranteed product Issuer.
 - Policyholders should note that certain structured/guaranteed products can only be unwound in entirety and in some cases on specific dates.
 - The Insurer may prescribe rules in terms of the allowed subscription levels for each product and or tranche issued. In case of an over-subscription, Wealthport will inform the client and return such over-subscribed amounts in full to the bank account from where the money was received.
 - Types of structured/guaranteed products:
 - a. The Policyholder is the holder of a structured/guaranteed product as the underlying investment in the endowment policy, you will be the owner of a listed share on the JSE. Section 9C of the Income Tax Act number 58 of 1962 (“Act”) deems receipts and accruals arising from the disposal of a qualifying share to be of a capital nature if the taxpayer was the owner of the qualifying share for a continuous period of at least three years immediately prior to the sale. The tax consequences for Policyholders who elect to sell before a period specified by the structured/guaranteed Product Issuer has lapsed will be dependent upon the individual circumstances of such Policyholders and any profit realised from the sale may be subject to income tax.
 - b. The Policyholder invests in bond markets and bond market instruments. The bond market, also known as the debt, credit, or fixed income market, is a financial market where participants buy and sell debt securities usually in the form of bonds.
