ABSA BANK LIMITED

(Incorporated in the Republic of South Africa with limited liability under registration number
1986/004794/06)

ZAR40,000,000,000

Master Structured Note Programme

This Master Structured Note Programme is a twin programme to the ZAR40,000,000,000 Master Programme Memorandum dated 7 November 2018 of ABSA Bank Limited admitted on the Johannesburg Stock Exchange (the “**JSE Master Structured Note Programme**”). This ZAR40,000,000,000 Master Programme Memorandum is separate from, and does not amend, restate, replace or supersede the JSE Master Structured Note Programme and does not affect any notes issued under the JSE Master Structured Note Programme.

Abisa Bank Limited (the “**Issuer**”) may from time to time issue unsecured or secured registered or bearer notes (the “**Notes**”) in accordance with Section I-D of this Master Programme Memorandum (as defined below) headed “*Form of the Notes*” and Section II of this Master Programme Memorandum headed “*Terms and Conditions of the Notes*” (the “**Terms and Conditions**”). Capitalised terms used in this Master Programme Memorandum are defined in Schedule 1 to Section II of this Master Programme Memorandum (the “**Glossary of Terms**”), unless such meaning is amended by an Applicable Product Supplement or an Applicable Pricing Supplement in relation to a particular Series or Tranche of Notes or unless the context otherwise requires. Expressions defined in the Glossary of Terms shall bear the same meanings in supplements to this Master Programme Memorandum unless otherwise defined in such supplements.

This Master Programme Memorandum will apply to the Notes issued under the Master Structured Note Programme in an aggregate outstanding Nominal Amount which will not exceed the authorised amount of ZAR40,000,000,000, unless such amount is increased by the Issuer as set out in Section I-B of this Master Programme Memorandum headed “*General Description of the Master Structured Note Programme*”.

Notes will be issued in individual Tranches. Tranches may, together with other Tranches, form a Series of Notes. A Tranche or Series of Notes will be issued on, and subject to, the Terms and Conditions, as replaced, amended and/or supplemented by the terms and conditions of that Tranche or Series of Notes set out in the Applicable Product Supplement and/or Applicable Pricing Supplement. Any other type of Notes not already provided for in this Master Programme Memorandum may be issued on, and subject to, the Terms and Conditions, as replaced, amended and/or supplemented by the terms and conditions of that Tranche or Series of other Notes set out in the Applicable Product Supplement and/or the Applicable Pricing Supplement.

This Master Programme Memorandum has been approved by the Luxembourg Stock Exchange (the “**Lux SE**”) for approval of this Master Programme Memorandum in connection with the admission to the Official List of the Luxembourg Stock Exchange and to trading on the Luxembourg Stock

Exchange's Euro MTF (the "**Euro MTF**") of Notes issued by the Issuer on the Official List of the Luxembourg Stock Exchange's Euro MTF. The Euro MTF is not a regulated market for the purposes of Directive 2014/65/EU of the European Parliament and of the Council on markets in financial instruments. This Master Programme Memorandum is being produced solely for the purposes of such approval and listing. This Master Programme Memorandum constitutes a prospectus for purposes of Part IV of the Luxembourg law on prospectuses for securities dated 16 July 2019.

The settlement and redemption procedures for a Tranche of Notes listed on any Financial Exchange (other than or in addition to the Lux SE) will be specified in the Applicable Product Supplement and/or the Applicable Pricing Supplement. See otherwise Section IV-B "*Settlement, Clearing and Transfer of Notes*". The Issuer is solely responsible for settlement of all Notes, and neither the Lux SE nor any other exchange bears any responsibility whatsoever.

Save as set out herein, the Notes will not be subject to any minimum or maximum maturity.

Notes may be issued on a continuing basis and be placed by one or more of the Dealers specified in the Terms and Conditions of the Notes and any additional Dealer appointed under the Master Structured Note Programme from time to time by the Issuer, which appointment may be for a specific issue or on an on-going basis. References in this Master Programme Memorandum to the "relevant Dealer" shall, in the case of Notes being (or intended to be) placed by more than one Dealer, be to all Dealers agreeing to place such Notes.

The attention of investors contemplating investing in the Notes is drawn to Section I-E of this Master Programme Memorandum headed "Risk Factors" and the "Risk Factors" section in each Applicable Product Supplement for a discussion of certain factors that should be carefully considered by prospective investors in connection with an investment in the Notes.

This Master Structured Note Programme has, as at the date of this Master Programme Memorandum, not been rated; however, the Issuer may at any time obtain a Rating from a Rating Agency for the Master Structured Note Programme or any issue of Notes issued pursuant to the terms of this Master Structured Note Programme. The Applicable Pricing Supplement will reflect the Rating, if any, which has been assigned to the Master Structured Note Programme and/or a Tranche of Notes, as the case may be, as well as the Rating Agency which assigned such Rating.

The Issuer may agree with any Dealer that Notes may be issued in a form not yet provided for by the Terms and Conditions of the Notes herein, in which event a supplementary Master Programme Memorandum, if appropriate, will be made available, which will describe the effect of the agreement reached in relation to such Notes.

A rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any time by the assigning rating organisation. Each of Moody's Investors Service Ltd., Fitch Ratings Limited and Standard & Poor's Credit Market Services Europe Limited are established in the European Union (the "**EU**"), domiciled in the United Kingdom, and are included in the list of credit rating agencies registered in accordance with Regulation (EC) No. 1060/2009 on Credit Rating Agencies as amended by Regulation (EU) No. 513/2011 (the "**CRA Regulation**"). The Issuer, having made all reasonable enquiries, confirms that this Master Programme Memorandum contains or incorporates all information which is material in the context of the issue and the offering of Notes, that the information contained or incorporated in this Master Programme Memorandum is true and accurate in all material respects and is not misleading, that the opinions and the intentions expressed in this Master Programme Memorandum are honestly held and that there are no other facts, the omission of which would make this Master Programme Memorandum or any of such information or expression of any such opinions or intentions false or misleading in any material respect.

This document is to be read and construed with any amendment or supplement thereto (this document, as amended, replaced or supplemented, the “**Master Programme Memorandum**”), and in conjunction with any other documents which are deemed to be incorporated herein by reference (see Section I-A of this Master Programme Memorandum headed “*Documents Incorporated by Reference*”) and, in relation to any Tranche of Notes, should be read and construed together with the Applicable Product Supplement and/or the Applicable Pricing Supplement. This Master Programme Memorandum shall be read and construed on the basis that such documents are incorporated into and are deemed to form part of this Master Programme Memorandum.

None of the Arranger, the Dealers, the Lux SE nor any of their respective affiliates and/or other professional advisers named herein have separately verified the information contained herein. Accordingly, no representation, warranty or undertaking, express or implied, is made and no

responsibility is accepted by the Arranger, the Dealers, the Lux SE or any of their respective affiliates and/or other professional advisers as to the accuracy or completeness of the information contained in this Master Programme Memorandum or any other information provided by the Issuer. None of the Arranger, the Dealers, the Lux SE nor any of their respective affiliates and/or other professional advisers accept any liability in relation to the information contained in this Master Programme Memorandum or any other information provided by the Issuer in connection with the Master Structured Note Programme.

No person has been authorised by the Issuer to give any information or to make any representation not contained in or not consistent with this Master Programme Memorandum or any other document entered into in relation to the Master Structured Note Programme or any other information supplied by the Issuer in connection with the Master Structured Note Programme or any other documents which are deemed to be incorporated herein by reference and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer, the Arranger, the Dealers, the Lux SE, nor any of their agents or employees or other professional advisers.

Neither this Master Programme Memorandum nor any other information supplied in connection with the Master Structured Note Programme is intended to provide a basis for any credit or other evaluation, or should be considered as a recommendation by the Issuer, the Arranger or any of the Dealers that any recipient of this Master Programme Memorandum or any other information supplied in connection with the Master Structured Note Programme should subscribe for, or purchase, any Notes.

Each person contemplating the subscription for, or purchase of, any Notes should determine for itself the relevance of the information contained in this Master Programme Memorandum and should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the Issuer and its subscription for, or purchase of, Notes should be based upon any such investigation as it deems necessary. None of this Master Programme Memorandum, any Applicable Product Supplement, the Applicable Pricing Supplement nor any other information supplied in connection with the Master Structured Note Programme constitutes an offer to sell or the solicitation of an offer to buy or invitation by or on behalf of the Issuer, the Arranger, or any of the Dealers to any person to subscribe for or to purchase any Notes.

Neither the delivery of this Master Programme Memorandum, any Applicable Product Supplement or any Applicable Pricing Supplement, nor the offering, sale or delivery of any Note shall at any time imply that the information contained herein is correct at any time subsequent to the date hereof or that any other financial statements or other information supplied in connection with the Master Structured Note Programme is correct as at any time subsequent to the date indicated in the document containing the same. The Arranger and the Dealers expressly do not undertake to review

the financial condition or affairs of the Issuer during the life of the Master Structured Note Programme. Investors should review, *inter alia*, the most recent financial statements, if any, of the Issuer when deciding whether or not to subscribe for, or purchase, any Notes.

This Master Structured Note Programme does not constitute an offer to sell or the solicitation of an offer to buy any Notes in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction.

The distribution of this Master Structured Note Programme and the offer or sale of Notes may be restricted by law in certain jurisdictions. Persons into whose possession this Programme Memorandum or any Notes come must inform themselves about, and observe, any such restrictions. In particular, there are restrictions on the distribution of this Master Structured Note Programme and the offer or sale of Notes in the United States of America (also referred to in this Programme Memorandum as the “United States”), the United Kingdom, the Republic of South Africa (also referred to in this Programme Memorandum as “South Africa”) and certain other jurisdictions (see Section IV-C headed “*Subscription and Sale*”). None of the Issuer, the Arranger or the Dealers represents that this Master Structured Note Programme may be lawfully distributed, or that any Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available there under, nor does it assume any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the Issuer, the Arranger or the Dealers which would permit a public offering of any Notes or distribution of this document in any jurisdiction where action for that purpose is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither this Master Structured Note Programme nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable law and regulations.

The Notes have not been and will not be registered under the United States Securities Act. Notes may not be offered, sold or delivered within the United States or to U.S. persons except in accordance with Regulation S under the United States Securities Act.

This Programme Memorandum has been prepared on the basis that any offer of Notes in any Member State of the European Economic Area (the “EEA”) (each, a “Relevant Member State”) will be made pursuant to an exemption under Regulation (EU) 2017/1129 (the “Prospectus Regulation”), as implemented in that Relevant Member State, from the requirement to publish a prospectus for offers of Notes. Accordingly, any person making or intending to make an offer in that Relevant Member State of Notes which are the subject of an offering contemplated in this Programme Memorandum as completed by an Applicable Pricing Supplement in

relation to the offer of those Notes may only do so in circumstances in which no obligation arises for the Issuer or the Dealers to publish or supplement a prospectus pursuant to Article 3 of the Prospectus Regulation in relation to such offer. The Issuer and Dealer has not authorised, nor do they authorise, the making of any offer of Notes in circumstances in which an obligation arises for the Issuer to publish a prospectus in the EEA or in any other jurisdiction.

The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a retail investor means a person who is one (or more) of (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as may be amended or replaced from time to time, "MiFID II"); (ii) a customer within the meaning of Directive (EU) 2016/97 (the "Insurance Distribution Directive"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Prospectus Regulation. Consequently no key information document required by Regulation (EU) No 1286/2014 (as may be amended or replaced from time to time, the "PRIIPs Regulation") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

In connection with the issue and distribution of any Notes under the Master Structured Note Programme, the Dealer, if any, that is specified in the Applicable Pricing Supplement as the stabilising manager (or any person acting for the stabilising manager) may, if specified in that Applicable Pricing Supplement and only if such stabilising is permitted by the applicable laws and agreed with the Lux SE, over-allot or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail for a limited period. However, there may be no obligation on the stabilising manager (or any agent of the stabilising manager) to do this. Such stabilising, if commenced, may be discontinued at any time and must be brought to an end after a limited period. Such stabilising shall be in compliance with all applicable laws, regulations and rules.

The price/yield, amount and allocation of Notes to be issued under this Master Structured Note Programme will be determined by the Issuer at the time of issue, in accordance with the prevailing market conditions.

FORWARD-LOOKING STATEMENTS

Certain statements in this Master Structured Note Programme, including the documents incorporated by reference herein, are forward-looking statements. These statements can be identified by the fact

that they do not relate strictly to historical or current facts. Forward-looking statements often use words such as “anticipate”, “target”, “expect”, “estimate”, “intend”, “plan”, “goal”, “believe”, or other words of similar meaning. Forward-looking statements provide the Issuer’s current expectations or forecasts of future events, circumstances, results or aspirations. In addition, the Issuer’s senior management may make forward-looking statements orally to analysts, investors, representatives of the media and others.

All forward-looking statements are, by their nature, subject to risks and uncertainties, many of which are beyond the Issuer’s control. The Issuer’s actual future results may differ materially from those set forth in its forward-looking statements.

Any forward-looking statements made by or on behalf of the Issuer speak only as of the date they are made and the Issuer does not undertake to update forward-looking statements to reflect the impact of circumstances or events that arise after the date the forward-looking statements were made.

SECTION I-B: GENERAL DESCRIPTION OF THE MASTER STRUCTURED NOTE PROGRAMME

Capitalised terms used in this Section I-B headed “General Description of the Master Structured Note Programme” shall bear the same meanings as used in the Glossary of Terms, except to the extent that such meanings would be clearly inappropriate from the context.

The Issuer may from time to time issue one or more Tranches of Notes under the Master Structured Note Programme, pursuant to this Master Programme Memorandum, provided that the aggregate outstanding Nominal Amount of all of the Notes issued under the Master Structured Note Programme from time to time does not exceed the Programme Amount.

A Tranche of Listed Notes may be listed on the Euro MTF or such other or additional Financial Exchange(s) as may be determined by the Issuer, subject to applicable laws. Unlisted Notes may also be issued under the Master Structured Note Programme but will not be regulated by the Lux SE. The Applicable Product Supplement and/or the Applicable Pricing Supplement will specify whether or not a Tranche of Notes will be listed and, if so, on which Financial Exchange.

This Master Programme Memorandum and any supplement will only be valid for the issue of Notes in an aggregate Nominal Amount which, when added to the aggregate Nominal Amount then outstanding of all the Notes previously or simultaneously issued under the Master Structured Note Programme, does not exceed the authorised Programme amount of ZAR40,000,000,000 or its equivalent in other currencies. For the purpose of calculating the South African Rand equivalent of the aggregate Nominal Amount of the Notes issued under the Master Structured Note Programme from time to time, the South African Rand equivalent of the Notes denominated in another Issuance Currency (as specified in the Applicable Pricing Supplement) shall be determined as of the Agreement Date on the basis of the Conversion Rate and in respect of:

- (a) Zero Coupon Notes and other Notes, the Conversion Rate shall be applied to the net subscription proceeds received by the Issuer for the relevant issue; and
- (b) Partly Paid Notes and Index Linked Notes, the Conversion Rate shall be applied to the Nominal Amount regardless of the amount paid up on such Notes.

From time to time the Issuer may wish to increase the Programme Amount. Subject to the Applicable Procedures, all applicable laws and the Programme Agreement, the Issuer may, without the consent of Noteholders, increase the Programme Amount by delivering a notice thereof (i) to the Noteholders in accordance with Condition 15 (*Notices*) of the Terms and Conditions, (ii) the Arranger and the Dealer(s) (if any) and (iii) the relevant Financial Exchange (if required). Upon such notice being given and the conditions set out in the Programme Agreement, if any, to the exercise of this right having

been met, all references in this Master Programme Memorandum (and each agreement, deed or document relating to the Master Structured Note Programme and/or this Master Programme Memorandum) to the Programme Amount will be, and will be deemed to be, references to the increased Programme Amount set out in such notice.

Investing in the Notes involves certain risk (see Section I-E of this Master Programme headed “*Risk Factors*”).

Any other or additional restrictions which are applicable and which may be required to be met in relation to an offering or sale of a particular Tranche of Notes will be included in the Applicable Product Supplement and/or Applicable Pricing Supplement. Persons who come into possession of this Master Programme Memorandum and/or any Applicable Product Supplement and/or any Applicable Pricing Supplement must inform themselves about and observe all applicable selling restrictions.

The Notes represent general, unsecured, unsubordinated, contractual obligations of the Issuer and rank *pari passu* in all respects with each other, all as described in Condition 5 (*Status of Notes*), the Applicable Product Supplement and/or the Applicable Pricing Supplement.

Taxation

A summary of the applicable tax legislation in respect of the Notes, as at the Programme Date, is set out in the section of this Programme Memorandum headed “*South African Taxation*”. The summary does not constitute tax advice. Potential investors in the Notes should consult their own professional advisers as to the potential tax consequences of, and their tax positions in respect of, an investment in the Notes.

Terms and Conditions

The Terms and Conditions of the Notes are set out in the section of this Master Programme Memorandum headed “*Terms and Conditions of the Notes*”.

To the extent that the Issuer issues a type of Note that is provided for in this Master Programme Memorandum, certain supplemental terms and conditions applicable to such Notes will be contained in the Applicable Pricing Supplement. The Applicable Pricing Supplement for each Tranche of Notes is incorporated herein for the purposes of

such Tranche and supplements the Terms and Conditions of the Notes.

To the extent that the Issuer issues a type of Note that is not already provided for in this Master Programme Memorandum, certain supplemental terms and conditions applicable to such Notes will be contained in the relevant Applicable Product Supplement, which Applicable Product Supplement may contain its own pro forma Applicable Pricing Supplement. For the purposes of such Notes, the Applicable Product Supplement and the relevant Applicable Pricing Supplement for such Notes are incorporated herein and supplements the Terms and Conditions of the Notes.

Rating

The Master Structured Note Programme is not rated. A Series or Tranche of Notes may, on or before the Issue Date, be rated by a Rating Agency on a national scale or international scale basis. Unrated Series and/or Tranches of Notes may also be issued. A Rating of a Series or a Tranche of Notes is not a recommendation to subscribe for, buy, sell or hold any Notes, and may be subject to revision, suspension or withdrawal at any time by the Rating Agency.

SECTION I-D: FORM OF THE NOTES

Capitalised Terms used in this Section I-D of this Master Programme Memorandum headed “Form of the Notes” shall bear the same meanings as used in the Glossary of Terms, except to the extent that such meanings would be clearly inappropriate from the context.

A Tranche of Notes may be issued in the form of Listed Notes or Unlisted Notes as specified in an Applicable Product Supplement or the Applicable Pricing Supplement.

The Notes of each Series will be in either bearer form, with or without interest coupons attached, or registered form, without interest coupons attached.

Bearer Notes

Each Tranche of Notes in bearer form (“**Bearer Notes**”) will initially be in the form of either a temporary global note in bearer form (the “**Temporary Global Note**”), without interest coupons, or a permanent global note in bearer form (the “**Permanent Global Note**”), without interest coupons, in each case as specified in the relevant Applicable Pricing Supplement. Each Temporary Global Note or, as the case may be, Permanent Global Note (each a “**Global Note**”) will be deposited on or around the issue date of the relevant Tranche of the Notes with a depositary or a common depositary for Euroclear Bank S.A./N.V. as operator of the Euroclear System (“**Euroclear**”) and/or Clearstream Banking, S.A., Luxembourg (“**Clearstream, Luxembourg**”) and registered in the name of a nominee for Euroclear and Clearstream, Luxembourg.

In the case of each Tranche of Bearer Notes, the Applicable Pricing Supplement will also specify whether United States Treasury Regulation §1.163-5(c)(2)(i)(C) (the “**TEFRA C Rules**”) or United States Treasury Regulation §1.163-5(c)(2)(i)(D) (the “**TEFRA D Rules**”) are applicable in relation to the Notes or, if the Notes do not have a maturity of more than 365 days, that neither the TEFRA C Rules nor the TEFRA D Rules are applicable.

Temporary Global Note exchangeable for Permanent Global Note

If the Applicable Pricing Supplement specifies the form of Notes as being “*Temporary Global Note exchangeable for a Permanent Global Note*”, then the Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole or in part, for interests in a Permanent Global Note, without interest coupons, not earlier than 40 days after the issue date of the relevant Tranche of the Notes upon certification as to non-U.S. beneficial ownership. No payments will be made under the Temporary Global Note unless exchange for interests in the Permanent Global Note is improperly

withheld or refused. In addition, interest payments in respect of the Notes cannot be collected without such certification of non-U.S. beneficial ownership.

Whenever any interest in the Temporary Global Note is to be exchanged for an interest in a Permanent Global Note, the Issuer shall procure (in the case of first exchange) the delivery of a Permanent Global Note to the bearer of the Temporary Global Note or (in the case of any subsequent exchange) an increase in the principal amount of the Permanent Global Note in accordance with its terms against:

- (i) presentation and (in the case of final exchange) presentation and surrender of the Temporary Global Note to or to the order of the Paying Agent; and
- (ii) receipt by the Paying Agent of a certificate or certificates of non-U.S. beneficial ownership.

The principal amount of Notes represented by the Permanent Global Note shall be equal to the aggregate of the principal amounts specified in the certificates of non-U.S. beneficial ownership provided, however, that in no circumstances shall the principal amount of Notes represented by the Permanent Global Note exceed the initial principal amount of Notes represented by the Temporary Global Note.

The Permanent Global Note will be exchanged in whole but not in part for Definitive Notes if:

- (i) any Note of the relevant Series becomes immediately redeemable following the occurrence of an Event of Default in relation thereto; or
- (ii) Euroclear or Clearstream, Luxembourg is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention to cease business permanently or in fact does so,

(each an “**Exchange Event**”) at the cost and expense of the Issuer.

In order to exercise the option contained in paragraph (i) of the preceding sentence, the bearer hereof must, not less than 45 days before the date upon which the delivery of such Definitive Notes is required, deposit the Permanent Global Note with the Paying Agent at its specified office with the form of exchange notice endorsed hereon duly completed. Any Definitive Notes will be made available for collection by the persons entitled thereto at the specified office of the Paying Agent.

Rights under Deed of Covenant

Under the Deed of Covenant, persons shown in the records of Euroclear and/or Clearstream, Luxembourg as being entitled to an interest in a Temporary Global Note or a Permanent Global Note which becomes void will acquire directly against the Issuer all those rights to which they would have

been entitled if, immediately before the Temporary Global Note or Permanent Global Note became void, they had been the holders of Definitive Notes in an aggregate principal amount equal to the principal amount of Notes they were shown as holding in the records of Euroclear and/or Clearstream, Luxembourg.

Terms and Conditions applicable to the Bearer Notes

The terms and conditions applicable to any Definitive Note will be endorsed on that Note and will consist of the terms and conditions set out under “*Terms and Conditions of the Notes*” below and the provisions of the relevant Applicable Pricing Supplement which complete those terms and conditions.

The terms and conditions applicable to any Note in global form will differ from those terms and conditions which would apply to the Note were it in definitive form.

Registered Notes

Each Tranche of Registered Notes will be in the form of either Registered Note Certificate in registered form (“**Registered Note Certificates**”) or a global Note in registered form (a “**Registered Global Note**”), in each case as specified in the relevant Applicable Pricing Supplement. Each Registered Global Note will be deposited on or around the relevant issue date with a depositary or a common depositary for Euroclear and/or Clearstream, Luxembourg and registered in the name of a nominee for Euroclear and/or Clearstream, Luxembourg and will be exchangeable for Registered Note Certificates in accordance with its terms.

If the relevant Applicable Pricing Supplement specifies the form of Notes as being “*Registered Note Certificates*”, then the Notes will at all times be in the form of Registered Note Certificates issued to each Noteholder in respect of their respective holdings.

If the relevant Applicable Pricing Supplement specifies the form of Notes as being “*Registered Global Note exchangeable for Registered Note Certificates*”, then Registered Global Note will be exchanged in whole but not in part for Registered Note Certificates if:

- (i) any Note of the relevant Series becomes immediately redeemable following the occurrence of an Event of Default in relation thereto; or
- (ii) Euroclear or Clearstream, Luxembourg is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention to cease business permanently or in fact does so.

(each an “**Exchange Event**”) at the cost and expense of the Issuer.

Any Registered Note Certificates will be made available for collection by the persons entitled thereto at the specified office of the Paying Agent.

Whenever the Registered Global Note is to be exchanged for Registered Note Certificates, the Issuer shall procure the prompt delivery of an equal aggregate principal amount of duly executed and authenticated Registered Note Certificates, registered in such names as the Paying Agent shall specify, to the Transfer Agent/Registrar (and in any event within five business days (as defined below) of receipt by the Transfer Agent/Registrar of the Registered Global Note and any further information required to complete, authenticate and deliver such Registered Note Certificates) against the surrender by Euroclear and/or Clearstream, Luxembourg or a common depository of Euroclear and/or Clearstream, Luxembourg of the Global Note at the specified office of the Paying Agent, all in accordance with the provisions of the Agency Agreement and the Conditions. In this paragraph, “**business day**” means a day (other than a Saturday or Sunday) on which commercial banks are open for business (including dealings in foreign currencies) in the cities in which the Paying Agent has its specified office.

Payments of principal, interest and any other amount in respect of the Registered Global Notes will, in the absence of provision to the contrary, be made to the person shown on the Register (as the registered holder of the Registered Global Notes. None of the Issuer, any Paying Agent or the Transfer Agent/Registrar will have any responsibility or liability for any aspect of the records relating to or payments or deliveries made on account of beneficial ownership interests in the Registered Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Payments of principal, interest or any other amount in respect of the Registered Note Certificates will, in the absence or provision to the contrary, be made to the persons shown on the Register on the relevant Record Date (as defined in Condition 7.3.5 (*Record Date*)) immediately preceding the due date for payment in the manner provided in that Condition.

Terms and Conditions applicable to the Registered Notes

The terms and conditions applicable to any Registered Note Certificate will be endorsed on that Registered Note Certificate and will consist of the terms and conditions set out under “*Terms and Conditions of the Notes*” below and the provisions of the Applicable Pricing Supplement which complete those terms and conditions.

The terms and conditions applicable to any Registered Global Note will differ from those terms and conditions which would apply to the Note were it in individual form.

Rights under Deed of Covenant

Under the Deed of Covenant, persons shown in the records of Euroclear and/or Clearstream, Luxembourg as being entitled to an interest in a Registered Global Note which becomes void will acquire directly against the Issuer all those rights to which they would have been entitled if, immediately before the Registered Global Note became void, they had been the holders of Registered Note Certificates in an aggregate principal amount equal to the principal amount of Notes they were shown as holding in the records of Euroclear and/or Clearstream, Luxembourg.

SECTION I-E: RISK FACTORS

Capitalised Terms used in this Section I-E entitled “Risk Factors” shall bear the same meanings as used in the Terms and Conditions, except to the extent that they are separately defined in this section or this is clearly inappropriate from the context.

The Issuer believes that the factors described below, as read with Section V of this Master Programme Memorandum entitled “Description of Absa Bank Limited”, which are not set out in any particular order, represent key risks inherent in investing in the Notes, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons which may not be considered significant risks by the Issuer based on information currently available to it, or which it may not currently be able to anticipate. Some risks are not yet known and some that are not currently deemed material could later turn out to be material. Accordingly, the Issuer does not represent or warrant that the statements below regarding the risks of holding of any Notes are exhaustive. This section should be read in conjunction with, and is qualified in its entirety by, the detailed information contained elsewhere in this Master Programme Memorandum and, in relation to any Series or Tranche of Notes, an Applicable Product Supplement and/or the Applicable Pricing Supplement.

Prospective purchasers of the Notes should ensure that they fully understand the nature of the Notes and the extent of their exposure to risks, and that they consider the suitability of the Notes as an investment in the light of their own circumstances and financial position.

The Notes involve a high degree of risk, including the risk of losing some or a significant part of their initial investment. Potential investors should be prepared to sustain a total loss of their investment in the Notes. The Notes represent general, unsecured, unsubordinated, contractual obligations of the Issuer and rank pari passu in all respects with each other.

Purchasers are reminded that the Notes constitute obligations of the Issuer only and of no other person. Therefore, potential purchasers should understand that they are relying on the credit worthiness of the Issuer.

All of these risks could materially affect the Issuer, its reputation, business, results of its operations and overall financial condition.

The information set out below is therefore not intended as advice and does not purport to describe all of the considerations that may be relevant to a prospective investor.

Investors contemplating making an investment in the Notes should determine their own investment objectives and experience, and any other factors which may be relevant to them in connection with such investment.

RISKS ASSOCIATED WITH THE NOTES

1. RISKS RELATING TO THE ISSUER OR ITS BUSINESS

For further information on risks facing the Issuer's business, and the measures in place to mitigate these risks, please refer to Section V of this Master Programme Memorandum headed "*Description of Absa Bank Limited*" under paragraph titled "*Risk*" on page 166 of the Programme Memorandum.

2. RISKS RELATING TO THE ISSUER'S INDUSTRY

For further information on risks relating to the Issuer's industry, see the Issuer's annual report incorporated herein by reference and Section V of this Master Programme Memorandum headed "*Description of Absa Bank Limited*".

3. FACTORS THAT MAY AFFECT THE ISSUER'S ABILITY TO FULFIL ITS OBLIGATIONS UNDER NOTES ISSUED UNDER THE PROGRAMME

3.1. The Issuer's financial performance is subject to inherent risks concerning borrower credit

The Issuer's businesses are subject to inherent risks regarding borrower credit quality and the recoverability of loans and amounts due from counterparties. Changes in the credit quality of the Issuer's borrowers and counterparties or arising from systemic risk in the financial systems could reduce the value of the Issuer's assets, and require increased provisions for bad and doubtful debts. In addition, changes in economic conditions may result in deterioration in the value of security held against lending exposures and increase the risk of loss in the event of borrower default. The Issuer has established credit quality management policies and actively monitors credit exposure on an on-going basis to mitigate such risks.

3.2. The Issuer's businesses are inherently subject to the risk of market fluctuations

The Issuer's businesses are inherently subject to the risk of market fluctuations. In particular, the Issuer's activities are subject to interest rate risks and may in some cases also be subject to foreign exchange, bond and equity price risks. Changes in interest rate levels, yield curves and spreads may affect the interest rate margin realised between lending and borrowing costs. The performance of financial markets may cause changes in the value of the Issuer's investment and trading portfolios. The Issuer has implemented risk management methods to mitigate and control these and other market risks to which the Issuer is exposed. However, it is difficult to predict with

accuracy changes in economic or market conditions and to anticipate the effects that such changes could have on the Issuer's financial performance.

3.3. The Issuer's business may be exposed to the adverse effects of operational risks

The Issuer's businesses are subject to operational risk, and losses can result from inadequate or failed internal processes, documentation, people, systems, fraud, equipment failures, natural disasters or the failure of external systems, including those of the Issuer's suppliers and counterparties. The Issuer's systems, processes and internal controls are designed to ensure that the operational risks associated with its activities are appropriately monitored and controlled. In addition, business resumption and disaster recovery processes have been implemented to mitigate operational risks inherent in the Issuer's business.

3.4. Liquidity risk may impair the Issuer's ability to adequately fund its operations

Ready access to funds is essential to any banking business, including those operated by the Issuer. An inability on the part of the Issuer to access funds or to access the markets from which it raises funds may lead to the Issuer being unable to finance its operations adequately, which in turn could adversely affect its results of operations and financial condition. In particular, the Issuer takes deposits with maturities which are shorter than the loans it makes. This exposes the Issuer to the risk that depositors could withdraw their funds at a rate faster than the rate at which borrowers repay their loans, thus causing liquidity strains. Additionally, the Issuer's ability to raise or access funds may be impaired by factors that are not specific to it, such as general market conditions, severe disruption of the financial markets or negative views about the prospects for the industries or regions in which the Issuer operates. In addition, the Issuer's borrowing costs and access to funds may be adversely affected by any reduction in its credit rating, and no assurance can be given that any rating agency will not at some time in the future reduce such credit ratings. The Issuer has developed and implemented risk management policies, procedures and processes designed to reduce this risk through active monitoring and reporting of its liquidity position.

The Issuer, in common with other banks in South Africa, is very reliant on wholesale funding rather than retail deposits, due to the low savings rate within South Africa. Although the Issuer believes that its level of access to domestic and international inter-bank and capital markets and its liquidity risk management policy allow and will continue to allow the Issuer to meet its short-term and long-term liquidity needs, any maturity mismatches may have a material adverse effect on its financial condition and

results of operations. Furthermore, there can be no assurance that the Issuer will be successful in obtaining additional sources of funds on acceptable terms or at all.

3.5. The Issuer's risk management policies and procedures may not have identified or anticipated all potential risk exposures

The Issuer has devoted significant resources to developing its risk management policies and procedures, particularly in connection with credit, market, liquidity, interest rate and operational risks, and expects to continue to do so in the future. Nonetheless, its risk management techniques may not be fully effective in mitigating its risk exposure in all market environments or against all types of risk, including risks that are unidentified or unanticipated. Some of the Issuer's methods of managing risk are based upon its use of observed historical market behaviour. As a result, these methods may not predict future risk exposures, which could be greater than historical measures indicate. Other risk management methods depend upon evaluation of information regarding the markets in which the Issuer operates, its clients or other matters that are publicly available or otherwise accessible by the Issuer. This information may not be accurate in all cases, complete, up-to-date or properly evaluated. Any failure arising out of the Issuer's risk management techniques may have an adverse effect on its results of operations and financial condition.

3.6. The financial services industry in which the Issuer operates is competitive

The financial services industry in which the Issuer's businesses operate is highly competitive. The Issuer competes on the basis of a number of factors, including customer services and quality, transaction execution, its products and services, innovation, reputation and price. New competitors, including companies other than banks, may disintermediate the market thus impacting market share. Many of the banks operating in the Issuer's markets compete for substantially the same customers as the Issuer. An increase in competition in some or all of the Issuer's principal markets may have an adverse effect on its financial condition and results of operations.

3.7. Concentration Risk

The Issuer's business is significantly focused on the South African markets and therefore faces a geographic concentration risk. Any adverse changes affecting the South African economy are likely to have an adverse impact on the Issuer's loan portfolio and, as a result, on its financial condition and results of its operations.

3.8. The Issuer may be unable to recruit, retain and motivate key personnel

The Issuer's performance is dependent on the talents and efforts of key personnel, some of whom may have been employed by the Issuer for a substantial period of time and have developed with the business. The Issuer's continued ability to compete effectively and further develop its businesses also depends on its ability to attract new employees. In relation to the development and training of new staff, the Issuer is reliant on the continued development of the educational sector within South Africa, including access to facilities and educational programmes by its future employees. The Issuer has implemented programmes, for example its Graduate Programme, to attract new employees and equip them with appropriate skills.

3.9. Terrorist acts and other acts of war could have a negative impact on the business

Terrorist acts, and other acts of war or hostility and responses to those acts, may create economic and political uncertainties, which could have a negative impact on South Africa, and international economic conditions generally, and more specifically on the business and results of operations of the Issuer in ways that cannot be predicted.

3.10. The Issuer is subject to capital requirements that could limit its operations

The Issuer is subject to capital adequacy guidelines adopted by the South African Reserve Bank, which provide for a minimum target ratio of capital to risk-adjusted assets. Any failure by the Issuer to maintain its ratios may result in sanctions against the Issuer which may in turn impact on its ability to fulfil its obligations under the Notes. (See the subheading "*Regulatory Environment*" in Section V of this Master Programme Memorandum headed "*Description of Absa Bank Limited*", and clause 3.11 (*Basel III*) below for a description of the measures the Issuer has put in place in order to comply with Basel III).

3.11. Basel III

The amended Regulations relating to Banks (as further amended on 20 May 2016) (the "**Regulations Relating to Banks**") effective 1 January 2013 are based on the Basel III framework and provide the minimum risk based capital ratios. The SARB minimum ratios will be phased in for the period 2013 to 2019 in line with Basel III requirements. The minimum CET 1 ratio for 2017 was 7.25% increasing to 7.375% in 2018 and to 7.5% in 2019. The minimum tier 1 ratio for 2017 was 8.5% increasing to 8.875% in 2018 and to 9.25% in 2019. The minimum total capital adequacy ratio for 2017 was 10.75% increasing to 11.125% in 2018 and to 11.5% in 2019. These

minimum regulatory capital requirements include the capital conservation buffer but exclude the bank-specific individual capital requirement (“**Pillar 2b add-on**”) and the Domestic Systemically Important Bank (“**D-SIB**”) add-on.

The Basel III capital buffers will make it more challenging for banks to comply with minimum capital ratios in future. Failure by the Issuer to meet certain of these buffers, for example the capital conservation and counter-cyclicality buffers could result in restrictions being placed on distributions, including dividends, share buybacks and discretionary payments and any failure by the Issuer to maintain its capital ratios may result in action taken in respect of the Issuer which may in turn impact on its ability to fulfil its obligations under the Notes. Prospective investors in the Notes should consult their own advisers as to the consequences for them of the potential application of the Basel III framework.

In addition, Basel III prescribes two minimum liquidity standards for funding liquidity. The first is the liquidity coverage ratio (“**LCR**”) which became effective on 1 January 2015 and aims to ensure that banks maintain an adequate level of high-quality liquid assets to meet liquidity needs for a 30 (thirty) calendar day period under a severe stress scenario. The second is the Net Stable Funding Ratio (“**NSFR**”), which became effective 1 January 2018, and aims to promote medium and long-term funding of banks’ assets and activities.

South Africa, as a G20 and Basel Committee on Banking Supervision (“**Basel Committee**”) member country, commenced the phasing-in of the Basel III framework on 1 January 2013 and will continue to implement the accord up to 1 January 2019 in line with timelines determined by the Basel Committee. The Issuer reported a three month average LCR of 107.5% as at 31 December 2017, exceeding the SARB’s 2017 minimum phase-in requirement of 80%.

The SARB has approved the 2018 committed liquidity facility (“**CLF**”) which will be available to banks to assist banks to meet the LCR. The SARB’s approach to the CLF is detailed in, inter alia, Guidance Note 6 of 2016 (Provision of a committed liquidity facility by the SARB).

Given the structural funding profile of South Africa’s financial sector, the South African banking sector (including the Issuer), based on the current funding profile, was expected to experience difficulty in complying with the Basel III NSFR requirement.

3.12. Brexit – The United Kingdom’s exit from the European Union

The result of the UK referendum on its withdrawal from the European Union may have a negative effect on economic conditions, financial markets and materially adversely affect the Issuer’s business, results of operations and financial condition.

On 23 June 2016, a majority of voters in the United Kingdom opted to withdraw from the European Union in a national referendum and on 29 March 2017, the UK Government formally initiated the withdrawal process (“**Brexit**”). The terms of withdrawal are subject to an ongoing negotiation period. The outcome of the referendum and the terms of withdrawal have created significant uncertainty about the future relationship between the United Kingdom and the European Union, and has given rise to calls for certain regions within the United Kingdom to preserve their place in the European Union by separating from the United Kingdom.

Depending on the final terms of Brexit, the United Kingdom could lose access to the single European Union market, which could result, among other things, in the disruption of the free movement of goods, services and people between the United Kingdom and the European Union, undermine bilateral cooperation in key geographic areas and significantly disrupt trade between the United Kingdom and the European Union or other nations as the United Kingdom pursues independent trade relations. This could have an impact on the general and economic conditions in the United Kingdom, which may adversely affect financial markets and the Issuer.

Until the terms of Brexit become clear, it is not possible to determine the impact Brexit may have on financial markets and the Issuer’s business. The potential impacts, if any, of the uncertainty of Brexit or the resulting terms of the withdrawal from the European Union on customer behaviour, labour availability in the United Kingdom, economic conditions, interest rates, exchange rates, availability of capital or other matters is unclear. Examples of the impact Brexit could have on financial markets and the Issuer’s business, financial condition or results of operations include:

- 3.12.1. uncertainty as to the terms of the United Kingdom’s withdrawal from, and future relationship with, the European Union in terms of the impact on the free movement of employees, services and capital;
- 3.12.2. changes in foreign currency exchange rates and disruption in the capital markets;

3.12.3. legal uncertainty and potentially divergent national laws and regulations as the United Kingdom determines which EU laws and directives to replace or replicate, or where previously implemented by enactment of UK laws or regulations, to retain, amend or repeal; and

3.12.4. various geopolitical forces may impact the global economy and the Issuer's business, including, for example, other EU member states proposing referendums to, or electing to, exit the European Union.

The announcement of the Brexit referendum result led to the weakening of the pound sterling against the US dollar, the euro and other major currencies.

Any of the aforementioned effects of Brexit, and others that we cannot anticipate, could adversely impact financial markets and the Issuer's business, results of operations and financial condition.

3.13. The Issuer is affected by market uncertainty prior to the finalisation of the South African resolution framework in line with international standards

South Africa is a member of the G20 and of the Financial Stability Board. As such and to meet South Africa's international commitments, the Bank Supervision Department of the SARB in conjunction with the National Treasury is in the process of drafting legislation to provide for bank resolution in South Africa. In accordance with its Basel III and G20 commitments, the SARB is developing a resolution framework. On 5 October 2018 the National Treasury published the Draft Financial Sector Laws Amendment Bill for public comment. The Financial Sector Laws Amendment Bill proposes to establish a framework for the orderly resolution of banks, systemically important non-bank financial institutions and holding companies of banks or systematically important non-bank financial institutions that are designated by the Governor of the Reserve Bank as systematically important ("**Resolution Framework**"). The Resolution Framework has not yet been finalised and only once finalised will banks be in a better position to fully assess the potential impact of the Resolution Framework on the South African banking market

During May 2017, the SARB's Financial Stability Department released a discussion document on designing a deposit insurance scheme ("**DIS**") for South Africa. As a member of the G20, South Africa has agreed to adopt the Financial Stability Board's "*Key Attributes of Effective Resolution Regimes for Financial Institutions*", one of which requires jurisdictions to have a privately-funded depositor protection and/or a resolution fund in place. The paper advocates the need for an explicit, privately-funded

DIS for South Africa, the main objective being the protection of less financially sophisticated depositors in the event of a bank failure. It presents proposals on the key design features of such a DIS and aims to solicit views on these proposals. The paper also refers to the discussion paper titled “*Strengthening South Africa’s Resolution Framework for Financial Institutions*”, published by the National Treasury on 13 August 2015. Together, the proposed Resolution Framework and the DIS are expected to form the comprehensive regulatory architecture for reducing the social and economic cost of failing financial institutions and will be captured by the Resolution Framework. No timelines around the Resolution Framework have been formally communicated although it is understood that the Resolution Framework does contain high-level principles of the DIS, with the actual mechanics to be captured in supplemental regulations or directives once designed and agreed. Only once finalised will banks be in a position to fully assess the potential impact of a DIS in South Africa. There is no assurance that the introduction of the DIS will not have a negative impact on the operations of the Issuer.

Arising from the curatorship of African Bank Limited, the Banks Amendment Act, 2015 (the “**Banks Amendment Act**”) was promulgated with effect from 29 June 2015 to amend (in particular) section 69 of the Banks Act which provides for the placement of a bank in financial difficulties under curatorship and the powers of the curator appointed by the Registrar of Banks under such a set of circumstances. The Banks Amendment Act is designed to facilitate the resolution of banks in distress (before the implementation of the new resolution regime to be provided for in the Financial Sector Laws Amendment Bill) in line with new international standards. The Banks Amendment Act, as well as the anticipated Financial Sector Laws Amendment Bill (when it takes effect), (will) address the uncertainty in the market and provide clarity to banks and investors alike as to the manner in which banks will be treated in the event of a bank resolution.

3.14. Political, social and economic risks in South Africa or regionally may have an adverse effect on the Issuer’s operations

The Issuer’s operations are concentrated in South Africa with the majority of its revenues deriving from operations in South Africa. Operations in this market are subject to various risks which need to be assessed in comparison to jurisdictions elsewhere. These include political, social and economic risks specific to South Africa, such as general economic volatility, recession, inflationary pressure, exchange rate risks and exchange controls, which could affect an investment in the Notes. The

existence of such factors may have an impact on South Africa and the results of the Issuer in ways that cannot be predicted.

3.15. Cyber-crime could have a negative impact on the Issuer's operations

The Issuer's operations are dependent on its own information technology systems and those of its third party service providers. The Issuer could be negatively impacted by cyber-attacks on any of these. As the Issuer moves banking to the digital and mobile world, the risk of cyber-crime increases, especially as infiltrating technology is becoming increasingly sophisticated, and there can be no assurance that the Issuer will be able to prevent all threats.

3.16. The Group may suffer losses as a result of fraudulent activity

Similar to other financial institutions, the Issuer is susceptible to losses as a result of fraudulent activity. The main contributor of fraudulent loss to the Issuer's business is card fraud. The Issuer has implemented a number of strategies aimed at reducing the ability of persons to utilise counterfeit cards at the Issuer's ATMs, however there is no assurance that such strategies will be effective in eliminating card fraud entirely.

Online banking fraud is the second highest contributor to losses as a result of fraudulent activity driven by an increase in the level of online fraud attempts. Fraudsters are using increasingly sophisticated social engineering techniques to secure account numbers, personal identification numbers and passwords from customers.

Other illegal activities such as market abuse, market manipulation, rogue trading and increasing trends of syndicate fraud with potential staff involvement as a result of the recent economic downturns are also factors which the Issuer considers could also have a material adverse effect on the operations of the Issuer.

3.17. The Issuer may suffer a failure or interruption in or breach of its information technology systems and its businesses are subject to its ability to quickly adapt to disruptions while maintaining continuous business operations

Information technology ("IT") risk encompasses both IT and IT change risk. The Issuer's IT risk refers to the risk associated with the use, ownership, operation, involvement, influence and adoption of IT within the Issuer. IT change risk refers to the risk arising from changes, updates or alterations made to the IT infrastructure, systems or applications of the Issuer that could affect service reliability and availability.

The Issuer's main IT risks include the failure or interruption of critical systems, cybercrime and the unauthorised access to systems each of which may result in the inability of the Issuer to serve its customers' needs in a timely manner.

The Issuer has a high dependency on its own IT systems and operations infrastructure in addition to those of third party service providers to conduct its business. The Issuer regards these systems as critical to improving productivity and ensuring the Group and the Issuer remain competitive in the market.

Any failure, interruption or breach in security of these systems could result in failures or interruptions in the Issuer's risk management, general ledger, deposit servicing, loan servicing, debt recovery, payment custody and/or other important systems. If the Issuer's information systems fail, even for a short period of time, it could be unable to serve some or all customers' needs on a timely basis which could result in a loss of business. In addition, a temporary shutdown of the Issuer's information systems could result in costs that are required for information retrieval and verification.

The occurrence of any such failures or interruptions in the Issuer's IT systems, operations infrastructure and those of third party service providers could cause a failure in the continuity of the Issuer's operations and services and consequently, could have a materially adverse effect on the Issuer's business, financial condition and/or results of operations.

3.18. A downgrade in the Issuer's credit ratings or the credit rating of South Africa could have an adverse effect on the Issuer's access to liquidity sources and funding costs

The Issuer's credit ratings affect the cost and other terms upon which the Issuer is able to obtain funding. Rating agencies regularly evaluate the Issuer and their ratings of its long-term debt are based on a number of factors, including capital adequacy levels, quality of earnings, credit exposure, the risk management framework and funding diversification. These parameters and their possible impact on the Issuer's credit rating are monitored closely and incorporated into its liquidity risk management and contingency planning considerations.

The Issuer's credit ratings and credit outlook are subject to change at any time and the Issuer's credit ratings could be downgraded or the credit outlook changed as a result of many factors, including the failure to successfully implement the Issuer's strategies, the general downgrading of the credit ratings of financial institutions in the South African banking sector or a downgrade in the South African sovereign rating, which could negatively impact the ratings of the Issuer due to the Issuer's sizeable exposure

to government securities, effectively linking its creditworthiness to that of the national government. A downgrade or potential downgrade of the South African sovereign rating or a change in rating agency methodologies relating to systemic support provided by the South African sovereign could also negatively affect the credit rating of the Issuer. A downgrade of the Issuer's credit ratings, or being placed on a negative ratings watch, may increase its cost of borrowing, adversely affect its liquidity and competitive position, limit its ability to raise capital, result in reputational damage and could lead to a loss of clients which could have a material adverse impact on its business, results, financial condition or prospects.

There can also be no assurance that the rating agencies will maintain the Issuer's current ratings or outlooks or those of South Africa. Ratings are not a recommendation to buy, sell or hold securities and may be subject to revision or withdrawal at any time by the assigning rating organisation. Each rating should be evaluated independently of any other rating.

In addition to any direct losses that the Issuer might incur, a default, or the perception of increased risk of default on obligations, and any further downgrade in South Africa's credit rating would likely have a significant negative impact on the South African banking sector generally and could have a material adverse impact on the Issuer's business, results, financial condition, prospects or rating.

3.19. Inappropriate management and execution of the Issuer's Controlling Company, ABSA Group Limited ("**AGL**"), separation from Barclays Bank PLC could result in an elevation in conduct, operational and funding risks

Separation from Barclays Bank PLC (the "**Separation**") is one of AGL's most important strategic deliverables. AGL intends to complete the majority of the activities relating to the Separation by June 2020. As is common with large scale change initiatives, the Separation is susceptible to a number of risks which may cause an impact on the wider Group and may impact the Issuer's ability to implement the Separation within the agreed timeline and budget. This could in turn, have a material adverse impact on the Group's business results, financial conditions and prospects. See further "*Description of Absa Bank Limited – Background and History*".

3.20. The Issuer may not be able to detect money laundering and other illegal or improper activities fully or on a timely basis, which could expose it to additional liability and have a material adverse effect on it

The Issuer is required to comply with applicable anti-money laundering, anti-terrorism laws and other regulations in South Africa. These laws and regulations require the Issuer, among other things, to adopt and enforce “know your customer” policies and procedures and to report suspicious and large transactions to the applicable regulatory authorities. While the Issuer has adopted policies and procedures aimed at detecting and preventing the use of its banking network for money laundering activities by terrorists and terrorist-related organisations and individuals generally, such policies and procedures may not completely eliminate instances in which the Issuer may be used by other parties to engage in money laundering or other illegal or improper activities. To the extent the Issuer may fail to fully comply with applicable laws and regulations, the relevant government agencies to which it reports have the power and authority to impose fines and other penalties on the Issuer. In addition, the Issuer’s business and reputation could suffer if customers use it for money laundering or illegal or improper purposes.

3.21. The impact of any future change in law or regulation on the Issuer’s business is uncertain

The nature and impact of future changes in laws, regulations and regulatory policies are not predictable and are beyond the Issuer’s control, and changes in such laws, regulations and regulatory policies may have an adverse effect on the Issuer’s financial condition and results of operations.

3.22. Legal Proceedings

The Group has been party to proceedings against it during the financial year ending 31 December 2017, including the following material cases:

Five plaintiffs, including Pinnacle Point Holdings Proprietary Limited, New Port Finance Company and the trustees of the Winifred Trust allege that a local bank conducted itself unlawfully and that Absa was privy to such conduct. The plaintiffs instituted proceedings against Absa for damages in an amount of R1,387 million. Although Pinnacle Point Holdings Property Limited’s claim has been withdrawn, claims of the remaining four plaintiffs remain outstanding and will proceed to trial. The date of the trial has not been set as at the date of this Prospectus.

Absa Capital Investor Services was the trustee of the Ayanda Collective Investment Scheme (the “**Scheme**”), in which Corporate Money Managers (“**CMM**”) managed a portfolio of assets within the Scheme. The joint curators of the CMM group of companies and the Altron Pension Fund (an investor in the Scheme) allege that the defendants, which include Absa, caused them losses as a result of their alleged failure to meet their obligations under the trust deed and alleged failure to comply with their statutory obligations set out in the Collective Investment Scheme Act. The joint curators of the CMM group of companies and the Altron Pension Fund are seeking damages in an amount of R1,157 million

The Issuer is engaged in various legal, competition and regulatory matters. It is involved in legal proceedings which arise in the ordinary course of business from time to time, including (but not limited to) disputes in relation to contracts, securities, debt collection, consumer credit, fraud, trusts, client assets, competition, data protection, money laundering, employment, environmental and other statutory and common law issues.

The Issuer is also subject to enquiries and examinations, requests for information, audits, investigations and legal and other proceedings by regulators, governmental and other public bodies in connection with (but not limited to) consumer protection measures, compliance with legislation and regulation, wholesale trading activity and other areas of banking and business activities in which the Issuer is or has been engaged.

At the present time, the Issuer does not expect the ultimate resolution of any of these other matters to have a material adverse effect on its financial position. However, in light of the uncertainties involved in such matters and the matters specifically described above, there can be no assurance that the outcome of a particular matter or matters will not be material to the Issuer’s results of operations or cash flow for a particular period, depending on, amongst other things, the amount of the loss resulting from the matter(s) and the amount of income otherwise reported for the reporting period.

- 3.23. The Issuer does not disclose contingent liabilities associated with specific matters where it cannot reasonably be estimated or where such disclosure could be prejudicial to the outcome of the matter. The Issuer does, however, report its contingent liabilities on an aggregated basis. Provision is made for all liabilities which are expected to materialise.

4. THE NOTES MAY NOT BE A SUITABLE INVESTMENT FOR ALL INVESTORS

Each potential investor in any Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- 4.1. have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Master Programme Memorandum, an Applicable Product Supplement and/or the Applicable Pricing Supplement;
- 4.2. have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact such an investment will have on its overall investment portfolio;
- 4.3. have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes;
- 4.4. understand thoroughly the terms of the Notes and be familiar with the behaviour of any relevant indices and financial markets; and
- 4.5. be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

The Notes are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured and appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with a financial and legal adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the potential investor's overall investment portfolio.

5. THERE IS NO ACTIVE TRADING MARKET FOR THE NOTES

The Notes issued under the Master Programme Memorandum will be new securities which may not be widely distributed and for which there is currently no active trading market. While application may be made for the Notes to be traded on the Euro MTF or on such other Financial Exchange(s) as may be determined by the Issuer, there can be no assurance that the Issuer will be able to maintain such listing or that a trading market will develop for the Notes. If the Notes are traded after their initial issuance, they may trade at a discount or

premium to their initial offering price, depending upon prevailing interest rates, the market for similar securities, general political and economic conditions, the condition of the financial sector, the financial condition of the Issuer, the Issuer's financial performance and future prospects.

6. A WIDE RANGE OF NOTES MAY BE ISSUED UNDER THE PROGRAMME

A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common such features.

6.1. The Notes may be redeemed prior to maturity

6.1.1. In the event that the Issuer is obliged to increase the amounts payable in respect of any Notes due to any withholding or deduction for or on account of any taxes, the Issuer may redeem all outstanding Notes in accordance with the Terms and Conditions.

6.1.2. In addition, if the Terms and Conditions provide that Notes are in certain circumstances redeemable prior to the Maturity Date, the Notes may be redeemed at times when prevailing interest rates may be relatively low. In such circumstances, an investor may not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as that of the relevant Notes.

6.2. Notes subject to optional redemption by the Issuer

6.2.1. An optional redemption feature of Notes is likely to limit their market value. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

6.2.2. The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

6.3. Index Linked Notes and Dual Currency Notes

6.3.1. The Issuer may issue Notes with principal or interest determined by reference to an index or formula, to changes in the prices of securities or commodities, to movements in currency exchange rates or other factors (each, a “**Relevant Factor**”). In addition, the Issuer may issue Notes with principal or interest payable in one or more currencies which may be different from the currency in which the Notes are denominated. Potential investors should be aware that:

- 6.3.1.1. the market price of such Notes may be volatile;
- 6.3.1.2. they may receive no interest;
- 6.3.1.3. payment of principal or interest may occur at a different time or in a different currency than expected;
- 6.3.1.4. they may lose all or a substantial portion of their principal;
- 6.3.1.5. a Relevant Factor may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices;
- 6.3.1.6. if a Relevant Factor is applied to Notes in conjunction with a multiplier greater than one or contains some other leverage factor, the effect of changes in the Relevant Factor on principal or interest payable likely will be magnified; and
- 6.3.1.7. the timing of changes in a Relevant Factor may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the Relevant Factor, the greater the effect on yield.

6.3.2. The historical experience of an index should not be viewed as an indication of the future performance of such index during the term of any Index Linked Notes. Accordingly, each potential investor should consult its own financial and legal advisers about the risk entailed by an investment in any Index Linked Notes and the suitability of such Notes in light of its particular circumstances.

6.4. Partly paid Notes

The Issuer may issue Notes, subject to the Applicable Laws, where the issue price is payable in more than one instalment. Failure to pay any subsequent instalment could result in an investor losing all of its investment.

6.5. Notes issued at a substantial discount or premium

The market values of securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

6.6. Integral multiples of less than EUR 100,000

In relation to any issue of Notes which have a denomination consisting of a minimum Specified Denomination of EUR100,000 (or its equivalent in another currency) plus higher integral multiples of another smaller amount, it is possible that the Notes may be traded in amounts in excess of EUR100,000 (or its equivalent in another currency) that are not integral multiples of EUR100,000 (or its equivalent in another currency). In such a case a Noteholder who, as a result of trading such amounts, holds a principal amount of less than such minimum authorised denomination of EUR100,000 will not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes such that it holds an amount equal to one or more authorised denominations.

7. **RISKS RELATED TO NOTES GENERALLY**

7.1. Modification, waivers and substitution

The conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

7.2. Change of law

No assurance can be given as to the impact of any possible judicial decision or change to the law of England and Wales or the law of any other jurisdiction or administrative practice after the issuance of the Notes.

7.3. Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (i) Notes are legal investments for it, (ii) Notes can be used as collateral for various types of borrowing and (iii) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

7.4. Foreign Exchange Control

Foreign derived loan capital or equity capital may be introduced into South Africa through a formal system of Exchange Control as summarised in Section VII of this Master Programme Memorandum headed “*South African Exchange Control*”. However, unless the prior approval of the South African Reserve Bank has been obtained, the proceeds from the sale of assets in South Africa owned by a non-resident are not remittable to the non-resident.

7.5. Risks associated with the reform of LIBOR, EURIBOR and other interest rate ‘benchmarks’

The EURIBOR®, the LIBOR® and other interest rate indices which are deemed to be ‘benchmarks’ are the subject of recent national, international and other regulatory guidance and proposals for reform. Some of these reforms are already effective whilst others are still to be implemented. These reforms may cause such ‘benchmarks’ to perform differently than in the past, or to disappear entirely, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Notes linked to such a ‘benchmark’.

On 17 May 2016, the Council of the European Union adopted the EU regulation on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds (the “**Benchmark Regulation**”). The Benchmark Regulation entered into force on 30 June 2016. Subject to various transitional provisions, the Benchmark Regulation applies from 1 January 2018, except that the regime for ‘critical’ benchmarks applies from 30 June 2016. The Benchmark Regulation will apply to ‘contributors’, ‘administrators’ and ‘users’ of ‘benchmarks’ in the EU, and will, among other things, (i) require benchmark administrators to be authorised (or, if non-EU-based, to have satisfied certain ‘equivalence’ conditions in its

local jurisdiction, to be 'recognised' by the authorities of a Member State pending an equivalence decision or to be 'endorsed' for such purpose by an EU competent authority) and to comply with requirements in relation to the administration of 'benchmarks' and (ii) ban the use of 'benchmarks' of unauthorised administrators. The scope of the Benchmark Regulation is wide and, in addition to so-called 'critical benchmark' indices such as EURIBOR® and LIBOR®, will apply to many other interest rate indices.

The Benchmark Regulation could have a material impact on Notes linked to a 'benchmark' rate or index, including in any of the following circumstances:

- 7.5.1. a rate or index which is a 'benchmark' could not be used as such if its administrator does not obtain authorisation or is based in a non-EU jurisdiction which (subject to applicable transitional provisions) does not satisfy the 'equivalence' conditions, is not 'recognised' pending such a decision and is not 'endorsed' for such purpose. In such event, depending on the particular 'benchmark' and the applicable terms of the Notes, the Notes could be de-listed, adjusted, redeemed prior to maturity or otherwise impacted; and
- 7.5.2. the methodology or other terms of the 'benchmark' could be changed in order to comply with the terms of the Benchmark Regulation, and such changes could have the effect of reducing or increasing the rate or level or affecting the volatility of the published rate or level, and could lead to adjustments to the terms of the Notes, including Calculation Agent determination of the rate or level in its discretion.

Any of the international, national or other proposals for reform or the general increased regulatory scrutiny of 'benchmarks' could increase the costs and risks of administering or otherwise participating in the setting of a 'benchmark' and complying with any such regulations or requirements. Such factors may have the effect of discouraging market participants from continuing to administer or contribute to certain 'benchmarks', trigger changes in the rules or methodologies used in certain 'benchmarks' or lead to the disappearance of certain 'benchmarks'. The disappearance of a 'benchmark' or changes in the manner of administration of a 'benchmark' could result in adjustment to the terms and conditions, early redemption, discretionary valuation by the Calculation Agent, delisting or other consequence in relation to Notes linked to such 'benchmark'. Any such consequence could have a material adverse effect on the value of and return on any such Notes.

7.6. Financial Transaction Tax

On 14 February 2013 the European Commission published a proposal (the “**Commission’s Proposal**”) for a Directive for a common financial transaction tax (“**FTT**”) to be adopted in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the “**Participating Member States**”). However, Estonia has since stated it will not participate. The proposed FTT has very broad scope and could, if introduced in its current form, apply to certain dealings in the Notes (including secondary market transactions) in certain circumstances.

Under the Commission’s Proposal the FTT could apply in certain circumstances to persons both within and outside of the Participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a Participating Member State. A financial institution may be, or be deemed to be, “established” in a participating member State in a broad range of circumstances, including (a) by transacting with a person established in a Participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a Participating Member State.

However, the FTT proposal remains subject to negotiation between the participating Member States. It may therefore be altered prior to any implementation, the timing of which remains uncertain. Additional Member States may also decide to participate and/or participating Member States may decide to withdraw.

Prospective Noteholders are advised to seek their own professional advice in relation to the FTT and its potential impact on the Notes before investing.

7.7. Certain U.S. Tax Considerations

7.7.1. U.S. Foreign Account Tax Compliance Withholding

With respect to Notes issued after the date that is six months after the date on which final U.S. Treasury regulations defining the term “foreign passthru payment” are filed with the U.S. Federal Register (such applicable dates the “**Foreign Passthru Payment Grandfathering Date**”) (and any Notes which are treated as equity for U.S. federal income tax purposes, whenever issued), the Issuer may, under certain circumstances, be required pursuant to Sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986 as amended, and the regulations promulgated thereunder (“**FATCA**”) to withhold U.S. tax at a rate of 30% on all or a portion of payments of principal and interest which are

treated as “foreign pass-thru payments” made on or after the date that is two years after the date final U.S. Treasury regulations defining the term “foreign pass-thru payments” are published to an investor or any other non-U.S. financial institution (an “**FFI**”) through which payment on the Notes is made that is not in compliance with FATCA. As of the date of this Programme Memorandum, final U.S. Treasury regulations defining the term “foreign passthru payments” have not been filed with the U.S. Federal Register. In addition, with respect to certain equity-linked index Notes, if any, issued on or after 1 July 2017 or, in certain cases, issued on or after 1 July 2021 (as applicable, the “**DEP Grandfathering Date**” and together with the Foreign Passthru Payment Grandfathering Date, the “**Grandfathering Date**”), the Issuer may, under certain circumstances, be required pursuant to FATCA to withhold U.S. tax at a rate of 30% on all or a portion of payments which are treated as “dividend equivalent” payments (as defined below).

Investors should consult their own advisors about the application of FATCA, in particular if they may be classified as financial institutions under the FATCA rules. If an amount in respect of withholding tax were to be deducted or withheld from interest, principal or other payments on the Notes as a result of an investor’s failure to comply with FATCA, none of the Issuer, any Paying Agent or any other person would, pursuant to the terms and conditions of the Notes, be required to pay additional amounts as a result of the deduction or withholding of such tax.

7.7.2. Payments under index linked Notes may be subject to U.S. withholding tax

A 30% withholding tax (which may be reduced by an applicable income tax treaty) is imposed on certain “dividend equivalent” payments made to a non-U.S. person with respect to (i) a “specified notional principal contract” that (directly or indirectly) is contingent upon, or determined by reference to, the payment of a dividend from sources within the United States, (ii) a “specified equity-linked instrument” that references one or more dividend-paying U.S. equity securities, (iii) a securities lending or sale-repurchase transaction that references a dividend from sources within the United States, and (iv) any other payment determined by the U.S. Internal Revenue Service to be substantially similar to a payment described in the preceding clause (i), (ii) or (iii) (“**DEP Withholding**”). U.S. Treasury regulations provide that DEP Withholding can apply even if the instrument does not provide for payments that reference

dividends. DEP Withholding with respect to a “specified equity-linked instrument” applies to dividend equivalent payments made on or after 1 January 2017 on a “specified equity-linked instrument” that has a delta of one issued on or after 1 January 2017. DEP Withholding with respect to a “specified equity-linked instrument” applies to dividend equivalent payments made on or after 1 January 2021 with respect to any “specified equity-linked instrument”, whether or not it has a delta of one, issued on or after 1 January 2021.

If applicable, DEP Withholding will be addressed in the applicable Pricing Supplement. If an amount in respect of U.S. withholding tax were to be deducted or withheld from payments on an index linked Note, none of the Issuer, any Paying Agent or any other person would, pursuant to the terms and conditions of the Notes, be required to pay additional amounts as a result of the deduction or withholding of such tax.

8. FINANCIAL MARKETS

- 8.1. Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be very liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes.
- 8.2. A prospective investor of the Notes should be aware of the prevailing and widely reported global credit market conditions (which continue at the date hereof), whereby there is a general lack of liquidity in the secondary markets for instruments similar to the Notes. Such lack of liquidity may result in investors suffering losses on the Notes in secondary resales even if there is no decline in the performance of the assets of the Issuer. The Issuer cannot predict if and when these circumstances will change, and if and when they do, whether conditions of general market illiquidity for the Notes and instruments similar to the Notes will return in future.
- 8.3. The Issuer will pay principal and interest on the Notes in the Issuance Currency. This presents certain risks relating to currency conversions if an investor’s financial

activities are denominated principally in a currency or currency unit (the “**Investor’s Currency**”) other than the Issuance Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Issuance Currency or revaluation of the Investor’s Currency). An appreciation in the value of the Investor’s Currency relative to the Issuance Currency would decrease (i) the Investor’s Currency-equivalent yield on the Notes, (ii) the Investor’s Currency equivalent value of the principal payable on the Notes and (iii) the Investor’s Currency equivalent market value of the Notes.

- 8.4. Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.
- 8.5. Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of the Fixed Rate Notes.
- 8.6. One or more independent credit rating agencies may assign credit ratings to the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time. Any adverse change in the applicable credit rating could adversely affect the trading price for the Notes issued under the Programme.

9. RISKS RELATING TO SOUTH AFRICA

- 9.1. South Africa is generally considered by international investors to be an emerging market. Investors in emerging markets such as South Africa should be aware that these markets are subject to greater risk than more developed markets. These risks include economic instability as well as, in some cases, significant legal and political risks.
- 9.2. Economic instability in South Africa in the past and in other emerging market countries has been caused by many different factors, including the following:
 - 9.2.1. high interest rates
 - 9.2.2. changes in currency values;
 - 9.2.3. high levels of inflation;

- 9.2.4. exchange controls;
- 9.2.5. wage and price controls;
- 9.2.6. changes in economic or tax policies;
- 9.2.7. the imposition of trade barriers; and
- 9.2.8. internal security issues.

Any of these factors, as well as volatility in the markets for securities similar to the Notes, may adversely affect the value or liquidity of the Notes.

- 9.3. Accordingly, investors should exercise particular care in evaluating the risks involved and must decide for themselves whether, in light of those risks, their investment is appropriate. Generally, investment in developing markets is only suitable for sophisticated investors who fully appreciate the significance of the risks involved, and prospective investors are urged to consult with their own legal and financial advisers before making an investment in the Notes.
- 9.4. Investors should also note that developing markets, such as South Africa, are subject to rapid change and that the information set out in this Master Programme Memorandum may become outdated relatively quickly.
- 9.5. The Issuer is subject to government regulation in South Africa. Regulatory agencies have broad jurisdiction over many aspects of the Issuer's business, which may include capital adequacy, premium rates, marketing and selling practices, advertising, licensing agents, policy forms, terms of business and permitted investments.
- 9.6. Changes in government policy, legislation or regulatory interpretation applying to the financial services industry in the markets in which the Issuer operates may adversely affect the Issuer's product range, distribution channels, capital requirements and, consequently, reported results and financing requirements.

SECTION II: TERMS AND CONDITIONS OF THE NOTES

The following are the Terms and Conditions of the Notes to be issued by the Issuer which will be incorporated by reference into each Note. A Tranche of Notes will be issued on, and subject to, the below Terms and Conditions, as replaced, amended and/or supplemented by the terms and conditions of that Tranche of Notes set out in an Applicable Product Supplement and/or the Applicable Pricing Supplement.

Before the Issuer issues any Tranche of Listed Notes, the Issuer shall complete, sign and deliver to the Lux SE or such other or further Financial Exchange(s) a pricing supplement based on the *pro forma* Applicable Pricing Supplement included in the Master Programme Memorandum or the relevant Applicable Product Supplement, setting out the details of such Tranche of Notes. The Applicable Pricing Supplement will be attached to each Note, if applicable.

If there is any conflict or inconsistency between provisions set out in an Applicable Product Supplement or the Applicable Pricing Supplement and the provisions set out in these Terms and Conditions of the Notes, the Applicable Product Supplement or the Applicable Pricing Supplement will prevail.

Words and expressions used in an Applicable Product Supplement and/or the Applicable Pricing Supplement shall have the same meanings where used in these Terms and Conditions unless the context otherwise requires or unless otherwise stated. Any reference to legislation or a statute shall be to such legislation or statute as amended, varied or re-enacted from time to time.

1. INTERPRETATION

Unless inconsistent with the context or separately defined in the Applicable Product Supplement and/or the Applicable Pricing Supplement, capitalised terms in these Terms and Conditions shall have the meanings given in the Glossary of Terms.

2. ISSUE

2.1. The Issuer may, at any time and from time to time (without the consent of any Noteholder), issue one or more Tranche(s) of Notes pursuant to the Master Structured Note Programme; provided that the aggregate outstanding Nominal Amount of all of the Notes issued under the Master Structured Note Programme from time to time does not exceed the Programme Amount.

2.2. Notes will be issued in individual Tranches which, together with other Tranches, may form a Series of Notes. A Tranche of Notes will be issued on, and subject to, the

applicable Terms and Conditions of that Tranche of Notes. The applicable Terms and Conditions of a Tranche of Notes are the Terms and Conditions, as amended, replaced and/or supplemented by the terms and conditions of that Tranche of Notes set out in an Applicable Product Supplement and/or the Applicable Pricing Supplement relating to that Tranche of Notes.

- 2.3. The applicable Terms and Conditions of a Tranche of Notes are incorporated by reference into the Notes(s) (if any) representing the Notes in that Tranche. The Applicable Pricing Supplement relating to a Tranche of Notes issued in certificated form will be attached to the Note(s) representing the Notes in that Tranche.

3. FORM AND DENOMINATION

3.1. General

- 3.1.1. A Tranche of Notes may be issued in the form of Listed Notes or Unlisted Notes, as specified in an Applicable Product Supplement or the Applicable Pricing Supplement.
- 3.1.2. Each Note may be a Fixed Rate Note, a Floating Rate Note, a Zero Coupon Note, an Index Linked Note, a Dual Currency Note, a Mixed Rate Note, an Instalment Note, an Exchangeable Note, a Partly Paid Note or such combination of any of the foregoing or its successor, the Euro MTF or such other or further Financial Exchange(s) (in the case of Listed Notes), as may be determined by the Issuer and specified in an Applicable Product Supplement or the Applicable Pricing Supplement.
- 3.1.3. All payments in relation to the Notes will be made in the Issuance Currency. Each Note will be issued in the Specified Denomination.
- 3.1.4. A Tranche of Listed Notes may be listed on the Euro MTF or on such other or further Financial Exchange(s) as may be determined by the Issuer and the Dealer(s), subject to any applicable laws. Unlisted Notes may also be issued under the Master Structured Note Programme. Unlisted Notes are not regulated by the Euro MTF or any other Financial Exchange(s).

3.2. Bearer Notes

Condition 3.2 (Bearer Notes) shall only apply to Notes held in a depository or common depository of Euroclear and/or Clearstream, Luxembourg.

Bearer Notes are in the Specified Denomination(s) with Coupons and, if specified in the relevant Applicable Pricing Supplement, Talons attached at the time of issue. In the case of a Series of Bearer Notes with more than one Specified Denomination, Bearer Notes of one Specified Denomination will not be exchangeable for Bearer Notes of another Specified Denomination.

3.3. Title to Bearer Notes

Condition 3.3 (Title to Bearer Notes) shall only apply to Notes held in a depository or common depository of Euroclear and/or Clearstream, Luxembourg.

Title to Bearer Notes and the Coupons will pass by delivery. In the case of Bearer Notes, “**Holder**” means the holder of such Bearer Note and “**Noteholder**” and “**Couponholder**” shall be construed accordingly.

3.4. Registered Notes

Condition 3.4 (Registered Notes) shall only apply to Notes held in a depository or common depository of Euroclear and/or Clearstream, Luxembourg.

Registered Notes are in the Specified Denomination(s), which may include a minimum denomination specified in the relevant Applicable Pricing Supplement and higher integral multiples of a smaller amount specified in the relevant Applicable Pricing Supplement.

4. TITLE

4.1. Title to Registered Notes

Condition 4.1 (Title to Registered Notes) shall only apply to Notes held in a common depository of Euroclear and/or Clearstream, Luxembourg.

The Transfer Agent/Registrar will maintain the Register in accordance with the provisions of the Agency Agreement. A Registered Note Certificate will be issued to each Holder of Registered Notes in respect of its registered holding. Each Registered Note Certificate will be numbered serially with an identifying number which will be recorded in the Register. In the case of Registered Notes, “**Holder**” means the person in whose name such Registered Note is for the time being registered in the Register (or, in the case of a joint holding, the first named thereof) and “**Noteholder**” shall be construed accordingly.

4.2. Ownership

Condition 4.2 (Ownership) shall only apply to Notes held in a common depositary of Euroclear and/or Clearstream, Luxembourg.

The Holder of any Note or Coupon shall (except as otherwise required by law) be treated as its absolute owner for all purposes (whether or not it is overdue and regardless of any notice of ownership, trust or any other interest therein, any writing thereon or, in the case of Registered Notes, on the Registered Note Certificate relating thereto (other than the endorsed form of transfer) or any notice of any previous loss or theft thereof) and no Person shall be liable for so treating such Holder.

5. STATUS OF NOTES

Unless otherwise specified in the Applicable Pricing Supplement, Notes are direct, unconditional, unsubordinated and unsecured obligations of the Issuer and rank *pari passu* and rateably without any preference among themselves and (save for certain debts required to be preferred by law) equally with all other present and future unsecured and unsubordinated obligations of the Issuer from time to time outstanding.

6. INTEREST

If the Applicable Pricing Supplement so specifies, the Notes of any Tranche will bear interest from the Interest Commencement Date at the Interest Rate(s) specified in, or determined in accordance with, the Applicable Pricing Supplement and such interest will be payable in respect of each Interest Period on the Interest Payment Date(s) specified in the Applicable Pricing Supplement. The interest payable on the Notes of any Tranche for a period other than a full Interest Period shall be determined in accordance with the Applicable Pricing Supplement.

6.1. Fixed Rate Notes

Each Fixed Rate Note bears interest on its outstanding Nominal Amount (or, if it is a Partly Paid Note, the amount paid up) from (and including) the Interest Commencement Date specified in an Applicable Product Supplement or the Applicable Pricing Supplement at the rate(s) per annum equal to the Fixed Interest Rate so specified, payable in arrear on the Fixed Interest Payment Dates in each year up to and including the Maturity Date.

The first payment of interest will be made on the Fixed Interest Payment Date next following the Interest Commencement Date.

Except as provided in an Applicable Product Supplement or the Applicable Pricing Supplement, the amount of interest payable per Note on each Fixed Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount, provided that:

- 6.1.1. if an Initial Broken Amount is specified in an Applicable Product Supplement or the Applicable Pricing Supplement, then the first Interest Amount shall equal the Initial Broken Amount specified in the Applicable Product Supplement or Applicable Pricing Supplement; and
- 6.1.2. if a Final Broken Amount is specified in an Applicable Product Supplement or the Applicable Pricing Supplement, then the final Interest Amount shall equal the Final Broken Amount specified in the Applicable Product Supplement or the Applicable Pricing Supplement.

If interest is required to be calculated for a period other than a Fixed Interest Period, such interest shall be calculated by applying the Fixed Interest Rate to each Specified Denomination, multiplying such sum by the applicable Day Count Fraction, as specified in an Applicable Product Supplement or the Applicable Pricing Supplement, and rounding the resultant figure to the nearest Sub-unit of the relevant Issuance Currency, half such Sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

6.2. Floating Rate Notes

6.2.1. Interest Payment Dates

Each Floating Rate Note bears interest on its outstanding Nominal Amount (or if it is a Partly Paid Note, the amount paid up) from (and including) the Interest Commencement Date specified in an Applicable Product Supplement or the Applicable Pricing Supplement, and such interest will be payable in arrear on the Interest Payment Date(s) in each year specified in the Applicable Product Supplement or Applicable Pricing Supplement. Such interest will be payable in respect of each Interest Period (which expression shall, in these Terms and Conditions, mean the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date).

6.2.2. Interest Rate

The Interest Rate payable from time to time in respect of the Floating Rate Notes will be determined in the manner specified in an Applicable Product Supplement or the Applicable Pricing Supplement.

6.2.3. Minimum and/or Maximum Interest Rate

If an Applicable Product Supplement or the Applicable Pricing Supplement specifies a Minimum Interest Rate for any Interest Period, then, in the event that the Interest Rate in respect of any such Interest Period determined in accordance with the above provisions is less than such Minimum Interest Rate, the Interest Rate for such Interest Period shall be such Minimum Interest Rate. If an Applicable Product Supplement or the Applicable Pricing Supplement specifies a Maximum Interest Rate for any Interest Period, then, in the event that the Interest Rate in respect of any such Interest Period determined in accordance with the above provisions is greater than such Maximum Interest Rate, the Interest Rate for such Interest Period shall be such Maximum Interest Rate.

6.2.4. Determination of Interest Rate and Calculation of Interest Amount

The Calculation Agent, in the case of Floating Rate Notes will at, or as soon as is practicable after, each time at which the Interest Rate is to be determined, determine the Interest Rate and calculate the Interest Amount payable in respect of each Floating Rate Note in respect of each Specified Denomination (or if the Notes are represented by a Global Note or Registered Global Note, the aggregate outstanding Nominal Amount of the Notes represented by such Global Note or Registered Global Note) for the relevant Interest Period, and the Calculation Agent shall notify the Issuer of the Interest Rate for the relevant Interest Period as soon as is practicable after calculating the same. Each Interest Amount shall be calculated by applying the Interest Rate to the Specified Denomination, and multiplying such sum by the applicable Day Count Fraction and rounding the resultant figure to the nearest Sub-unit of the relevant Issuance Currency, half a Sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

6.2.5. Interest Determination, Screen Rate Determination including Fallback Provisions

Where ISDA Determination is specified in the Applicable Pricing Supplement as the manner in which the Interest Rate is to be determined, the Interest Rate for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the Applicable Pricing Supplement) the Margin (if any). For the purposes of this sub-paragraph, “**ISDA Rate**” for an Interest Period means a rate equal to the Floating Rate that would be determined by such agent as is specified in an Applicable Product Supplement or the Applicable Pricing Supplement under an interest rate swap transaction if that agent were acting as calculation agent for that swap transaction under the terms of an agreement incorporating the most recent ISDA Definitions and under which:

- 6.2.5.1. the Floating Rate Option is as specified in the Applicable Product Supplement or the Applicable Pricing Supplement;
- 6.2.5.2. the Designated Maturity is the period specified in the Applicable Product Supplement or the Applicable Pricing Supplement; and
- 6.2.5.3. the relevant Reset Date is either (i) if the applicable Floating Rate Option is based on ZAR-JIBAR-SAFEX, the first day of that Interest Period; or (ii) in any other case, as specified in the Applicable Product Supplement or the Applicable Pricing Supplement.

For the purposes of the above sub-paragraph “**Floating Rate**”, “**Floating Rate Option**”, “**Designated Maturity**” and “**Reset Date**” have the meanings given to those terms in the ISDA Definitions.

Where Screen Rate Determination is specified in the Applicable Pricing Supplement as the manner in which the Interest Rate is to be determined, the Interest Rate for each Interest Period will, subject to the provisions below, be either:

- 6.2.5.4. if the Relevant Screen Page is available,
 - 6.2.5.4.1. the offered quotation (if only one quotation appears on the screen page); or
 - 6.2.5.4.2. the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the

offered quotations, (expressed as a percentage per annum) for the Reference Rate which appears on the Relevant Screen Page as at 11h00 (or as otherwise specified in the Applicable Pricing Supplement) (Johannesburg time) on the Interest Rate Determination Date in question plus or minus (as indicated in an Applicable Product Supplement or the Applicable Pricing Supplement) the Margin (if any), all as determined by the Calculation Agent. If 5 (five) or more such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than 1 (one) such highest quotation, 1 (one) only of such quotations) and the lowest (or, if there is more than 1 (one) such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations; or

6.2.5.5. if the Relevant Screen Page is not available or if, in the case of Condition 6.2.5.4.1 above, no such offered quotation appears or, in the case of Condition 6.2.5.4.2 above, fewer than 3 (three) such offered quotations appear, in each case as at the time specified in the preceding paragraph, the Calculation Agent shall request the principal Johannesburg office of each of the Reference Banks to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate at approximately 11h00 (Johannesburg time) on the Interest Rate Determination Date in question. If 2 (two) or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Interest Rate for such Interest Period shall be the arithmetic mean (rounded if necessary to the 5th (fifth) decimal place with 0.000005 being rounded upwards) of such offered quotations plus or minus (as appropriate) the Margin (if any), all as determined by the Calculation Agent; or

6.2.5.6. if the Interest Rate cannot be determined by applying the provisions of Condition 6.2.5.4 and Condition 6.2.5.5 above, the Interest Rate for the relevant Interest Period shall be the rate per annum which the Calculation Agent determines as being the arithmetic mean (rounded if necessary to the 5th (fifth) decimal place, with 0.000005

being rounded upwards) of the rates, as communicated to (and at the request of) the Calculation Agent by the Reference Banks or any 2 (two) or more of them, at which such banks offered, at approximately 11h00 (Johannesburg time) on the relevant Interest Rate Determination Date, deposits in an amount approximately equal to the nominal amount of the Notes of the relevant Series, for a period equal to that which would have been used for the Reference Rate to prime banks in the Johannesburg inter-bank market plus or minus (as appropriate) the Margin (if any). If fewer than 2 (two) of the Reference Banks provide the Calculation Agent with such offered rates, the Interest Rate for the relevant Interest Period will be determined by the Calculation Agent as the arithmetic mean (rounded as provided above) of the rates for deposits in an amount approximately equal to the nominal amount of the Notes of the relevant Series, for a period equal to that which would have been used for the Reference Rate, quoted at approximately 11h00 (Johannesburg time) on the relevant Interest Rate Determination Date, by the Reference Banks plus or minus (as appropriate) the Margin (if any). If the Interest Rate cannot be determined in accordance with the foregoing provisions of this paragraph, the Interest Rate shall be determined as at the last preceding Interest Rate Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period, in place of the Margin relating to that last preceding Interest Period).

If the Reference Rate from time to time in respect of Floating Rate Notes is specified in the Applicable Pricing Supplement as being other than ZAR-JIBAR-SAFEX, the Interest Rate in respect of such Notes will be determined as provided in the Applicable Pricing Supplement.

6.2.6. Benchmark Provisions

6.2.6.1. If an Index Cessation Event occurs and the Relevant Rate Benchmark is a Priority Fallback Benchmark, the related Priority Fallback shall apply. If the Priority Fallback does not produce an outcome then the Interest Rate applicable to the Notes for each Interest Period will be determined by the Calculation Agent pursuant to the paragraph below.

6.2.6.2. Subject to the above paragraph, if a Benchmark Trigger Event occurs, the Calculation Agent shall elect to take one of the actions described in sub-paragraphs (x), (y) and (z) below, or to the extent that the Calculation Agent does not consider it commercially reasonable or possible to apply any one of those options or any of the outcomes produced from those options, the Calculation Agent may elect to apply the option in sub-paragraph (aa) below, in each case with the applied option taking effect from the Business Day following the Cut-off Date:

- (x) if an Impacted Index and an Alternative Pre-nominated Index have been specified in the Applicable Pricing Supplement (A) the Relevant Rate Benchmark will be replaced with the Alternative Pre-nominated Index, (B) the Calculation Agent shall apply the Adjustment Spread to the Alternative Pre-nominated Index and (C) the Calculation Agent may, after taking into account any Adjustment Spread, make such other adjustments to any of the Conditions as are necessary to account for the effect on the Notes of referencing the Alternative Pre-nominated Index (including, but not limited to, any Business Day, Business Day Convention, Day Count Fraction, Interest Rate Determination Date, Interest Amount, Interest Payment Date, Interest Period and Interest Rate) which the Calculation Agent determines are necessary or appropriate in order to account for the effect of the replacement of the Relevant Rate Benchmark with the Alternative Pre-nominated Index (as adjusted by the Adjustment Spread) and/or to preserve as closely as practicable the economic equivalence of the Notes before and after the replacement of the Relevant Rate Benchmark with the Alternative Pre-nominated Index (as adjusted by the Adjustment Spread).
- (y) if there is an Alternative Post-nominated Index (A) the Relevant Rate Benchmark will be replaced with the Alternative Post-nominated Index, (B) the Calculation Agent shall apply the Adjustment Spread to the Alternative Post-nominated Index and (C) the Calculation Agent may, after taking into account any Adjustment Spread, make such other adjustments to any of the

Conditions as are necessary to account for the effect on the Notes of referencing the Alternative Post-nominated Index (including, but not limited to, any Business Day, Business Day Convention, Day Count Fraction, Interest Rate Determination Date, Interest Amount, Interest Payment Date, Interest Period and Interest Rate) which the Calculation Agent determines are necessary or appropriate in order to account for the effect of the replacement of the Relevant Rate Benchmark with the Alternative Post-nominated Index (as adjusted by the Adjustment Spread) and/or to preserve as closely as practicable the economic equivalence of the Notes before and after the replacement of the Relevant Rate Benchmark with the Alternative Post-nominated Index (as adjusted by the Adjustment Spread). Notwithstanding the above, if, in respect of a Relevant Rate Benchmark, more than one Relevant Nominating Body formally designates, nominates or recommends (I) an Alternative Post-nominated Index or (II) in respect of the same Alternative Post-nominated Index, a spread or methodology for calculating a spread in relation to the replacement of the Relevant Rate Benchmark with that Alternative Post-nominated Index, in each case by Close of Business on the Cut-off Date, then the Calculation Agent cannot elect to apply the option described in this Condition 6.2.6.2(y).

- (z) If there is a Calculation Agent Nominated Replacement Index (A) the Relevant Rate Benchmark will be replaced with the Calculation Agent Nominated Replacement Index, (B) the Calculation Agent shall apply the Adjustment Spread to the Calculation Agent Nominated Replacement Index and (C) the Calculation Agent may, after taking into account any Adjustment Spread, make such other adjustments to any of the Conditions as are necessary to account for the effect on the Notes of referencing the Calculation Agent Nominated Replacement Index (including, but not limited to, any Business Day, Business Day Convention, Day Count Fraction, Interest Rate Determination Date, Interest Amount, Interest Payment Date, Interest Period and Interest Rate) which the Calculation Agent

determines are necessary or appropriate in order to account for the effect of the replacement of the Relevant Rate Benchmark with the Calculation Agent Nominated Replacement Index (as adjusted by the Adjustment Spread) and/or to preserve as closely as practicable the economic equivalence of the Notes before and after the replacement of the Relevant Rate Benchmark with the Calculation Agent Nominated Replacement Index (as adjusted by the Adjustment Spread).

- (aa) Upon giving notice to the Noteholders in accordance with the provisions of Condition 15 (*Notices*), the Issuer shall redeem all but not some only of the Notes, each Note being redeemed by payment of an amount equal to a *pro rata* amount of the Early Redemption Amount (as described in Condition 8.5 (*Early Redemption Amounts*)).

6.2.6.3. If an Index Cessation Event occurs the Cut-off Date will be the later of (i) 15 Business Days following the day on which the public statement is made or the information is published (in each case, as referred to in the definition of "Index Cessation Event") and (ii) the first day on which the Relevant Rate Benchmark is no longer available, provided that, if more than one Relevant Nominating Body formally designates, nominates or recommends an Alternative Post-nominated Index or a spread or methodology for calculating a spread in accordance with Condition 6.2.6.2(y) and one or more of those Relevant Nominating Bodies does so on or after the day that is three Business Days before such date, then the Cut-off Date will instead be the second Business Day following the date that, but for this proviso, would have been the Cut-off Date.

6.2.6.4. If an Administrator/Benchmark Event occurs, the Cut-off Date will be the later of (i) 15 Business Days following the day on which the notice contemplated in the definition of "Administrator/Benchmark Event" is effective, and (ii) the Administrator/Benchmark Event Date, provided that, if more than one Relevant Nominating Body formally designates, nominates or recommends an Alternative Post-nominated Index or a spread or methodology for calculating a spread in accordance with Condition 6.2.6.2(y) and one or more of those Relevant

Nominating Bodies does so on or after the day that is three Business Days before such date, then the Cut-off Date will instead be the second Business Day following the date that, but for this proviso, would have been the Cut-off Date.

6.2.6.5. If, following a Benchmark Trigger Event, the Relevant Rate Benchmark is required for any determination in respect of any Series of Notes and, at that time, the Calculation Agent has not elected to take one of the actions in Condition 6.2.6.2, then, for the purposes of that determination, the following interim measures should apply:

(x) if:

- (I) in relation to an Index Cessation Event, the Relevant Rate Benchmark is still available; or
- (II) in relation to an Administrator/Benchmark Event, the Administrator/Benchmark Event Date has not yet occurred,

the level of the Relevant Rate Benchmark shall be determined pursuant to the terms that would apply to the determination of the Relevant Rate Benchmark as if no Benchmark Trigger Event had occurred;

(y) if:

- (I) the Relevant Benchmark is no longer available; or
- (II) the Administrator/Benchmark Event Date has occurred,

the level of the Relevant Rate Benchmark shall be determined pursuant to the fallback(s), if any, provided in the relevant Applicable Pricing Supplement to determine a level for the Relevant Rate Benchmark in circumstances in which the Relevant Rate Benchmark is not available and no Benchmark Trigger Event has occurred; or

(z) if a level for the Relevant Rate Benchmark cannot be determined under sub-paragraph (x) or (y) above, as applicable, the level of the Relevant Rate Benchmark shall be determined by reference to the rate published in respect of the Relevant

Rate Benchmark at the time at which the Relevant Rate Benchmark is ordinarily determined on (A) the day on which the Relevant Rate Benchmark ceased to be available or (B) the Administrator/Benchmark Event Date, as applicable or, if no rate is published at that time or that rate cannot be used in accordance with applicable law or regulation, by reference to the rate published at that time on the last day on which the rate was published or can be used in accordance with applicable law or regulation, as applicable.

6.2.6.6. If, in respect of a Relevant Rate Benchmark (x) an event or circumstance which would otherwise constitute or give rise to an Administrator/Benchmark Event also constitutes an Index Cessation Event or (y) an Index Cessation Event and an Administrator/Benchmark Event would otherwise be continuing at the same time, it will, in either case, constitute an Index Cessation Event and will not constitute or give rise to an Administrator/Benchmark Event, provided that, if the date that would otherwise have been the Administrator/Benchmark Event Date would have occurred before the Relevant Rate Benchmark is no longer available, Condition 6.2.6.5 shall apply as if an Administrator/Benchmark Event had occurred.

6.2.6.7. For the purposes of this Condition 6.2.6, the Adjustment Spread shall be determined by the Calculation Agent, provided that, in relation to an Alternative Post-nominated Index, if a spread or methodology for calculating a spread has been formally designated, nominated or recommended by any Relevant Nominating Body in relation to the replacement of the Relevant Rate Benchmark with the Alternative Post-nominated Index, then that spread shall apply or that methodology shall be used to determine the Adjustment Spread, as applicable. For the avoidance of doubt, the Calculation Agent may determine an Adjustment Spread pursuant to this Condition 6.2.6 more than once during the term of any Series of Notes.

6.2.6.8. Whenever the Calculation Agent is required to act, make a determination or to exercise judgement in any way under this Condition 6.2.6, it will do so in good faith, in a commercially reasonable manner and by reference to any Relevant Market Data.

6.2.6.9. If, in respect of the Notes:

- (x) it is or would be unlawful at any time under any applicable law or regulation to determine the Relevant Rate Benchmark in accordance with any applicable fallback (or it would be unlawful were a determination to be made at such time);
- (y) it would contravene any applicable licensing requirements to determine the Relevant Rate Benchmark in accordance with any applicable fallback (or it would contravene those licensing requirements were a determination to be made at such time); or
- (z) the Calculation Agent determines that the Adjustment Spread is or would be a benchmark, index or other price source whose production, publication, methodology or governance would subject the Calculation Agent or the Issuer to material additional regulatory obligations,

then the Relevant Rate Benchmark shall be determined in accordance with the next applicable fallback as elected by Calculation Agent (applied in accordance with its terms) provided that, in respect of subparagraph (x) and (y) above, the next applicable fallback as elected by Calculation Agent shall be the first applicable fallback that complies with the applicable law, regulation or licensing requirements.

6.2.6.10. Following a Benchmark Trigger Event, the Issuer shall give notice as soon as practicable to the Noteholders in accordance with Condition 15 (*Notices*) stating the occurrence of the Benchmark Trigger Event, giving details thereof and the action that the Calculation Agent propose to take in relation thereto in accordance with this Condition 6.2.6.

6.2.7. Certificates to be Final

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 6.2, by the Calculation Agent shall (in the absence of wilful deceit, bad faith or manifest error or proven error) be binding on the Issuer and all Noteholders and in the absence as aforesaid no liability to the Issuer or the Noteholders shall attach to the Calculation Agent in

connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

6.3. Dual Currency Notes

In the case of Dual Currency Notes, the Interest Rate or Interest Amount payable shall be determined in the manner specified in an Applicable Product Supplement or the Applicable Pricing Supplement.

6.4. Mixed Rate Notes

The Interest Rate payable from time to time on Mixed Rate Notes shall be the Interest Rate payable on the form of interest-bearing Note (be it a Fixed Rate Note, Floating Rate Note, Index Linked Note or Dual Currency Note) specified for each respective period, each as specified in an Applicable Product Supplement or the Applicable Pricing Supplement. During each such applicable period, the Interest Rate on the Mixed Rate Notes shall be determined and fall due for payment on the basis that such Mixed Rate Notes are Fixed Rate Notes, Floating Rate Notes, Index Linked Notes or Dual Currency Notes, as the case may be.

6.5. Index Linked Notes

6.5.1. Index Linked Notes may be:

6.5.1.1. Indexed Interest Notes, in respect of which the Interest Amounts and timing thereof may be calculated by reference to a formula or formulae; or

6.5.1.2. Indexed Redemption Amount Notes, in respect of which the Final Redemption Amount and timing thereof may be calculated by reference to a formula or formulae,

in each case as set out in an Applicable Product Supplement or Applicable Pricing Supplement with reference to the performance of an Index.

6.5.2. The Applicable Product Supplement or Applicable Pricing Supplement may contain provisions for adjusting the applicable formulae in circumstances where, owing to market disruption events or otherwise, the level of the Index is not able to be measured.

6.6. Partly Paid Notes

In the case of Partly Paid Notes (other than Partly Paid Notes which are Zero Coupon Notes), interest will accrue on the paid-up Nominal Amount of such Notes and otherwise as specified in the Applicable Product Supplement or Applicable Pricing Supplement.

6.7. Interest on Instalment Notes

In the case of Instalment Notes, interest will accrue on the amount outstanding on the relevant Note from time to time and otherwise as specified in the Applicable Product Supplement or Applicable Pricing Supplement.

6.8. Accrual of interest

Each Note (or in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if any) from the date of its redemption (or earlier if specified in the Applicable Product Supplement or Applicable Pricing Supplement) unless, upon due presentation thereof, payment of principal is improperly withheld or refused. In such event, interest will continue to accrue at the Default Rate specified in an Applicable Product Supplement or the Applicable Pricing Supplement until the date on which all amounts due in respect of such Note have been paid.

6.9. Business Day Convention

If any Interest Payment Date (or other date), which is specified in an Applicable Product Supplement or the Applicable Pricing Supplement to be subject to adjustment in accordance with a Business Day Convention, falls on a day that is not a Business Day, then, if the Business Day Convention specified is:

- 6.9.1. the “**Floating Rate Business Day Convention**”, such Interest Payment Date (or other date) shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event: (i) such Interest Payment Date (or other date) shall be brought forward to the first preceding Business Day and (ii) each subsequent Interest Payment Date (or other date) shall be the last Business Day in the month which falls the number of months, or other period specified as the Interest Period in the Applicable Product Supplement or Applicable Pricing Supplement, after the preceding applicable Interest Payment Date (or other date) has occurred; or

- 6.9.2. the “**Following Business Day Convention**”, such Interest Payment Date (or other date) shall be postponed to the next day which is a Business Day; or
- 6.9.3. the “**Modified Following Business Day Convention**”, such Interest Payment Date (or other date) shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date (or other such date) shall be brought forward to the first preceding Business Day; or
- 6.9.4. the “**Preceding Business Day Convention**”, such Interest Payment Date (or other date) shall be brought forward to the first preceding Business Day.

7. PAYMENTS

7.1. Payment of Principal and Interest

Condition 7.1 (Payment of Principal and Interest) shall only apply to Bearer Notes held in a depository or common depository of Euroclear and/or Clearstream, Luxembourg.

- 7.1.1. **Principal:** Payments of principal shall be made only against presentation and (provided that payment is made in full) surrender of Bearer Notes at the Specified Office of any Paying Agent outside the United States by cheque drawn in the currency in which the payment is due on, or by transfer to an account denominated in that currency (or, if that currency is euro, any other account to which euro may be credited or transferred) and maintained by the payee with, a bank in the principal financial centre of that currency.
- 7.1.2. **Interest:** Payments of interest shall, subject to Condition 7.1.7 below, be made only against presentation and (provided that payment is made in full) surrender of the appropriate Coupons at the Specified Office of any Paying Agent outside the United States in the manner described in Condition 7.1.1 above.
- 7.1.3. **Payments in New York City:** Payments of principal or interest may be made at the Specified Office of a Paying Agent in New York City if (i) the Issuer has appointed Paying Agents outside the United States with the reasonable expectation that such Paying Agents will be able to make payment of the full amount of the interest on the Notes in the currency in which the payment is due when due, (ii) payment of the full amount of such interest at the offices of all such Paying Agents is illegal or effectively precluded by exchange controls or

other similar restrictions and (iii) payment is permitted by applicable United States law.

7.1.4. **Deductions for unmatured Coupons:** If the Applicable Pricing Supplement specifies that the relevant Notes are Fixed Rate Notes and a Bearer Note is presented without all unmatured Coupons relating thereto:

- (A) if the aggregate amount of the missing Coupons is less than or equal to the amount of principal due for payment, a sum equal to the aggregate amount of the missing Coupons will be deducted from the amount of principal due for payment; provided, however, that if the gross amount available for payment is less than the amount of principal due for payment, the sum deducted will be that proportion of the aggregate amount of such missing Coupons which the gross amount actually available for payment bears to the amount of principal due for payment;
- (B) if the aggregate amount of the missing Coupons is greater than the amount of principal due for payment:
 - (x) so many of such missing Coupons shall become void (in inverse order of maturity) as will result in the aggregate amount of the remainder of such missing Coupons (the “**Relevant Coupons**”) being equal to the amount of principal due for payment; provided, however, that where this sub-paragraph would otherwise require a fraction of a missing Coupon to become void, such missing Coupon shall become void in its entirety; and
 - (y) a sum equal to the aggregate amount of the Relevant Coupons (or, if less, the amount of principal due for payment) will be deducted from the amount of principal due for payment; provided, however, that, if the gross amount available for payment is less than the amount of principal due for payment, the sum deducted will be that proportion of the aggregate amount of the Relevant Coupons (or, as the case may be, the amount of principal due for payment) which the gross amount actually available for payment bears to the amount of principal due for payment.

Each sum of principal so deducted shall be paid in the manner provided in Condition 7.1.1 above against presentation and (provided that payment is made in full) surrender of the relevant missing Coupons.

- 7.1.5. **Unmatured Coupons void:** If the Applicable Pricing Supplement specifies that this Condition 7.1.5 is applicable or that the relevant Notes are Floating Rate Notes, on the due date for final redemption of any Note or early redemption in whole of such Note pursuant to Condition 8.2 (*Redemption for Tax Reasons or Change in Law*), Condition 8.3 (*Redemption at the Option of the Issuer*) or Condition 13 (*Events of Default*), all unmatured Coupons relating thereto (whether or not still attached) shall become void and no payment will be made in respect thereof.
- 7.1.6. **Payments on business days:** If the due date for payment of any amount in respect of any Bearer Note or Coupon is not a Business Day in the place of presentation, the Holder shall not be entitled to payment in such place of the amount due until the next succeeding Business Day in such place and shall not be entitled to any further interest or other payment in respect of any such delay.
- 7.1.7. **Payments other than in respect of matured Coupons:** Payments of interest other than in respect of matured Coupons shall be made only against presentation of the relevant Bearer Notes at the Specified Office of any Paying Agent outside the United States (or in New York City if permitted by Condition 7.1.3 above).
- 7.1.8. **Partial payments:** If a Paying Agent makes a partial payment in respect of any Bearer Note or Coupon presented to it for payment, such Paying Agent will endorse thereon a statement indicating the amount and date of such payment.
- 7.1.9. **Exchange of Talons:** On or after the maturity date of the final Coupon which is (or was at the time of issue) part of a Coupon sheet relating to the Bearer Notes, the Talon forming part of such Coupon sheet may be exchanged at the Specified Office of the Paying Agent for a further Coupon sheet (including, if appropriate, a further Talon but excluding any Coupons in respect of which claims have already become void pursuant to Condition 12 (*Prescription*)). Upon the due date for redemption of any Bearer Note, any unexchanged Talon relating to such Note shall become void and no Coupon will be delivered in respect of such Talon.

7.2. Payments subject to fiscal laws

Condition 7.2 (Payments subject to fiscal laws) shall only apply to Bearer Notes held in a depository or common depository of Euroclear and/or Clearstream, Luxembourg.

All payments in respect of the Bearer Notes are subject in all cases to (i) any applicable fiscal or other laws and regulations in the place of payment, but without prejudice to the provisions of Condition 9 (*Taxation*) and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the “**Code**”) or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or (without prejudice to the provisions of Condition 9 (*Taxation*)) any law implementing an intergovernmental approach thereto. No commissions or expenses shall be charged to the Noteholders in respect of such payments.

7.3. Payment of Principal and Interest

Condition 7.3 (Payment of Principal and Interest) shall only apply to Registered Notes held in a depository or common depository of Euroclear and/or Clearstream, Luxembourg.

7.3.1. **Principal:** Payments of interest shall be made by cheque drawn in the currency in which the payment is due on, or, upon application by a Holder of a Registered Note to the Specified Office of the Paying Agent not later than the fifteenth day before the due date for any such payment, by transfer to an account denominated in that currency (or, if that currency is euro, any other account to which euro may be credited or transferred) and maintained by the payee with, a bank in the principal financial centre of that currency (in the case of a sterling cheque, a town clearing branch of a bank in the City of London) and (in the case of interest payable on redemption) upon surrender (or, in the case of part payment only, endorsement) of the relevant Registered Note Certificates at the Specified Office of any Paying Agent.

7.3.2. **Interest:** Payments of interest shall be made by cheque drawn in the currency in which the payment is due on, or, upon application by a Holder of a Registered Note to the Specified Office of the Paying Agent not later than the fifteenth day before the due date for any such payment, by transfer to an account denominated in that currency (or, if that currency is euro, any other account to which euro may be credited or transferred) and maintained by the payee with, a bank in the principal financial centre of that currency (in the case of a sterling cheque, a town clearing branch of a bank in the City of London) and (in the case of interest payable on redemption) upon surrender (or, in the case of part payment only, endorsement) of the relevant Registered Note Certificates at the Specified Office of any Paying Agent.

7.3.3. **Payments on business days:** Where payment is to be made by transfer to an account, payment instructions (for value the due date, or, if the due date is not a Business Day, for value the next succeeding Business Day) will be initiated and, where payment is to be made by cheque, the cheque will be mailed (i) (in the case of payments of principal and interest payable on redemption) on the later of the due date for payment and the day on which the relevant Note is surrendered (or, in the case of part payment only, endorsed) at the Specified Office of a Paying Agent and (ii) (in the case of payments of interest payable other than on redemption) on the Business Day immediately preceding the due date for payment. A Holder of a Registered Note shall not be entitled to any interest or other payment in respect of any delay in payment resulting from (A) the due date for a payment not being a Business Day or (B) a cheque mailed in accordance with this Condition 7.3.3 arriving after the due date for payment or being lost in the mail.

7.3.4. **Partial payments:** If a Paying Agent makes a partial payment in respect of any Registered Note, the Issuer shall procure that the amount and date of such payment are noted on the Register and, in the case of partial payment upon presentation of a Registered Note Certificate, that a statement indicating the amount and the date of such payment is endorsed on the relevant Registered Note Certificate.

7.3.5. **Record date:** Each payment in respect of a Registered Note will be made to the person shown as the Holder in the Register at the opening of business in the place of the Transfer Agent/ Registrar's Specified Office on the fifteenth day before the due date for such payment (the "**Record Date**"). 7.4. Payments subject to fiscal laws

Condition 7.4 (Payments subject to fiscal laws) shall only apply to Registered Notes held in a depository or common depository of Euroclear and/or Clearstream, Luxembourg.

All payments in respect of the Registered Notes are subject in all cases to (i) any applicable fiscal or other laws and regulations in the place of payment, but without prejudice to the provisions of Condition 9 (*Taxation*) and (ii) any withholding or

deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the “**Code**”) or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or (without prejudice to the provisions of Condition 9 (*Taxation*)) any law implementing an intergovernmental approach thereto. No commissions or expenses shall be charged to the Noteholders in respect of such payments.

7.5. Payment Disruption Provisions

Condition 7.5 (Payment Disruption Provisions) shall only apply to Notes held in a depository or common depository of Euroclear and/or Clearstream, Luxembourg.

7.5.1. Payment Disruption Event

In the event that the Calculation Agent, at any time and from time to time, determines that a Payment Disruption Event has occurred or is likely to occur, then the Calculation Agent shall as soon as practicable notify the Noteholders of the relevant Notes of the occurrence of a Payment Disruption Event in accordance with Condition 15 (*Notices*).

7.5.2. Consequences of a Payment Disruption Event

Upon the occurrence of a Payment Disruption Event:

7.5.2.1. Extension of relevant dates

The Payment Day or any other date on which the Notes may be exercised or redeemed or any amount shall be due and payable in respect of the relevant Notes shall, subject to Condition 7.5.2.4 (*Payment Disruption Event Cut-Off Date and Payment Disruption Event Payment Date*), be extended to a date falling 14 calendar days (or such other date as may be determined by the Calculation Agent and notified to the Noteholders in accordance with Condition 15 (*Notices*)) after the date on which the Payment Disruption Event is no longer occurring and notice thereof shall be given to the relevant Noteholders in accordance with Condition 15 (*Notices*).

7.5.2.2. Obligation to pay postponed

The Issuer’s obligation to pay the interest or principal or any such other amounts in respect of the relevant Notes (the “**Affected Amount**”),

subject to Condition 7.5.2.4 (*Payment Disruption Event Cut-Off Date and Payment Disruption Event Payment Date*), shall be postponed until 14 calendar days (or such other date as may be determined by the Calculation Agent and notified to the Noteholders in accordance with Condition 15 (*Notices*)) after the date on which the Payment Disruption Event is no longer operating. Notwithstanding the foregoing, the Issuer may elect to satisfy in part its obligation to pay the amounts as may be due and payable under the relevant Notes by making a partial payment(s) (the “**Partial Distributions**”). Any Partial Distribution made by the Issuer to the Noteholders will be calculated and/or determined by the Calculation Agent and shall be paid to the Noteholders pro rata to the proportion of the Notes of the same series held by the relevant Noteholder. In the event that any Partial Distribution is made by the Issuer, the Calculation Agent may make any such corresponding adjustment to any variable relevant to the settlement, redemption or payment terms of the relevant Notes as it deems necessary and shall notify the relevant Noteholders thereof in accordance with Condition 15 (*Notices*).

7.5.2.3. Payments net of expenses

Notwithstanding any provisions to the contrary, (a) any payments made in accordance with this Condition 7.5 (*Payment Disruption Provisions*) shall be made after deduction of any costs, expenses or liabilities incurred or to be incurred by the Calculation Agent or Issuer in connection with or arising from the resolution of the relevant Payment Disruption Event and (b) a Noteholder shall not be entitled to any payment, whether of interest or otherwise, on the Notes in the event of any delay which may occur in the payment of any amounts due and payable under the Notes as a result of the operation of this Condition 7.5 (*Payment Disruption Provisions*) and no liability in respect thereof shall attach to the Issuer.

7.5.2.4. Payment Disruption Event Cut-off Date and Payment Disruption Event Payment Date

In the event that a Payment Disruption Event is still occurring on the Payment Disruption Event Cut-off Date, then the Payment Day or any other date for the relevant Notes in respect of which redemption

amounts in relation to any of the Notes would otherwise be due and payable but for the occurrence of such Payment Disruption Event shall be postponed to the Payment Disruption Event Payment Date and the Calculation Agent shall determine the USD Equivalent Amount of the Affected Amount based on the USD/Affected Currency Exchange Rate as of the Payment Disruption Valuation Date and the Issuer shall make payment of the USD Equivalent Amount of the Affected Amount on the Payment Disruption Event Payment Date in full and final settlement of its obligations to pay such Affected Amount in respect of the Notes. The Calculation Agent shall as soon as practicable after the Payment Disruption Event Cut-off Date notify the Noteholders of the time on the Payment Disruption Valuation Date on which the USD/Affected Currency Exchange Rate will be determined. In the event the Calculation Agent is unable to determine the USD Equivalent Amount in respect of the Affected Amount on the Payment Disruption Valuation Date, the Noteholders will not receive any amounts. Thereafter, the Issuer shall have no obligations whatsoever under the Securities.

7.6. Surrender of Registered Note Certificates, Receipts and Coupons

Condition 7.6 (Surrender of Registered Note Certificates, Receipts and Coupons) shall only apply to Notes held in a depository or common depository of Euroclear and/or Clearstream, Luxembourg.

No payment in respect of the final redemption of a Registered Note shall be made until 10 (ten) days after the date on which the Registered Note Certificate in respect of the Note to be redeemed has been surrendered to the Paying Agent.

Payments of interest in respect of Bearer Notes shall be made in accordance with Condition 7 (*Payments*) only following presentation and surrender of the relevant Coupon (if any) to the Paying Agent.

Payments of Instalment Amounts in respect of Instalment Notes which are Bearer Notes shall be made by the Issuer in accordance with Condition 7 (*Payments*) only following presentation and surrender of the relevant Receipt to the Paying Agent.

No payment in respect of the final redemption of a Bearer Note shall be made until the later of:

- (a) the Relevant Date; and

(b) the date on which the Registered Note Certificate in respect of the Note to be redeemed has been presented and surrendered to the Paying Agent.

Upon final redemption as aforesaid, all unmatured Coupons relating to Bearer Notes, as the case may be, (whether or not surrendered with the relevant Registered Note Certificate) shall become void and no payment shall be made thereafter in respect of them.

Documents required to be presented and/or surrendered to the Paying Agent in accordance with these Terms and Conditions shall be so presented and/or surrendered at the office of the Paying Agent specified in the Applicable Pricing Supplement.

7.7. Payment Day

If the date for payment of any amount in respect of any Note is not a Business Day, the holder thereof shall be entitled to payment on the relevant Business Day determined in accordance with the Business Day Convention (specified in an Applicable Product Supplement or the Applicable Pricing Supplement) in the relevant place and shall not be entitled to further interest or other payment in respect of any delay arising from the application of the Business Day Convention.

7.8. Interpretation of principal and interest

Any reference in these Terms and Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

- 7.8.1. any additional amounts which may be payable with respect to principal under Condition 9 (*Taxation*);
- 7.8.2. the Final Redemption Amount of the Notes or the Early Redemption Amount of the Notes, as the case may be;

Any reference in these Terms and Conditions to interest in respect of the Notes shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 9 (*Taxation*).

8. REDEMPTION AND PURCHASE

8.1. Redemption at Maturity

Unless previously redeemed or purchased and cancelled as specified below, each Note will be redeemed by the Issuer in the Issuance Currency at its Final Redemption Amount specified in, or determined in the manner specified in, an Applicable Product Supplement or the Applicable Pricing Supplement on the Maturity Date.

8.2. Redemption for Tax Reasons or due to a Change in Law

Notes may be redeemed at the option of the Issuer at any time (in the case of Notes other than Floating Rate Notes, Indexed Interest Notes or Mixed Rate Notes having an Interest Rate then determined on a floating or indexed basis) or on any Interest Payment Date (in the case of Floating Rate Notes, Indexed Interest Notes or Mixed Rate Notes), on giving not less than 30 (thirty) nor more than 60 (sixty) calendar days' notice to the Noteholders prior to such redemption, in accordance with Condition 15 (*Notices*) (which notice shall be irrevocable), if the Issuer, immediately prior to the giving of such notice, is of the reasonable opinion that:

- 8.2.1. as a result of any change in, or amendment to, any applicable laws or regulations of any authority having power to tax, or any change or amendment which becomes effective after the relevant Issue Date, the Issuer is or would be required to pay additional amounts as provided or referred to in Condition 9 (*Taxation*); and
- 8.2.2. the requirement cannot be avoided by the Issuer taking reasonable measures available to it; or
- 8.2.3. a Change in Law has occurred.

A redemption in part may be effected by the Issuer:

- 8.2.4. notwithstanding that such partial redemption may not entirely avoid such obligation to pay additional amounts as provided for or referred to in Condition 9 (*Taxation*); and

8.2.5. *mutatis mutandis* in the manner described in Condition 8.3 (*Redemption at the Option of the Issuer*), provided that the references to the giving of notice therein and to the Minimum Redemption Amount and the Higher Redemption Amount (both as specified in the Applicable Pricing Supplement) therein shall be disregarded for such purposes.

Notes redeemed for tax reasons or due to a Change in Law pursuant to this Condition 8.2 (*Redemption for Tax Reasons or due to a Change in Law*) will be redeemed at their Early Redemption Amount referred to in Condition 8.5 (*Early Redemption Amounts*), together (if appropriate) with interest accrued from (and including) the immediately preceding Interest Payment Date to (but excluding) the date of redemption or as specified in an Applicable Product Supplement or the Applicable Pricing Supplement.

8.3. Redemption at the Option of the Issuer

If the Issuer is specified in an Applicable Product Supplement or the Applicable Pricing Supplement as having an option to redeem, the Issuer may, having given not less than 15 (fifteen) nor more than 60 (sixty) calendar days' irrevocable notice to the Noteholders in accordance with Condition 15 (*Notices*) and not less than 7 (seven) days before giving such notice, notice to the Transfer Agent/Registrar, or unless otherwise specified in an Applicable Product Supplement or the Applicable Pricing Supplement, redeem all or some of the Notes (to which such Applicable Product Supplement or Applicable Pricing Supplement relates) then Outstanding on the Optional Redemption Date(s) and at the Optional Redemption Amount(s) specified in, or determined in the manner specified in, the Applicable Pricing Supplement, together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date(s).

Any such redemption must be of a Nominal Amount equal to the Minimum Redemption Amount or a Higher Redemption Amount, both as indicated in the Applicable Pricing Supplement.

In the case of a partial redemption of Notes, the Notes to be redeemed ("**Redeemed Notes**") will be selected:

- (a) individually by lot, in the case of Redeemed Notes represented by Registered Note Certificates; and

(b) in accordance with the Applicable Procedures in the case of Redeemed Notes represented by a Global Note or Registered Global Note,

and in each case not more than 60 (sixty) calendar days prior to the date fixed for redemption (such date of selection being hereinafter called the “**Selection Date**”).

In the case of Redeemed Notes represented by Registered Note Certificates (and in the case of Redeemable Notes which are Bearer Notes, the relevant Receipts and/or Coupons), a list of the serial numbers of such Redeemed Notes will be published in accordance with Condition 15 (*Notices*) not less than 15 (fifteen) calendar days prior to the date fixed for redemption. The aggregate Nominal Amount of Redeemed Notes represented by Registered Note Certificates shall bear the same proportion to the aggregate Nominal Amount of all Redeemed Notes as the aggregate Nominal Amount of Registered Note Certificates outstanding bears to the aggregate Nominal Amount of the Notes outstanding, in each case on the Selection Date, provided that such first mentioned Nominal Amount shall, if necessary, be rounded downwards to the nearest integral multiple of the Specified Denomination. No exchange of Notes represented by the Registered Global Note for Registered Note Certificates will be permitted during the period from and including the Selection Date to and including the date fixed for redemption pursuant to this sub-paragraph, and notice to that effect shall be given by the Issuer to the Noteholders in accordance with Condition 15 (*Notices*) at least 10 (ten) calendar days prior to the Selection Date.

Holders of Redeemed Notes shall surrender the Registered Note Certificates, together with Receipts and Coupons (if any), representing the Notes in accordance with the provisions of the notice given to them by the Issuer as contemplated above. Where only a portion of the Notes represented by such Registered Note Certificates, Receipts or Coupons is redeemed, the Transfer Agent/Registrar shall deliver new Registered Note Certificates, Receipts and Coupons (as applicable) to the Noteholders in respect of the balance of the Notes.

8.4. Redemption at the Option of the Noteholders

If Noteholders are specified in the Applicable Pricing Supplement as having an option to request the redemption of Notes, such Noteholders may exercise such option in respect of such Notes represented by Registered Note Certificates by delivering to the Transfer Agent/Registrar, in accordance with Condition 15 (*Notices*), a duly executed notice (“**Put Notice**”) in unaltered form, at least 30 (thirty) calendar days but not more than 60 (sixty) calendar days, prior to the Optional Redemption Date.

Where redemption in part has been permitted in the Applicable Pricing Supplement, the redemption amount specified in such Put Notice in respect of any such Note must be of a principal amount equal to or greater than the Minimum Redemption Amount or equal to or less than the Higher Redemption Amount, each as indicated in the Applicable Pricing Supplement.

If the Notes are represented by a Global Note or Registered Global Note, to exercise the option contained in this Condition 8.4 (*Redemption at the option of the Noteholders*) the holder must give notice to the Paying Agent in accordance with Condition 15 (*Notices*) and the Applicable Procedures of Euroclear and/or Clearstream, Luxembourg (as the case may be). The redemption of Notes represented by a Global Note or Registered Global Note shall take place in accordance with the Applicable Procedures.

The Issuer shall proceed to redeem the Notes in respect of which such option has been exercised in accordance with the terms of the Applicable Pricing Supplement, at the Optional Redemption Amount and on the Optional Redemption Date, together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date(s).

In the event that the redeeming Noteholder is the holder of an Registered Note Certificate, then such Noteholder shall (attached to the Put Notice) deliver the Registered Note Certificate, together with any Receipts and/or Coupons (if any) to the Transfer Agent/Registrar at least 1 (one) Business Day prior to the Optional Redemption Date, for cancellation failing which the Put Notice shall be invalid. A holder of an Registered Note Certificate shall in that holder's Put Notice specify a bank account into which the redemption payment amount is to be paid.

The delivery of Put Notices shall be required to take place during normal office hours to the Issuer and Transfer Agent/Registrar. Put Notices shall be available for inspection at the Specified Office of the Transfer Agent/Registrar.

Any Put Notice given by a holder of any Note pursuant to this paragraph shall be irrevocable except where after giving the notice but prior to the due date of redemption an Event of Default shall have occurred and be continuing in which event such Noteholder, at its option, may elect by notice to the Issuer, delivered at least 1 (one) Business Day prior to the Optional Redemption Date, to withdraw the notice given pursuant to this paragraph and instead to declare such Note forthwith due and payable pursuant to Condition 13 (*Events of Default*).

The Issuer shall have no obligation to remedy any defects in any Put Notice or bring any such defects to the attention of any Noteholder and shall not be liable whatsoever for any claims or losses arising in connection with a defective or invalid Put Notice.

8.5. Early Redemption Amounts

For the purpose of Condition 8.2 (*Redemption for Tax Reasons or due to a Change in Law*) and Condition 13 (*Events of Default*), unless otherwise specified in an Applicable Product Supplement or the Applicable Pricing Supplement, the Notes will be redeemed at the Early Redemption Amount determined by the Calculation Agent as the market value of the Notes following the event triggering the early redemption, adjusted to take into account any costs, losses and expenses which are incurred (or expected to be incurred) by (or on behalf of) the Issuer in connection with the early redemption or cancellation of the Notes, including (without duplication or limitation) hedging termination and funding breakage costs.

In determining the Early Redemption Amount, the Calculation Agent may take into account prevailing market prices and/or proprietary pricing models or, where these pricing methods may not yield a commercially reasonable result, may estimate such Early Redemption Amount in a commercially reasonable manner.

The Early Redemption Amount will be determined by the Calculation Agent on or as soon as reasonably practicable following the event giving rise to the early redemption or cancellation of the Notes.

For the purposes of calculating any Early Redemption Amount at any time following an Event of Default, the Calculation Agent will ignore the effect of such Event of Default upon the market value of the Notes.

Where the Calculation Agent's determination is to be made for a period which is not a whole number of years, it shall be calculated on the basis of actual days elapsed divided by 365 (three hundred and sixty five), or such other calculation basis as may be specified in the Applicable Pricing Supplement.

8.6. Instalment Notes

Instalment Notes will be redeemed at the Instalment Amounts and on the Instalment Dates. In the case of early redemption in accordance with Condition 8.2 (*Redemption for Tax Reasons or due to a Change in Law*) or Condition 13 (*Events of Default*), the Early Redemption Amount will be determined pursuant to Condition 8.5 (*Early Redemption Amounts*).

8.7. Partly Paid Notes

If the Notes are Partly Paid Notes, they will be redeemed, whether at maturity, early redemption or otherwise, in accordance with the provisions of this Condition 8.7 (*Partly Paid Notes*) and the Applicable Pricing Supplement. In the case of early redemption in accordance with Condition 8.2 (*Redemption for Tax Reasons or due to a Change in Law*) or Condition 13 (*Events of Default*), the Early Redemption Amount will be determined pursuant to Condition 8.5 (*Early Redemption Amounts*).

8.8. Exchangeable Notes

If the Notes are Exchangeable Notes, they will be redeemed, whether at maturity, early redemption or otherwise, in the manner indicated in the Applicable Pricing Supplement.

Exchangeable Notes in respect of which Mandatory Exchange is indicated in the Applicable Pricing Supplement as applying, or upon the exercise by the Noteholder of the Noteholder's Exchange Right (if applicable), will be redeemed by the Issuer's delivering to each Noteholder as many of the Exchange Securities as are required in accordance with the Exchange Price. The delivery by the Issuer of the Exchange Securities in the manner set out in the Applicable Pricing Supplement shall constitute the *in specie* redemption in full of such Notes.

If the Applicable Pricing Supplement specifies the "Exchangeable Notes" to be applicable, any application made for such Exchangeable Notes to be listed and admitted to trading on the Luxembourg Stock Exchange's Euro MTF shall be by way of a listing prospectus submitted for approval to the Luxembourg Stock Exchange pursuant to the Master Programme Memorandum. No assurances can be given that such application for listing and admission to trading will be granted.

8.9. Purchases

The Issuer or any of its Subsidiaries may at any time purchase Notes at any price in the open market or otherwise. Such Notes may, subject to applicable law, be held, resold, or, at the option of the Issuer, surrendered to the Transfer Agent/Registrar for cancellation. The Issuer shall not have any voting rights on any Notes repurchased or otherwise held by it.

8.10. Cancellation

All Notes which have been redeemed will forthwith be cancelled. All Notes so cancelled shall be forwarded to the Issuer and cannot be re-issued or resold. Where

only a portion of Notes represented by a Registered Note Certificate is cancelled, the Transfer Agent/Registrar shall deliver a Registered Note Certificate to such Noteholder in respect of the balance of the Notes.

8.11. Late Payment on Zero Coupon Notes

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note pursuant to Condition 8 (*Redemption and Purchase*) or upon its becoming due and repayable as provided in Condition 13 (*Events of Default*) is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Note shall be the amount calculated pursuant to the definition of Amortised Face Amount as though the references therein to the date fixed for the redemption or the date upon which such Zero Coupon Note becomes due and payable were replaced by references to the date which is the earlier of: (i) the date on which all amounts due in respect of such Zero Coupon Note have been paid; and (ii) 5 (five) calendar days after the date on which the full amount of the monies payable has been received, and notice to that effect has been given to the Noteholder in accordance with Condition 15 (*Notices*) below.

8.12. Applicable Procedures

The redemption and partial redemption of Beneficial Interests shall take place in accordance with the Applicable Procedures and the Financial Markets Act.

9. TAXATION

9.1. All payments of principal and interest in respect of the Notes by the Issuer will be made without withholding or deduction for or on account of any present or future taxes or duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of South Africa or any political subdivision or any authority thereof or therein having power to tax, unless such withholding or deduction is required by law (for a summary of the current law in relation to the withholding or deduction of taxes levied in South Africa, see "*South African Taxation*" below).

9.2. In such event, the Issuer will pay such additional amounts as shall be necessary in order that the net amounts received by the holders of the Notes after such withholding or deduction shall equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the Notes, as the case may be, in the

absence of such withholding or deduction, except that no such additional amounts shall be payable with respect to any Note:

- 9.2.3. held by or on behalf of a Noteholder who could lawfully reduce (but has not so reduced) such withholding or deduction by complying with any statutory requirements in force at the present time or in the future including, without limitation, by making a declaration of non-residence or other similar claim or filing for the reduction to which it is entitled to the relevant tax authority or the Paying Agent (the effect of which is not to require the disclosure of the identity of the relevant Noteholder) – provided that this exception shall apply only to that portion of withholding or deduction which could lawfully have been so reduced; or
- 9.2.4. where such withholding or deduction is in respect of taxes levied or imposed on interest or principal payments only by virtue of the inclusion of such payments in the income or taxable income (as defined in section 1 of the Income Tax Act) or capital gain (as contemplated in paragraph 3 of Schedule 8 to the Income Tax Act) or taxable capital gain (as defined in paragraph 1 of Schedule 8 to the Income Tax Act) of any Noteholder; or

been entitled to an additional amount on presenting or surrendering the Registered Note Certificate for payment on such thirtieth day; or

- 9.2.6. if such withholding or deduction arises through the exercise by revenue authorities of special powers in respect of tax defaulters; or
 - 9.2.7. if such withholding or deduction arises in terms of FATCA, any regulations or agreements thereunder, official interpretations thereof, any intergovernmental approach thereto, or implementing legislation adopted by another jurisdiction in connection with FATCA; or

 - 9.2.9. held by or on behalf of a Noteholder in circumstances where such party could lawfully reduce the amount of taxation otherwise levied or leviable upon the principal or interest by virtue of any tax treaty or non-South African tax laws applicable to such Noteholder, whether by way of a tax credit, rebate deduction or reduction equal to all or part of the amount withheld or otherwise, and whether or not it is actually claimed and/or granted and/or allowed; or
 - 9.2.10. in respect of any present or future taxes, duties, assessments or governmental charges of whatever nature which are payable otherwise than by withholding from payment of principal or interest, if any, with respect to such Note; or
 - 9.2.11. where any combination of the scenarios or occurrences contemplated in Conditions 9.2.1 to 9.2.10 above occurs.
- 9.3. The Issuer is not liable for or otherwise obliged to pay any taxes that may arise as a result of the ownership, transfer or redemption of any Note.

[This document constitutes the Applicable Pricing Supplement relating to the issue[, and listing and admission to trading on the Relevant Board of the JSE] of Notes described herein. The programme memorandum dated [●] [and the Supplement[s] to the programme memorandum listed in the Annex hereto] ([as so supplemented,] the “**Master Programme Memorandum**”) (as completed and (if applicable) amended by this Pricing Supplement) has been prepared on the basis that any offer of Notes in any Member State of the European Economic Area (each, a “**Relevant Member State**”) will be made pursuant to an exemption under the Prospectus Regulation, from the requirement to publish a prospectus for offers of the Notes. The expression “**Prospectus Regulation**” means Regulation (EU) 2017/1129). Accordingly any person making or intending to make an offer in that Relevant Member State of the Notes may only do so in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Regulation or

supplement a prospectus pursuant to Article 23 of the Prospectus Regulation, in each case, in relation to such offer. Neither the Issuer nor any Dealer has authorised, nor do they authorise, the making of any offer of Notes in any other circumstances.

1. INTRODUCTION

The conditions set out below shall, together and as read with the Terms and Conditions set out in the Master Programme Memorandum, comprise the terms and conditions of the 2014 Credit Linked Notes (the “2014 Credit Linked Conditions”), in each case subject to the Applicable Pricing Supplement. For purposes of any 2014 Credit Linked Notes, in the event of any inconsistency between the Terms and Conditions of the Master Structured Note Programme and the 2014 Credit Linked Conditions set out below, the 2014 Credit Linked Conditions shall prevail. In the event of any inconsistency between the Terms and Conditions and/or the 2014 Credit Linked Conditions and the Applicable Pricing Supplement, the Applicable Pricing Supplement shall prevail. This Section III-A headed “*2014 Credit Linked Notes*” is an Applicable Product Supplement for purposes of the Terms and Conditions of the Master Structured Note Programme and any Notes, if specified to be 2014 Credit Linked Notes in the Applicable Pricing Supplement, shall be subject to these 2014 Credit Linked Conditions. Capitalised terms used but not defined herein shall have the meanings given to them in the Glossary of Terms, as may be amended by the Applicable Pricing Supplement.

2. RISK FACTORS RELATING TO 2014 CREDIT LINKED NOTES

2014 Credit Linked Notes have a different risk profile to ordinary Notes. The return on a 2014 Credit Linked Note is linked to the credit risk of one or more Reference Entities and certain obligations of one or more Reference Entities underlying that 2014 Credit Linked Note. Investing in a 2014 Credit Linked Note is not equivalent to investing directly in shares of any Reference Entity or in any obligation of any Reference Entity, nor is it equivalent to investing or hedging using over-the-counter derivatives. This 2014 Credit Linked Condition 2 describes additional factors to which prospective investors should have regard when considering an investment in 2014 Credit Linked Notes. Capitalised terms in this 2014 Credit Linked Condition 2 have the meanings given in the remainder of this Applicable Product Supplement or, if not defined in this Applicable Product Supplement, the Glossary of Terms.

2.1. 2014 Credit Linked Notes are subject to optional redemption by the Issuer after a relevant Credit Event

The Issuer may redeem 2014 Credit Linked Notes (or, if so specified in the Applicable Pricing Supplement, a portion thereof) earlier than the stated Maturity Date if a Credit Event occurs. The optional redemption feature of 2014 Credit Linked Notes is likely to limit their market value. During any period when the Issuer may elect to redeem 2014 Credit Linked Notes, the market value of those 2014 Credit Linked Notes generally will

not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

At the time of such optional redemption, an investor may not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the 2014 Credit Linked Notes being redeemed. Prospective Noteholders should consider such reinvestment risk in light of other investments available at the time.

2.2. Risk of loss of interest

Save as otherwise provided in the Applicable Pricing Supplement, no interest will accrue on the 2014 Credit Linked Notes (or, if so provided in the Applicable Pricing Supplement, the portion of the applicable Nominal Amount of each 2014 Credit Linked Note affected thereby) on or after the Interest Expiration Date.

2.3. Risk of loss of principal

2.3.1. Investors bear the risk of loss if any Relevant Credit Event occurs. The Credit Event Redemption Amount in respect of each Cash Settled CLN is likely to be less than the Nominal Amount as at the relevant Credit Event Redemption Date and may be zero. Similarly, the market value of the Deliverable Obligations Portfolio in respect of each Physically Delivered CLN is likely to be less than the Nominal Amount as at the Relevant Event Determination Date and may be zero.

2.3.2. The Credit Event Redemption Amount or amount of Deliverable Obligations delivered to a Noteholder will reflect the market value of the obligations of the Reference Entity in respect of which a Credit Event occurred less a deduction for Swap Costs. Swap Costs reflect the cost to the Issuer of terminating, liquidating, obtaining or re-establishing any hedges, trading positions, term deposits or funding arrangements entered into by it or on its behalf in respect of the 2014 Credit Linked Notes. Swap Costs will be determined by the Calculation Agent in its sole and absolute discretion, taking into account, *inter alia*, the hedging strategy employed in respect of the 2014 Credit Linked Notes and prevailing funding rates, interest rates and credit spreads at the time of determination. The Issuer is not under any duty to hedge itself with respect to any 2014 Credit Linked Notes, nor is it required to hedge itself in a manner that will result in the lowest unwind costs. Noteholders should be aware that if Swap Costs are greater than the product of the Nominal Amount as at the Relevant Event Determination Date and the Final Price or the market value of the

Deliverable Obligations Portfolio, as the case may be, the Credit Event Redemption Amount will be zero.

2.3.3. See also “*Risks relating to the CLN Settlement Method*” in 2014 Credit Linked Condition 2.11 below.

2.4. Risks relating to 2014 Credit Derivatives Definitions

2.4.1. The Terms and Conditions of the 2014 Credit Linked Notes (being the 2014 Credit Linked Conditions) do not incorporate by reference the definitions and provisions of the 2014 ISDA Credit Derivatives Definitions, as published by the International Swaps and Derivatives Association Inc. and as amended from time to time (the “2014 Credit Derivatives Definitions”); instead, the definitions applicable to the 2014 Credit Linked Notes are set out in the Master Programme Memorandum, this Applicable Product Supplement and/or the Applicable Pricing Supplement. As a result, there may be differences between the definitions used in the 2014 Credit Linked Conditions of the 2014 Credit Linked Notes and the 2014 Credit Derivatives Definitions. Consequently, investing in 2014 Credit Linked Notes is not exactly equivalent to investing in a credit default swap that incorporates the 2014 Credit Derivatives Definitions.

2.4.2. While ISDA has published the 2014 Credit Derivatives Definitions in order to facilitate transactions and promote uniformity in the credit derivative market, the credit derivative market has evolved over time and is expected to continue to change. Consequently, the 2014 Credit Derivatives Definitions and the terms applied to credit derivatives, including 2014 Credit Linked Notes, are subject to interpretation and further evolution. Past events have shown that the views of market participants may differ as to how the 2014 Credit Derivatives Definitions operate or should operate. As a result of the continued evolution in the market, interpretation of the 2014 Credit Linked Notes may differ in the future because of future market standards. Such a result may have a negative impact on the 2014 Credit Linked Notes.

2.4.3. There can be no assurance that changes to the terms applicable to credit derivatives generally will be predictable or favourable to the Issuer or Noteholders. Future amendments or supplements to the terms applicable to credit derivatives generally will only apply to 2014 Credit Linked Notes that have already been issued if the Issuer and the Noteholders agree to amend the

2014 Credit Linked Notes to incorporate such amendments or supplements and other conditions to amending the 2014 Credit Linked Notes have been met.

2.5. Risks relating to Credit Derivatives Determinations Committees

2.5.1. Credit Derivatives Determinations Committees were established pursuant to the March 2009 Supplement to the 2003 Credit Derivatives Definitions, as published by the International Swaps and Derivatives Association Inc and as amended from time to time and incorporated into the 2014 Credit Derivatives Definitions to make determinations that are relevant to the majority of the credit derivatives market and to promote transparency and consistency. Credit Derivatives Determinations Committees are regional committees composed of significant participants in the credit default swap market in the applicable region. Credit Derivatives Determinations Committees are typically composed of both the largest dealers in credit default swaps as well as non-dealers, but dealers typically significantly outnumber non-dealers. Further information about the Credit Derivatives Determinations Committee may be found at www.isda.org/credit.

2.5.2. Whether or not a Credit Event has occurred (or in relation to a Reference Entity that is a Sovereign, a Sovereign Succession Event) in respect of which a Succession Date has occurred and pursuant to which one or more Successors to such Reference Entity has been determined, and certain decisions relating thereto, may be dependent on determinations made by the Credit Derivatives Determinations Committee. In certain circumstances, determinations made by the Calculation Agent may be overridden by subsequent determinations made by the Credit Derivatives Determinations Committee. If the Issuer delivers a Credit Event Notice or a Successor Notice to a Noteholder, such Noteholder should be aware that such notice may be superseded by a determination of the Credit Derivatives Determinations Committee.

2.5.3. The procedures of the Credit Derivatives Determinations Committees are set forth in the DC Rules. The DC Rules may be amended by a Credit Derivatives Determinations Committee in accordance with the DC Rules. None of ISDA, the institutions serving on the Credit Derivatives Determinations Committees or any external reviewers owes any duty to any Noteholder in such capacity, and any Noteholder may be prevented from pursuing claims with respect to actions taken by such persons under the DC Rules. Institutions serving on a Credit Derivatives Determinations Committee may base their votes on information

that is not available to a Noteholder, and have no duty to research, investigate, supplement or verify the accuracy of information on which a determination is based. In addition, a Credit Derivatives Determinations Committee is not obligated to follow previous determinations or to apply principles of interpretation such as those that might guide a court in interpreting contractual provisions. Therefore, a Credit Derivatives Determinations Committee could reach a different determination on a similar set of facts.

2.5.4. In making any determination in its capacity as Calculation Agent or Issuer, the Issuer may have regard to (and, in certain circumstances, is bound by) decisions made by the ISDA Credit Derivatives Determinations Committee. Where the Issuer is a member of such committee, it need not have regard to the interests of Noteholders when taking any action or casting any vote. Further information about the ISDA Credit Derivatives Determinations Committee may be found at www.isda.org/credit.

2.5.5. 2014 Credit Linked Condition 2.13 below sets out certain representations relating to the Credit Derivatives Determinations Committees which are deemed to be made by each Noteholder.

2.6. Exposure to Reference Entities, Obligations, Underlying Obligations, Underlying Obligors, Reference Obligations and Deliverable Obligations

Unless otherwise provided in the Applicable Pricing Supplement, investors in 2014 Credit Linked Notes are exposed to the credit risks and other risks associated with the Reference Entities and their Obligations, Underlying Obligations, Underlying Obligors, Reference Obligations, Deliverable Obligations and any relevant jurisdictional risks.

2.7. Credit Events

Prospective investors should note that not all Credit Events have easily ascertainable triggers and disputes can and have arisen as to whether a specific event did or did not constitute a Credit Event. However, under these 2014 Credit Linked Conditions and subject to any subsequent determinations made by a Credit Derivatives Determinations Committee, the Issuer's determination of a Credit Event will, in the absence of manifest error, be conclusive and binding on all persons (including, without limitation, the Noteholders), notwithstanding the disagreement of such persons or other financial institutions, rating agencies or commentators. Examples of Credit Events that might apply to individual 2014 Credit Linked Notes include Bankruptcy, Failure to Pay, Restructuring, Obligation Acceleration, Obligation Default and

Repudiation/Moratorium. In addition, for certain 2014 Credit Linked Notes, Governmental Intervention may apply. Prospective investors should carefully review the applicable Credit Events and their definitions under a Series of 2014 Credit Linked Notes and independently evaluate their appropriateness to such investors' objective for purchasing such Series of 2014 Credit Linked Notes.

2.8. Portfolio Replacements, Successors and Substitute Reference Obligations

2.8.1. In the circumstances specified in these 2014 Credit Linked Conditions and/or the Applicable Pricing Supplement, the Issuer or a third party (the **"Replacement Selector"**) may be entitled or required to effect replacements of the entities, obligations and amounts comprising a reference portfolio for a Series of 2014 Credit Linked Notes. Unless otherwise specified in the Applicable Pricing Supplement or any other agreement, the Replacement Selector may effect such replacements pursuant to any guidelines specified in these 2014 Credit Linked Conditions and/or the Applicable Pricing Supplement without regard to their effect on the value, market price or liquidity of any 2014 Credit Linked Notes or of the interests of any person other than the Replacement Selector. If these 2014 Credit Linked Conditions and/or the Applicable Pricing Supplement entitle or require the Replacement Selector to effect such replacements, unless otherwise specified, the Replacement Selector shall have no obligation to effect a replacement of a Reference Obligation as a result of any change in the credit of such Reference Obligation or related Reference Entity and no such inference may be drawn from these 2014 Credit Linked Conditions and/or such Applicable Pricing Supplement.

2.8.2. The Reference Entity originally specified in the Applicable Pricing Supplement may change or there may be additional Reference Entities following a determination of any Successor or Successors to the Reference Entity. Under these 2014 Credit Linked Conditions (unless otherwise specified in the Applicable Pricing Supplement), the relevant period for the purposes of any Successor determination begins on the Successor Backstop Date, which may be prior to the Trade Date or Issue Date (as the case may be). Prospective investors should be aware that it is therefore possible for a Series of 2014 Credit Linked Notes to be affected by a succession event that occurred prior to the Trade Date or Issue Date (as the case may be) specified in the Applicable Pricing Supplement.

- 2.8.3. Prospective investors should also note that if, on or after 1 January 2014, an entity assumes all of the obligations (including at least one relevant obligation) of a Reference Entity which is not a sovereign, in circumstances where the Reference Entity has ceased to exist, or is in the process of being dissolved and has not issued or incurred any borrowed money obligation at any time since the legally effective date of the assumption, then Successor Backstop Date shall not apply.
- 2.8.4. Upon a Successor being determined, one or more entities will (unless otherwise specified in the Applicable Pricing Supplement) be deemed to be a Reference Entity in replacement of (or in addition to, as applicable) the Reference Entity originally specified in the Applicable Pricing Supplement. Furthermore, upon a Reference Obligation ceasing to exist in the manner specified in the definition thereof, a Substitute Reference Obligation may be selected.
- 2.8.5. As a result of the circumstances discussed in 2014 Credit Linked Condition 2.8.3 and 2014 Credit Linked Condition 2.8.4 above, a Series of 2014 Credit Linked Notes may be linked to the credit of certain Reference Entities and its Obligations and Reference Obligations, notwithstanding that such Reference Entities, Obligations and Reference Obligations were not specified in the Applicable Pricing Supplement upon issuance of such Series of 2014 Credit Linked Notes. The credit risks associated with such Successor could potentially be greater or lesser than the credit risk of the Reference Entity originally specified in the Applicable Pricing Supplement, which could adversely impact the value of such Series of 2014 Credit Linked Notes to prospective investors (if the credit risk increases). If and for so long as may be required by Applicable Law, the determination of a Successor and/or the selection of a Substitute Reference Obligation will be published by the Issuer on the Lux SE.

2.9. Redemption after the Maturity Date

Redemption may occur irrespective of whether the Relevant Credit Event is continuing on or after a Relevant Event Determination Date. The Credit Event Redemption Date, the Final Delivery Date or the Physical Settlement Date may be later than the Maturity Date. In certain circumstances, delivery of Deliverable Obligations contained in the Deliverable Obligations Portfolio may be delayed to a date beyond the Physical Settlement Date. If a Credit Event has occurred but a Credit Event Notice has not yet

been served on or prior to the Maturity Date, the Issuer may elect to extend the maturity of the 2014 Credit Linked Notes by service of an Extension Notice. During the Extension Period, the Issuer may deliver a Credit Event Notice.

2.10. Issuer discretion

The decision as to when and whether to deliver a Credit Event Notice and, if applicable, a Notice of Publicly Available Information, is at the sole and absolute discretion of the Issuer. Such notices are effective when delivered to the Calculation Agent. The delivery of or failure to deliver such notices to Noteholders will not affect the effectiveness of such notices.

2.11. Risks relating to the CLN Settlement Method

2.11.1. The CLN Settlement Method specified in the Applicable Pricing Supplement will affect how the 2014 Credit Linked Notes are redeemed. Prospective investors should assess whether the CLN Settlement Method is appropriate for them prior to investing in the 2014 Credit Linked Notes.

2.11.2. Where “Issuer CLN Settlement Option” is applicable, the Issuer may elect the CLN Settlement Method after the occurrence of a Credit Event. Prospective investors should be aware that this may result in a different CLN Settlement Method than the method originally anticipated by the Noteholder.

2.12. Standard Reference Obligation

2.12.1. In respect of certain Credit Linked Notes where Standard Reference Obligation is specified as applicable, the reference obligation will be the obligation specified as the market standard reference obligation for the relevant Reference Entity for the relevant seniority level on a list to be published by ISDA. For these Reference Entities, a reference obligation will no longer have to be specified in the Applicable Pricing Supplement relating to such 2014 Credit Linked Notes. The rules outlining the selection and replacement of the Standard Reference Obligation are contained within the “SRO Rules”.

2.12.2. The Standard Reference Obligation will only be replaced by the Credit Derivatives Determinations Committee in certain circumstances (for example, if the Standard Reference Obligation matures, is redeemed, is no longer an obligation of the Reference Entity, or in the case of Financial Reference Entities where Mod R or Mod R typically applies, if the Standard Reference Obligation has less than one year remaining maturity and a replacement Standard

Reference Obligation is available in the first maturity bucket). After performing the necessary legal review, the Credit Derivatives Determinations Committee will select a replacement Standard Reference Obligation for the relevant Reference Entity and seniority level by a majority vote.

2.13. Physical Settlement: calculation of Outstanding Principal Balance

2.13.1. In relation to a Physically Delivered CLN, the calculation of the Outstanding Principal Balance of a deliverable obligation is determined in accordance with the following three-step process: (i) firstly, all principal payment obligations of the Reference Entity need to be identified; (ii) secondly, all or any portion of such principal payment obligations that are subject to a contingency (other than a permitted contingency) or prohibited action need to be disregarded, leaving an amount equal to the non-contingent amount; and (iii) finally, the amount of the claim that could be validly asserted against the Reference Entity in respect of such non-contingent amount if the obligation was redeemed or accelerated as of a particular day needs to be determined, and such amount will be the outstanding principal balance. If payments of principal are subject to a contingency, the Outstanding Principal Balance could be less than the principal balance (and depending upon the type of contingency, could be zero).

2.13.2. Permitted contingency means, with respect to an obligation, any reduction to the Reference Entity's payment obligations:

2.13.2.1. as a result of the application of:

2.13.2.1.1. any provisions allowing a transfer, pursuant to which another party may assume all of the payment obligations of the Reference Entity;

2.13.2.1.2. provisions implementing the subordination of the obligation;

2.13.2.1.3. provisions allowing for a transfer of a qualifying guarantee (or provisions allowing for the release of the Reference Entity from its payment obligations in the case of any other guarantees);

2.13.2.1.4. any solvency capital provisions if "Subordinated European Insurance Terms" is specified as applicable in respect of a Series of 2014 Credit Linked Notes; or

2.13.2.1.5. if “Financial Reference Entity Terms” is specified as applicable to the Reference Entity in respect of a Series of 2014 Credit Linked Notes (such an entity, a “**Financial Reference Entity**”), provisions which permit the Financial Reference Entity’s obligations to be altered, discharged, released or suspended in circumstances which would constitute a governmental intervention; or

2.13.2.2. which is within the control of the holders of the obligation or a third party acting on their behalf (such as an agent or trustee).

2.14. Physical Settlement: redemption failure and alternative settlement

In relation to a Physically Delivered CLN, if a Redemption Failure Event occurs, the 2014 Credit Linked Note may be subject to alternative settlement and may, in certain circumstances, be redeemed without any payment or Delivery by the Issuer. If the minimum denomination of Deliverable Obligations is not a whole integral number of the amount of the Deliverable Obligations Portfolio, the Issuer may Deliver such whole integral amount of the Deliverable Obligations Portfolio and cash settle the fractional shortfall. If the Credit Event Redemption Amount in respect of such 2014 Credit Linked Note cannot be paid when due as a result of a Redemption Failure Event, the Noteholder, after providing a release and indemnity to the satisfaction of the Issuer, may request such payment to be made to an account or person not affected by such Redemption Failure Event, provided that the Issuer shall have no obligation to comply with such request, and provided further that, if such Redemption Failure Event is continuing for 180 calendar days after the Maturity Date, the Issuer’s obligations in respect of such payment will be discharged.

2.15. Physical Settlement: Impossibility and illegality

In relation to a Physically Delivered CLN, if as a result of an event described in 2014 Credit Linked Conditions 6.4 to 6.8 below it is impossible, impracticable (including if unduly burdensome) or illegal for the Issuer to Deliver (by reason of an impossibility, impracticability or illegality, non-receipt of requisite consents of Consent Required Loans or Assignable Loans included in the Deliverable Obligations Portfolio, the inclusion in the Deliverable Obligations Portfolio of Participations not effected by the Latest Permissible Physical Settlement Date or for any other reason specified in such 2014 Credit Linked Conditions), then 2014 Credit Linked Conditions 6.4 to 6.8 below relating to partial cash settlement may apply in respect of any undeliverable portion of

the Deliverable Obligations Portfolio. If such partial cash settlement does not apply, then in respect of the portion of the Deliverable Obligations Portfolio for which it is not possible or legal to take Delivery on the Physical Settlement Date, such Delivery will take place as soon as practicable thereafter in accordance with the provisions of the 2014 Credit Linked Conditions and in any event on or before the Latest Permissible Physical Settlement Date. The Issuer's obligations will be deemed to be fully discharged with respect to such 2014 Credit Linked Note as at the date on which the Deliverable Obligations Portfolio (if any) has been fully Delivered or otherwise as at the date immediately following the Latest Permissible Physical Settlement Date.

2.16. Auction Settlement

2.16.1. If "Auction Settlement" is specified as applicable in respect of any 2014 Credit Linked Note, then the amounts payable by and/or rights and obligations of the parties under such 2014 Credit Linked Note in respect of the relevant Reference Entity or Reference Obligation will be determined in accordance with the Auction Final Price (as defined in these 2014 Credit Linked Conditions). This may result in a lower recovery value than a Reference Entity or Reference Obligation would have if such Auction Final Price had not been used.

2.16.2. If "Auction Settlement" is specified as applicable with respect to any 2014 Credit Linked Notes but the Credit Derivatives Determinations Committee does not decide to conduct an Auction with respect to obligations of the relevant Reference Entity satisfying the relevant characteristics as set out in the Applicable Pricing Supplement, then the Fallback CLN Settlement Method shall apply. In such circumstances, either the Final Price will be determined pursuant to the Valuation Method or the Issuer will Deliver to Noteholders the Deliverable Obligations Portfolio.

2.16.3. Investors should note that they will not be able to deliver a "Customer Physical Settlement Request" (as defined in the Credit Derivatives Auction Settlement Terms) to the Issuer in respect of their holding of 2014 Credit Linked Notes.

2.17. Cash Settlement

2.17.1. If "Cash Settlement" is specified as applicable with respect to any 2014 Credit Linked Notes, or deemed to apply pursuant to the Issuer CLN Settlement Method or the Fallback CLN Settlement Method, then the Calculation Agent will value the Reference Obligation by asking for quotations from Dealers. The date, time and method of such auction, and the selection of the Reference

Obligation, will impact the Final Price. The Dealers selected by the Calculation Agent must be financial institutions, funds or other entities that purchase or deal in obligations similar to the Reference Obligation and may include the Issuer; however, the Dealers have no duty towards any Noteholder and may not be aware that the purpose of the auction is to determine a Final Price for purposes of the 2014 Credit Linked Notes or any other securities.

2.17.2. Investors should note that the Final Price determined pursuant to a dealer poll may be significantly different to the Auction Final Price.

2.18. Asset Package Delivery

2.18.1. If Asset Package Delivery is specified as applicable in the Applicable Pricing Supplement in respect of a Series of 2014 Credit Linked Notes, the asset package delivery provisions in these 2014 Credit Linked Conditions will apply to such Series of 2014 Credit Linked Notes following the occurrence of an Asset Package Credit Event unless such Asset Package Credit Event occurs prior to the Credit Event Backstop Date.

2.18.2. If the Asset Package is not capable of being transferred to Noteholders (excluding due to market conditions), or is not the type typically traded in, or suitable for being traded in, financial markets, the Asset shall be deemed to be an amount of cash equal to the market value thereof as determined by the Calculation Agent in accordance with these 2014 Credit Linked Conditions which is likely to be less than the Nominal Amount as at the Relevant Event Determination Date and may be zero.

2.18.3. Prospective investors should note that if no Assets are received by a Relevant Holder, the Asset Package shall be deemed to have a value of zero.

2.19. Increased cost of hedging due to market-wide change in standard CDS documentation

2.19.1. If the Calculation Agent determines that, as of the relevant time on the relevant date, the majority of the first eight “Eligible Global Dealers” on the “Global Dealer Trading Volume List” as determined for the most recent “List Review Date” (in each case, as defined in the DC Rules) as at the relevant time sign up to a credit default swap industry-wide protocol or similar agreement to document credit default swaps by way of documentation differing from the prevailing market standard credit default swap documentation existing as of the Trade Date in respect of a Series of 2014 Credit Linked Notes, as determined

by the Calculation Agent, the Issuer and/or any of its Affiliates would incur a materially increased (as compared with circumstances existing on the Trade Date) amount of tax, duty, expense or fee (other than brokerage commissions) and/or materially increased (as compared with circumstances existing on the Trade Date) costs related to that Series of 2014 Credit Linked Notes, including without limitation internal charges of the Issuer and/or any of its Affiliates in terms of potentially increasing its risk asset weighting and/or worsening any other leverage ratio treatment or any other such capital measure to (a) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the price risk of issuing and performing its obligations with respect to the relevant Series of 2014 Credit Linked Notes, or (b) realise, recover or remit the proceeds of any such transaction(s) or asset(s).

2.19.2. Investors should note that if an Additional Disruption Event occurs at any time prior to the redemption of the 2014 Credit Linked notes (including after the occurrence of a Relevant Event Determination Date), the 2014 Credit Linked Notes may be redeemed at the Early Redemption Amount pursuant to Condition 8.5 of the Terms and Conditions instead of at the Credit Event Redemption Amount pursuant to 2014 Credit Linked Condition 5 below.

2.20. Leverage

Certain 2014 Credit Linked Notes may be highly leveraged investments, including, without limitation, 2014 Credit Linked Notes linked to a notional amount of Reference Entities or Reference Obligations exceeding the Aggregate Nominal Amount of Notes. The use of leverage is a speculative investment technique to enhance returns. However, leverage will also magnify the adverse impact of Credit Events.

2.21. Hedging

In the ordinary course of their business, including, without limitation, in connection with their market-making activities, the Issuer and/or any agent or any affiliate of any of them (each such entity, a "Programme Party") may effect transactions for their own account or for the accounts of their customers and hold long or short positions in any applicable Obligation, Reference Obligation, obligation of a Reference Entity or related derivatives. In addition, in connection with the offering of the 2014 Credit Linked Notes, the Issuer and/or any other Programme Party may enter into one or more hedging transactions with respect to any applicable Obligation, Reference Obligation, obligation

of a Reference Entity or related derivatives. In connection with such hedging or market-making activities or with respect to proprietary or other trading activities by the Issuer and/or any other Programme Party, the Issuer and/or any other Programme Party may enter into transactions with respect to any applicable Obligation, Reference Obligation, obligation of a Reference Entity or related derivatives which may affect the market price, liquidity or value of the 2014 Credit Linked Notes and which could be deemed to be adverse to the interests of the relevant Noteholders. The Issuer and/or any other Programme Party may pursue such hedging or related derivatives actions and take such steps as they deem necessary or appropriate to protect their interests without regard to the consequences for any Noteholder.

2.22. No guarantee of performance

The 2014 Credit Linked Notes constitute direct, unsubordinated and unsecured obligations of the Issuer that are linked to the credit risk of the Reference Entities and/or Reference Obligations specified in the Applicable Pricing Supplement. No Programme Party guarantees the performance of or otherwise stands behind the performance of any Reference Entity or Reference Obligation or is under any obligation to make good losses suffered as a result of Credit Events.

2.23. Provision of Information

The Programme Parties, whether by virtue of the types of relationships described herein or otherwise, may possess information in relation to any Reference Entity, any Affiliate of a Reference Entity, any Reference Obligation that is or may be material in the context of the 2014 Credit Linked Notes and that may or may not be publicly available or known to the Noteholders or any other person. The 2014 Credit Linked Notes will not create any obligation on the part of any of the Programme Parties to disclose any such relationship or information (whether or not confidential).

2.24. No representation

None of the Programme Parties makes any representation, express or implied, as to any Reference Entity or any Reference Obligation or the credit quality thereof, or any information contained in any documents provided by any Reference Entity or filed by a Reference Entity with any exchange or with any governmental authority.

2.25. Expenses and taxation

2.25.1. Noteholders must pay all Taxes and/or Settlement Expenses, arising from the ownership, transfer, sale, redemption, exercise, cancellation of 2014 Credit

Linked Notes and/or receipt or transfer of any Deliverable Obligations Portfolio. All payments in respect of the 2014 Credit Linked Notes will be made subject to deduction for or on account of Taxes and/or Settlement Expenses and/or Swap Costs, and there will be no obligation on the Issuer (if applicable) to gross-up or redeem the 2014 Credit Linked Notes early as a result of any such deduction.

2.25.2. The relevant Issuer is not liable for or otherwise obliged to pay any Taxes or Settlement Expenses and all payments made by the Issuer will be made subject to any such Taxes or Settlement Expenses which may be required to be made, paid withheld or deducted and subject to any Swap Costs. The Issuer is not obliged to redeem the 2014 Credit Linked Notes early as a result of, or make any additional payments to Noteholders in respect of, any such Taxes or Settlement Expenses.

2.26. Independent review and advice

2.26.1. Each Noteholder is fully responsible for making its own investment decisions as to whether the 2014 Credit Linked Notes (i) are fully consistent with its (or, if it is acquiring the 2014 Credit Linked Notes in a fiduciary capacity, the beneficiary's) financial needs, objectives and conditions, (ii) comply and are fully consistent with all investment policies, guidelines and restrictions applicable to it (or its beneficiary) and (iii) are a fit, proper and suitable investment for it (or its beneficiary).

2.26.2. Each Noteholder deemed to have sufficient knowledge, experience and professional advice to make its own investment decisions, including, without limitation, its own legal, financial, tax, accounting, credit, regulatory and other business evaluation of the risks and merits of investment in the 2014 Credit Linked Notes. Each Noteholder should ensure that it fully understands the risks associated with investments of this nature, which are intended to be sold only to sophisticated investors.

2.26.3. Each Noteholder should be aware that the Issuer does not have any duty to conduct, and does not accept any responsibility for conducting or failing to conduct, any investigation into the business, financial condition, prospects, creditworthiness, status and/or affairs of any Reference Entity and its Obligations, Underlying Obligations, Underlying Obligors, Reference Obligations and Deliverable Obligations. Each Noteholder is solely responsible

for making its own independent appraisal of and investigation into such matters. No Noteholder may rely on the views or advice of the Issuer for any information in relation to any person other than the Issuer itself.

2.26.4. 2014 Credit Linked Notes are complex financial instruments. A prospective investor should not invest in 2014 Credit Linked Notes unless it has the expertise (either alone or with a financial adviser) to evaluate how the 2014 Credit Linked Notes will perform under changing conditions, the resulting effects on the value of the 2014 Credit Linked Notes and the impact this investment will have on the prospective investor's overall investment portfolio.

3. TYPES OF 2014 CREDIT LINKED NOTES

2014 Credit Linked Notes may be Single Name CLNs, Nth-to-Default CLNs or Portfolio CLNs, or such other type of Note as described in the Applicable Pricing Supplement.

- 3.1. **"Single Name CLN"** means a Note, the payment of principal and/or interest on which is determined by reference to and/or contingent upon the occurrence of a Relevant Credit Event with respect to a single Reference Entity.
- 3.2. **"Nth-to-Default CLN"** means a Note, the payment of principal and/or interest on which is determined by reference to and/or contingent upon the occurrence of a Relevant Credit Event, in relation to the Nth Event Determination Date, with respect to the Reference Portfolio.
- 3.3. **"Portfolio CLN"** means a Note, the payment of principal and/or interest on which is determined by reference to and/or contingent upon the occurrence of a Credit Event with respect to more than one Reference Entities comprising the Reference Portfolio.

4. CREDIT EVENT DETERMINATIONS AND CONSEQUENCES

4.1. Credit Event Determination

- 4.1.1. The Issuer may, at any point during the Notice Delivery Period, deliver a Credit Event Notice (provided that an Event Determination Date may only occur following the Maturity Date where an Extension Notice has been delivered) in accordance with the provisions of these 2014 Credit Linked Conditions and the Applicable Pricing Supplement.
- 4.1.2. The Issuer's determination of a Credit Event will, in the absence of manifest error and subject to the "Event Determination Date" definition, be conclusive and binding on all persons (including, without limitation, the Noteholders).

Neither the Issuer nor the Calculation Agent will have any liability whatsoever for the failure of the Issuer for any reason to determine that a Credit Event has occurred or with respect to the Issuer's timing as to when to deliver a Credit Event Notice, Notice of Publicly Available Information or Notice of Physical Settlement nor will they have any duty or responsibility to investigate or check whether any Credit Event has, or may have, occurred or may be continuing.

4.2. Relevant Credit Events

4.2.1. If a Relevant Event Determination Date has occurred in respect of a Reference Entity during the Notice Delivery Period and on or prior to the Maturity Date, then, notwithstanding anything to the contrary in Condition 6, or Condition 8 of the Terms and Conditions, unless otherwise specified in the Applicable Pricing Supplement:

4.2.1.1. interest will cease to accrue as at the Interest Expiration Date; and

4.2.1.2. the Issuer may redeem each Cash Settled CLN at the Credit Event Redemption Amount on the Credit Event Redemption Date and each Physically Delivered CLN by Delivery of the Deliverable Obligations Portfolio on or before the Final Delivery Date subject to and in accordance with the provisions of these 2014 Credit Linked Conditions and the Applicable Pricing Supplement.

4.2.2. If the Issuer elects to redeem the Notes, the Issuer shall deliver, or may cause the Calculation Agent, at the expense of the Issuer, to deliver a notice (a "**Credit Event Redemption Notice**") in accordance with 2014 Credit Linked Condition 9 below to the Noteholders, with a copy to the Calculation Agent and the Paying Agent. The Credit Event Redemption Notice will:

4.2.2.1. identify the Series of Notes to which the Credit Event Redemption Notice relates;

4.2.2.2. state the Issuer's intention to redeem the Notes pursuant to 2014 Credit Linked Condition 5 or 2014 Credit Linked Condition 6 below, as applicable; and

4.2.2.3. if "Issuer CLN Settlement Option" is specified as applicable in the Applicable Pricing Supplement, state the CLN Settlement Method that shall apply to the Notes.

4.2.3. If a Credit Event Notice, Notice of Publicly Available Information or, if applicable, Notice of Physical Settlement specifies the information required to be specified in a Credit Event Redemption Notice, such notice will be deemed to be a Credit Event Redemption Notice.

4.3. Credit Event Notice after M(M)R Restructuring

4.3.1. Upon the occurrence of an M(M)R Restructuring:

4.3.1.1. the Issuer may deliver multiple Credit Event Notices with respect to such M(M)R Restructuring, each such Credit Event Notice setting forth the Nominal Amount with respect to each Note to which such Credit Event Notice applies (the aggregate of such amounts with respect to a Series, the “**Exercise Amount**”);

4.3.1.2. if the Issuer has delivered a Credit Event Notice that specifies an Exercise Amount that is less than the Nominal Amount or the whole Note as applicable, the rights and obligations of the Issuer shall, with effect from the date such Credit Event Notice is effective, be construed as if the Issuer had issued two Notes, one of which has an Aggregate Nominal Amount equal to the Exercise Amount and will be settled (and, if applicable, redeemed) in accordance with the applicable CLN Settlement Method, and the other of which will have a Nominal Amount equal to the Aggregate Nominal Amount, as applicable, immediately prior to such Credit Event Notice minus such Note’s pro rata share of the Exercise Amount and will continue in effect with such modifications required as determined by the Calculation Agent to preserve the economic effects of the two Notes considered in the aggregate; and

4.3.1.3. the Exercise Amount in connection with a Credit Event Notice describing an M(M)R Restructuring must be an amount that is at least 1,000,000 (one million) units of the relevant currency, (or, if Japanese Yen, 100,000,000 (one hundred million) units) or an integral multiple thereof or the entire then outstanding Aggregate Nominal Amount of the Notes on or about the date of the relevant Credit Event Notice. If no Exercise Amount is specified by the Issuer, the Exercise Amount shall be deemed to be the then outstanding Aggregate Nominal Amount on or about the date of the relevant Credit Event Notice.

- 4.3.2. Upon redemption of part of each such 2014 Credit Linked Note, the relevant 2014 Credit Linked Note shall be endorsed to reflect such partial redemption.

4.4. Deferred Redemption Date

- 4.4.1. Notwithstanding anything to the contrary in Condition 6 and Condition 8 of the Terms and Conditions, in addition to amounts of interest (if any) accrued in accordance with the 2014 Credit Linked Conditions, in respect of the Extended Interest Period (if any), unless “Extension Interest” is specified as not applicable in the Applicable Pricing Supplement and no Relevant Event Determination Date occurs on or prior to the Note Extension Date, interest (“**Extension Interest**”) on each interest bearing 2014 Credit Linked Note will be payable in arrears on the Deferred Redemption Date in an amount determined by the Calculation Agent equal to the sum for each day in the Extended Interest Period of the product of (i) the Nominal Amount per Note on such day, (ii) the Absa Bank Limited overnight deposit rate for deposits in the relevant currency for such day and (iii) 1/360. If “Extension Interest” is specified as not applicable in the Applicable Pricing Supplement, no amount of Extension Interest or other interest shall accrue or be payable on each such 2014 Credit Linked Note in respect of any period on or following the Maturity Date, notwithstanding that the Deferred Redemption Date occurs following such date.
- 4.4.2. If (i) “Grace Period Extension” is specified as applicable in the Applicable Pricing Supplement, (ii) a Potential Failure to Pay occurs on or prior to the Maturity Date and (iii) an Event Determination Date in respect of that Failure to Pay does not occur on or prior to the last day of the Notice Delivery Period (including prior to the Trade Date) the 2014 Credit Linked Notes will be redeemed on the Deferred Redemption Date.

5. **REDEMPTION OF CASH SETTLED CLNS**

Notwithstanding anything to the contrary in Condition 8 of the Terms and Conditions and unless otherwise specified in the Applicable Pricing Supplement, following delivery of a Credit Event Redemption Notice in relation to a Cash Settled CLN, each 2014 Credit Linked Note will be redeemed at its Credit Event Redemption Amount on the Credit Event Redemption Date.

6. REDEMPTION OF PHYSICALLY DELIVERED CLNs

6.1. Redemption of Physically Delivered CLNs

Notwithstanding anything to the contrary in Condition 8 of the Terms and Conditions, following delivery of a Credit Event Redemption Notice in relation to a Physically Delivered CLN, each 2014 Credit Linked Note will be redeemed by Delivery of such Note's pro rata share (on a per Nominal Amount basis, determined on or about the date of the Credit Event Redemption Notice) of the Deliverable Obligations Portfolio subject to and in accordance with this 2014 Credit Linked Condition 6.

6.2. Delivery of Deliverable Obligations on shortfall

Subject to 2014 Credit Linked Condition 6.4 below, and unless otherwise elected by the Issuer in accordance with the Issuer CLN Settlement Option, if all or any part of the Deliverable Obligations Portfolio to be Delivered to a Noteholder is not a whole integral multiple of the smallest unit of transfer for any such Deliverable Obligation at the relevant time of Delivery, as determined by the Calculation Agent, the Issuer will Deliver and such Noteholder will only be entitled to receive the portion of the Deliverable Obligations Portfolio specified by the Calculation Agent which is closest to but less than the full Deliverable Obligations Portfolio, after consideration of such smallest unit or units of transfer (such portion of the Deliverable Obligations Portfolio that is not so Delivered, being a "**Delivery Shortfall**"), and the Issuer will pay to such Noteholder in the relevant currency at the same time as such Delivery an amount in cash equal to the value of such Delivery Shortfall, as determined by the Calculation Agent.

6.3. Delivery of Deliverable Obligation Portfolio

6.3.1. Delivery of the Deliverable Obligations Portfolio shall be made in accordance with 2014 Credit Linked Condition 23.1.

6.3.2. incurred any Borrowed Money obligation at any time since the legally effective date of the assumption, such entity (the “**Universal Successor**”) will be the sole Successor in respect of the relevant Reference Entity.

10.1.2. The Calculation Agent will be responsible for determining, as soon as reasonably practicable after delivery of a Successor Notice and with effect from the Succession Date, any Successor or Successors; provided that the Calculation Agent will not make such determination if, at the time of such determination, the DC Secretary has publicly announced that the relevant Credit Derivatives Determinations Committee has Resolved that there is no Successor based on the relevant succession to the Relevant Obligations. The Calculation Agent will make all calculations and determinations required to be made under this 2014 Credit Linked Condition 10 on the basis of Eligible Information and will notify the Issuer of any such calculation or determination as soon as practicable. In calculating the percentages used to determine whether an entity qualifies as a Successor, if there is a Steps Plan, the Calculation Agent shall consider all related successions in respect of such Steps Plan in aggregate as if forming part of a single succession.

10.1.3. An entity may only be a Successor if:

10.1.3.1. either (i) the related Succession Date occurs on or after the Successor Backstop Date, or (ii) such entity is a Universal Successor in respect of which the Succession Date occurred on or after 1 January 2014;

10.1.3.2. the Reference Entity had at least one Relevant Obligation outstanding immediately prior to the Succession Date and such entity succeeds to all or part of at least one Relevant Obligation of the Reference Entity; and

10.1.3.3. where the Reference Entity is a Sovereign, such entity succeeded to the Relevant Obligations by way of a Sovereign Succession Event.

10.1.4. For purposes of this 2014 Credit Linked Condition 10.1, “**succeed**” means, with respect to the Reference Entity and its Relevant Obligations, that an entity other than the Reference Entity (i) assumes or becomes liable for such Relevant Obligations whether by operation of law or pursuant to any agreement (including with respect to a Reference Entity that is a Sovereign, any protocol, treaty, convention, accord, concord, entente, pact or other agreement) or (ii)

issues Bonds or incurs Loans (the “**Exchange Bonds or Loans**”) that are exchanged for Relevant Obligations, and in either case the Reference Entity is not thereafter a direct obligor or a provider of a Relevant Guarantee with respect to such Relevant Obligations or such Exchange Bonds or Loans, as applicable. For purposes of this 2014 Credit Linked Condition 10, “succeeded” and “succession” shall be construed accordingly.

10.1.5. In the case of an exchange offer, the determination required pursuant to 2014 Credit Linked Condition 10.1.1 above shall be made on the basis of the Outstanding Principal Balance of Relevant Obligations exchanged and not on the basis of the Outstanding Principal Balance of the Exchange Bonds or Loans.

10.1.6. If two or more entities (each a “**Joint Potential Successor**”) jointly succeed to a Relevant Obligation (the “**Joint Relevant Obligation**”) either directly or as a provider of a Relevant Guarantee, then (i) if the Joint Relevant Obligation was a direct obligation of the Reference Entity, it shall be treated as having been succeeded to by the Joint Potential Successor (or Joint Potential Successors, in equal parts) which succeeded to such Joint Relevant Obligation as direct obligor or obligors, or (ii) if the Joint Relevant Obligation was a Relevant Guarantee, it shall be treated as having been succeeded to by the Joint Potential Successor (or Joint Potential Successors, in equal parts) which succeeded to such Joint Relevant Obligation as guarantor or guarantors, if any, or otherwise by each Joint Potential Successor in equal parts.

10.1.7. Where, pursuant to 2014 Credit Linked Condition 10.1.1.3, or 10.1.1.6 above, or 2014 Credit Linked Condition 10.2.1.3 or 10.2.1.4 below, 1 (one) or more Successors have been identified, the relevant Notes shall be divided, with effect from the Succession Date, into the same number of new Notes (the “**New Note(s)**”) as there are Successors, with the following terms:

10.1.7.1. each Successor shall be the Reference Entity for the purposes of one of the New Notes;

10.1.7.2. in respect of each New Note, the Aggregate Nominal Amount (determined on or about the date of the applicable succession event, (or, in relation to a Reference Entity that is a Sovereign, a Sovereign Succession Event)), as applicable, shall be the Aggregate Nominal

Amount of the original Note (before the identification of the relevant Successor(s)) divided by the number of Successors;

10.1.7.3. all other terms and conditions of the original Notes shall be replicated in each of the New Notes, with such modifications as would be required, as determined by the Calculation Agent, to preserve substantially the economic effect of the original Notes in the New Notes (considered in the aggregate);

10.1.7.4. each of the New Notes shall be deemed to constitute a separate and distinct issuance which shall be treated as a separate Series of Notes by the Issuer, and the Register shall be endorsed by the Registrar to reflect such separate Series of the New Notes and, at the request of a Noteholder, the Definitive Note representing the original Note (before the identification of the relevant Successor(s)) will be replaced by Definitive Notes representing the New Notes in accordance with this 2014 Credit Linked Condition 10.1.7; and

10.1.7.5. the Calculation Agent shall make such other conforming and consequential changes as it shall deem appropriate to give effect to this 2014 Credit Linked Condition including, without limitation, the amendment of 2014 Credit Linked Condition 4.1 to 2014 Credit Linked Condition 4.3 above to allow, *inter alia*, for redemption of 2014 Credit Linked Notes with an Aggregate Nominal Amount (determined on or about the Succession Date) equal to the nominal amount of one (or more) New Note(s) in respect of which a Relevant Event Determination Date has occurred, with the remainder of such Aggregate Nominal Amount of the Notes remaining outstanding and accruing interest on such reduced Aggregate Nominal Amount (until such time as a further Event Determination Date in respect of a different New Note may occur or a redemption of the remaining Aggregate Nominal Amount of the Notes may otherwise occur pursuant to the terms hereof).

10.1.8. **“Relevant Obligations”** means the Obligations of the Reference Entity which fall within the Obligation Category “Bond or Loan” and which are outstanding immediately prior to the Succession Date (or, if there is a Steps Plan,

immediately prior to the legally effective date of the first succession), provided that:

10.1.8.1. any Bonds or Loans outstanding between the Reference Entity and any of its Affiliates, or held by the Reference Entity, shall be excluded;

10.1.8.2. if there is a Steps Plan, the Calculation Agent shall, for purposes of the determination required to be made under 2014 Credit Linked Condition 10.1.1 above, make the appropriate adjustments required to take account of any Obligations of the Reference Entity which fall within the Obligation Category “Bond or Loan” that are issued, incurred, redeemed, repurchased or cancelled from and including the legally effective date of the first succession to and including the Succession Date;

10.1.8.3. if “Financial Reference Entity Terms” and “Senior Security” are specified as applicable in the Applicable Pricing Supplement, the Relevant Obligations shall only include the Senior Obligations of the Reference Entity which fall within the Obligation Category “Bond or Loan”; and

10.1.8.4. if “Financial Reference Entity Terms” and “Subordinated Security” are specified as applicable in the Applicable Pricing Supplement, Relevant Obligations shall exclude Senior Obligations and any Further Subordinated Obligations of the Reference Entity which fall within the Obligation Category “Bond or Loan”, provided that if no such Relevant Obligations exist, “Relevant Obligations” shall have the same meaning as it would if “Senior Security” were specified as applicable in the Applicable Pricing Supplement.

10.1.9. **“Sovereign Succession Event”** means, with respect to a Reference Entity that is a Sovereign, an annexation, unification, secession, partition, dissolution, consolidation, reconstitution or other similar event.

10.1.10. **“Steps Plan”** means a plan evidenced by Eligible Information contemplating that there will be a series of successions to some or all of the Relevant Obligations of the Reference Entity, by one or more entities.

10.1.11. **“Succession Date”** means the legally effective date of an event in which one or more entities succeed to some or all of the Relevant Obligations of the

Reference Entity; provided that, if at such time there is a Steps Plan, the Succession Date will be the legally effective date of the final succession in respect of such Steps Plan, or if earlier (i) the date on which a determination of the Calculation Agent in accordance with the definition of “Successor” would not be affected by any further related successions in respect of such Steps Plan, or (ii) the occurrence of an Event Determination Date in respect of the Reference Entity or any entity which would constitute a Successor.

10.1.12. **“Successor Backstop Date”** means, for purposes of any Successor determination determined by DC Resolution, the date that is 90 (ninety) calendar days prior to the Successor Resolution Request Date, otherwise, the date that is ninety calendar days prior to the earlier of:

10.1.12.1. the date on which the Successor Notice is effective; and

10.1.12.2. in circumstances where: (i) a Successor Resolution Request Date has occurred, (ii) the relevant Credit Derivatives Determinations Committee has Resolved not to make a Successor determination and (iii) the Successor Notice is delivered by the Calculation Agent not more than 14 (fourteen) calendar days after the day on which the DC Secretary publicly announces that the relevant Credit Derivatives Determinations Committee has Resolved not to make a Successor determination, the Successor Resolution Request Date.

The Successor Backstop Date shall not be subject to adjustment in accordance with any Business Day Convention.

10.1.13. **“Successor Resolution Request Date”** means, with respect to a notice to the DC Secretary requesting that a Credit Derivatives Determinations Committee be convened to Resolve one or more Successors to the Reference Entity, the date, as publicly announced by the DC Secretary, that the relevant Credit Derivatives Determinations Committee Resolves to be the date on which such notice is effective.

10.1.14. **“Successor Notice”** means an irrevocable notice from the Calculation Agent that describes a succession (or, in relation to a Reference Entity that is a Sovereign, a Sovereign Succession Event) in respect of which a Succession Date has occurred and pursuant to which one or more Successors to the Reference Entity can be determined and which contains a description in reasonable detail of the facts relevant to the determination

to be made pursuant to 2014 Credit Linked Condition 10.1.1 and any consequential amendments to the Reference Portfolio and/or the 2014 Credit Linked Notes as a result thereof.

- 10.1.15. **“Eligible Information”** means information which is publicly available or which can be made public without violating any law, agreement, understanding or other restriction regarding the confidentiality of such information.
- 10.1.16. **“Sovereign”** means any state, political subdivision or government, or any agency, instrumentality, ministry, department or other authority acting in a governmental capacity (including, without limiting the foregoing, the central bank) thereof.
- 10.1.17. **“Standard Reference Obligation”** means the obligation of the Reference Entity with the relevant Seniority Level which is specified from time to time on the SRO List. If the Standard Reference Obligation is removed from the SRO List, such obligation shall cease to be the Reference Obligation (other than for purposes of the “Not Subordinated” Obligation Characteristic or “Not Subordinated” Deliverable Obligation Characteristic) and there shall be no Reference Obligation unless and until such obligation is subsequently replaced on the SRO List, in which case, the new Standard Reference Obligation in respect of the Reference Entity shall constitute the Reference Obligation.
- 10.1.18. **“Non-Standard Reference Obligation”** means the Original Non-Standard Reference Obligation or, if a Substitute Reference Obligation has been determined, the Substitute Reference Obligation.
- 10.1.19. **“Original Non-Standard Reference Obligation”** means the obligation of the Reference Entity (either directly or as provider of a guarantee) which is specified as the Reference Obligation in the Applicable Pricing Supplement (if any is so specified) provided that if an obligation is not an obligation of the Reference Entity, such obligation will not constitute a valid Original Non-Standard Reference Obligation for purposes of the 2014 Credit Linked Notes (other than for the purposes of determining the Seniority Level and for the “Not Subordinated” Obligation Characteristic or “Not Subordinated” Deliverable Obligation Characteristic) unless otherwise specified in the Applicable Pricing Supplement.

10.2. Successor provisions specific to Nth-to-Default CLN

In respect of Nth-to-Default CLN, this 2014 Credit Linked Condition 10.2 shall apply in addition to 2014 Credit Linked Condition 10.1 above. If there is any inconsistency between this 2014 Credit Linked Condition 10.2 and the rest of the 2014 Credit Linked Conditions (including 2014 Credit Linked Condition 10.1 above), then this 2014 Credit Linked Condition 10.2 shall prevail.

10.2.1. Treatment of certain Successors

10.2.1.1. In the event that, pursuant to the application of 2014 Credit Linked Condition 10.1.1 above, a Reference Entity in relation to which no succession has occurred (the “**Surviving Reference Entity**”) would be the only Successor to a Reference Entity (the “**Legacy Reference Entity**”):

10.2.1.1.1. such Successor (that is a Surviving Reference Entity) shall not be a Successor to such Legacy Reference Entity; and

10.2.1.1.2. the replacement Reference Entity (the “**Replacement Reference Entity**”) selected by the Issuer in accordance with 2014 Credit Linked Condition 10.2.2 below shall be the sole Successor to such Legacy Reference Entity.

10.2.1.2. In the event that, pursuant to the application of 2014 Credit Linked Condition 10.1.1 above, there is only one Successor to a Legacy Reference Entity and such Successor is not a Surviving Reference Entity, such Successor shall be the sole Successor to such Legacy Reference Entity.

10.2.1.3. In the event that, pursuant to the application of 2014 Credit Linked Condition 10.1.1.3, 10.1.1.4 or 10.1.1.6 above, there are two or more Successors to a Legacy Reference Entity and none of such Successors is a Surviving Reference Entity:

10.2.1.3.1. each of such Successors (that is not a Surviving Reference Entity) shall be a Reference Entity for the purposes of one of the New Notes determined in accordance with 2014 Credit Linked Condition 10.1.6 above; and

10.2.1.3.2. each of the Surviving Reference Entity(ies) (that is not a Successor) shall continue to be a Reference Entity for each and every one of the New Notes determined in accordance with 2014 Credit Linked Condition 10.1.6 above.

10.2.1.4. In the event that, pursuant to the application of 2014 Credit Linked Condition 10.1.1.3, 10.1.1.4 or 10.1.1.6 above, there are two or more Successors to a Legacy Reference Entity and at least one of such Successors is a Surviving Reference Entity:

10.2.1.4.1. each of such Successor(s) (that is a Surviving Reference Entity) shall not be a Successor to such Legacy Reference Entity, and shall be replaced by a Replacement Reference Entity selected in accordance with 2014 Credit Linked Condition 10.2.2 below;

10.2.1.4.2. each of such Replacement Reference Entity(ies) and any other Successor(s) not constituting a Surviving Reference Entity shall be a Reference Entity for the purposes of one of the New Notes determined in accordance with 2014 Credit Linked Condition 10.1.7 above; and

10.2.1.4.3. each of the Surviving Reference Entity(ies) (that is not a Successor) shall continue to be a Reference Entity for each and every one of the New Notes determined in accordance with 2014 Credit Linked Condition 10.1.7 above.

10.2.2. Selection of Replacement Reference Entity

Upon a determination by the Calculation Agent of the occurrence of a succession with respect to which a Surviving Reference Entity would be a Successor but for the operation of 2014 Credit Linked Condition 10.2.1.1 above, the Issuer shall select an Eligible Reference Entity as the Replacement Reference Entity and the Transaction Type applicable to such Eligible Reference Entity.

“Eligible Reference Entity” means an entity:

10.2.2.1. that is in the same Moody's or S&P industry group as the relevant Surviving Reference Entity;

10.2.2.2. that has a bid-side credit spread (at the time the Issuer delivers to the Calculation Agent the notice specifying the Eligible Reference Entity that it has selected to be the Replacement Reference Entity) no greater than 110% (one hundred and ten percent) of the bid-side credit spread of the relevant Surviving Reference Entity at the same time (the “**Credit Spread Requirement**”), in each case based on a credit default swap:

10.2.2.2.1. on market standard terms for the relevant entity as at the time of such determination;

10.2.2.2.2. in respect of a notional amount equal to at least 50% (fifty percent), but not more than 100% (one hundred percent), of the Aggregate Nominal Amount; and

10.2.2.2.3. with a term equal to the period from and including the date of the determination to and including the Maturity Date (the “**Remaining Term**”), provided that if the Issuer, having used reasonable endeavours, cannot obtain Quotations from at least three Dealers in respect of the Remaining Term, the term for the purposes of this 2014 Credit Linked Condition 10.2.2.3 above shall be five years.

The bid-side credit spreads for the purpose of the Credit Spread Requirement shall be the unweighted arithmetic mean of the spread quotations obtained by the Issuer (on the basis of the terms set out above) from at least 3 (three) Dealers, as determined by the Issuer in a commercially reasonable manner and notified by the Issuer to the Calculation Agent;

10.2.2.3. that is principally traded in the credit derivatives market in respect of the same Geographical Region as the relevant Surviving Reference Entity, as determined in a commercially reasonable manner by the Issuer, where “**Geographical Region**” means North America, Latin America, Western Europe, Eastern Europe, Australia/New Zealand, Singapore, Asia (excluding Japan), Japan or such region determined in a commercially reasonable manner by the Issuer to give best effect to then current market practice in respect of the relevant Surviving Reference Entity; and

10.2.2.4. that is not an Affiliate of any Reference Entity or the Issuer both immediately prior to and following the determination of the relevant Successor.

10.2.3. Fallback Successor Process

If 2014 Credit Linked Condition 10.2.1.1 above applies and the Issuer fails to specify a Replacement Reference Entity in accordance with 2014 Credit Linked Condition 10.2.2 above, then:

10.2.3.1. the Legacy Reference Entity shall cease to be a Reference Entity unless it is itself a Successor; and

10.2.3.2. notwithstanding 2014 Credit Linked Condition 10.2.1.1 above each Surviving Reference Entity shall continue to be a Successor, together with any other Successors, and all other terms of the Notes shall remain unaffected.

10.2.4. Effective Date for Substitution of Reference Entity Following a Successor Determination

The substitution of a Reference Entity and the issuance of New Notes in accordance with the terms hereof shall be deemed to be effective on the Succession Date.

10.3. Substitute Reference Obligation

10.3.1. **“Substitute Reference Obligation”** means, with respect to a Non-Standard Reference Obligation to which a Substitution Event has occurred, the obligation that will replace the Non-Standard Reference Obligation, determined by the Calculation Agent as follows:

10.3.1.1. The Calculation Agent shall identify the Substitute Reference Obligation in accordance with 2014 Credit Linked Conditions 10.3.1.3, 10.3.1.4 and 10.3.1.5, below to replace the Non-Standard Reference Obligation, provided that the Calculation Agent will not identify an obligation as the Substitute Reference Obligation if, at the time of the determination, such obligation has already been rejected as the Substitute Reference Obligation by the relevant Credit Derivatives Determinations Committee and such obligation has not changed materially since the date of the relevant DC Resolution.

10.3.1.2. If any of the events set forth under 2014 Credit Linked Conditions 10.4.1.1 or 10.4.1.3 have occurred with respect to the Non-Standard Reference Obligation, the Non-Standard Reference Obligation will cease to be the Reference Obligation (other than for purposes of the “Not Subordinated” Obligation Characteristic or “Not Subordinated” Deliverable Obligation Characteristic and 2014 Credit Linked Condition 10.3.1.3.2 below). If the event set forth in 2014 Credit Linked Condition 10.4 has occurred with respect to the Non-Standard Reference Obligation and no Substitute Reference Obligation is available, the Non-Standard Reference Obligation will continue to be the Reference Obligation until the Substitute Reference Obligation is identified or, if earlier, until any of the events set forth under 2014 Credit Linked Condition 10.4.1.1 or 10.4.1.3 occur with respect to such Non-Standard Reference Obligation.

10.3.1.3. The Substitute Reference Obligation shall be an obligation that on the Substitution Date:

10.3.1.3.1. is a Borrowed Money obligation of the Reference Entity (either directly or as provider of a guarantee);

10.3.1.3.2. satisfies the Not Subordinated Deliverable Obligation Characteristic as of the date it was issued or incurred (without reflecting any change to the priority of payment after such date) and on the Substitution Date; and

10.3.1.3.3. if:

10.3.1.3.3.1. the Non-Standard Reference Obligation was a Conforming Reference Obligation when issued or incurred and immediately prior to the Substitution Event Date:

10.3.1.3.3.3. is a Loan (other than a Private-side Loan) which constitutes a Deliverable Obligation determined in

accordance with 2014 Credit Linked
Condition 16.1.1;

10.3.1.3.5.3. is a Deliverable Obligation (other than a Loan) determined in accordance with 2014 Credit Linked

Condition 16.1.1; or if no such obligation is available

10.3.1.3.5.4. is a Loan (other than a Private-side Loan) which constitutes a Deliverable Obligation determined in accordance with 2014 Credit Linked Condition 16.1.1.

10.3.1.4. If more than one potential Substitute Reference Obligation is identified pursuant to the process described in 2014 Credit Linked Condition 10.3.1.3 above, the Substitute Reference Obligation will be the potential Substitute Reference Obligation that most closely preserves the economic equivalent of the delivery and payment obligations of the Issuer in respect of the relevant 2014 Credit Linked Notes, as determined by the Calculation Agent. The Calculation Agent will notify the Issuer of the Substitute Reference Obligation within a reasonable period after it has been identified in accordance with 2014 Credit Linked Condition 10.3.1.3 above and the Substitute Reference Obligation shall replace the Non-Standard Reference Obligation immediately upon such notification.

10.3.1.5. If a Substitution Event has occurred with respect to the Non-Standard Reference Obligation and the Calculation Agent determines that no Substitute Reference Obligation is available for the Non-Standard Reference Obligation, then, subject to 2014 Credit Linked Condition 10.3.1.1 above and notwithstanding the fact that the Non-Standard Reference Obligation may have ceased to be the Reference Obligation in accordance with 2014 Credit Linked Condition 10.3.1.2 above, the Calculation Agent shall continue to attempt to identify the Substitute Reference Obligation.

10.3.3. **“Non-Conforming Reference Obligation”** means a Reference Obligation which is not a Conforming Reference Obligation.

10.3.4. **“Non-Conforming Substitute Reference Obligation”** means an obligation which would be a Deliverable Obligation determined in accordance with 2014

Credit Linked Condition 16.1.1 below on the Substitution Date but for one or more of the same reasons which resulted in the Reference Obligation constituting a Non-Conforming Reference Obligation on the date it was issued or incurred and/or immediately prior to the Substitution Event Date (as applicable).

- 10.3.5. **“Private-side Loan”** means a Loan in respect of which the documentation governing its terms is not publicly available or capable of being made public without violating a law, agreement, understanding or other restriction regarding the confidentiality of such information.
- 10.3.6. **“Seniority Level”** means, with respect to an obligation of the Reference Entity, (i) “Senior Level” or “Subordinated Level” as specified in the Applicable Pricing Supplement, or (ii) if no such seniority level is specified in the Applicable Pricing Supplement, “Senior Level” if the Original Non-Standard Reference Obligation is a Senior Obligation or “Subordinated Level” if the Original Non-Standard Reference Obligation is a Subordinated Obligation, failing which (iii) “Senior Level”.

10.4.3. If an event described in 2014 Credit Linked Condition 10.4.1.1 or 10.4.1.2 above has occurred on or prior to the Trade Date, then a Substitution Event shall be deemed to have occurred pursuant to 2014 Credit Linked Condition 10.4.1.1 or 10.4.1.2 above, as the case may be, on the Trade Date.

11. ADDITIONAL PROVISIONS RELATING TO DELIVERABLE OBLIGATIONS

For the purposes of making a determination pursuant to 2014 Credit Linked Condition 11.1 and 11.2 below, the final maturity date shall, subject to 2014 Credit Linked Condition 11.2 below, be determined on the basis of the terms of the Deliverable Obligation in effect at the time of making such determination and, in the case of a Deliverable Obligation that is due and payable, the final maturity date shall be deemed to be the date on which such determination is made.

11.1. Mod R

11.1.1. For any Physically Delivered CLN where “Mod R” is specified in the Applicable Pricing Supplement and Restructuring is the only Credit Event specified in a Credit Event Notice delivered by the Issuer, then unless the Deliverable Obligation is a Prior Obligation and Asset Package Delivery applies due to a Governmental Intervention, a Deliverable Obligation may only be specified for any 2014 Credit Linked Note (or deemed specified pursuant to 2014 Credit Linked Condition 6.8) in the Notice of Physical Settlement or specified in any NOPS Amendment Notice, as applicable, only if it (i) is a Fully Transferable Obligation and (ii) has a final maturity date not later than the Restructuring Maturity Limitation Date in each case, as of both the NOPS Effective Date and the Delivery Date.

Any requirement that notification of novation, assignment or transfer of a Deliverable Obligation be provided to a trustee, fiscal agent, administrative agent, clearing agent or Calculation Agent, for a Deliverable Obligation shall not be considered to be a requirement for consent for purposes of this 2014 Credit Linked Condition 11.1.

11.1.3. “**Restructuring Maturity Limitation Date**” means, with respect to a Deliverable Obligation, the Limitation Date occurring on or immediately

following the Maturity Date. 22. TERMS RELATING TO PHYSICAL SETTLEMENT AND DELIVERY

22.1. **“Asset Market Value”** means the market value of an Asset, as the Calculation Agent shall determine by reference to an appropriate specialist valuation or in accordance with the methodology determined by the Credit Derivatives Determinations Committee.

22.2. **“Deliver”**

22.2.1. “Deliver” means to deliver, novate, transfer, cede (including, in the case of a Guarantee, transfer and cede of the benefit of the Guarantee), assign or sell, as appropriate, in the manner customary for the settlement of the applicable Deliverable Obligations (which shall include executing all necessary

documentation and taking any other necessary actions), in order to convey all right, title (or, with respect to Deliverable Obligations where only equitable title is customarily conveyed, all equitable title) and interest in the Deliverable Obligations specified in the Notice of Physical Settlement or any NOPS Amendment Notice, as applicable, to Noteholders free and clear of any and all liens, charges, claims or encumbrances (excluding any liens routinely imposed on all securities in a relevant clearance system, but including, without limitation, any counterclaim, defence (other than a counterclaim or defence based on the factors set forth in 2014 Credit Linked Condition 18.2.1 to 2014 Credit Linked Condition 18.2.4 above or right of set-off by or of the Reference Entity or any applicable Underlying Obligor); provided that:

22.2.2. In the case of a Loan, Delivery shall be effected using documentation substantially in the form of the documentation customarily used in the relevant market for Delivery of such Loan at that time, provided further that each of the Issuer and each Noteholder agrees to comply with the provisions of any documentation (which shall include any market advisory that the relevant Credit Derivatives Determinations Committee Resolves to approve for such purpose) that the relevant Credit Derivatives Determinations Committee Resolves constitutes documentation customarily used in the relevant market for Delivery of such Loan at that time, as such documentation may be amended to the extent the relevant Credit Derivatives Determinations Committee Resolves is appropriate, which is consistent with the delivery and payment obligations of

the Issuer hereunder. Each of the Issuer and each Noteholder further agrees that compliance by it with the provisions of any such documentation, shall be required for, and, without further action, constitute, Delivery for purposes of this definition (to the extent that such documentation contains provisions describing how Delivery should be effected) and neither the Issuer nor any Noteholder shall be permitted to request that the other take, nor shall it be required to take, any action under 2014 Credit Linked Condition 6.3 unless otherwise contemplated by such documentation.

22.2.3. If Asset Package Delivery applies:

- 22.2.3.1. Delivery of a Prior Deliverable Obligation or a Package Observable Bond specified in the Notice of Physical Settlement or NOPS Amendment Notice, as applicable, may be satisfied by Delivery of the related Asset Package, and such Asset Package shall be treated as having the same currency, Outstanding Principal Balance or Due and Payable Amount, as applicable, as the Prior Deliverable Obligation or Package Observable Bond to which it corresponds had immediately prior to the Asset Package Credit Event;
- 22.2.3.2. each Asset in the Asset Package shall be Delivered provided that if any such Asset is not a Bond, it shall be treated as if it were a Loan for these purposes,
- 22.2.3.3. if the Asset Package is zero, the Outstanding Amount of the Prior Deliverable Obligation or Package Observable Bond shall be deemed to have been Delivered in full 3 (three) Business Days following the date on which the Issuer has notified Noteholders and the Calculation Agent of the detailed description of the Asset Package that it intends to Deliver in the Notice of Physical Settlement,
- 22.2.3.4. the Issuer may satisfy its obligation to make Delivery of the Prior Deliverable Obligation or Package Observable Bond in part by Delivery of each Asset in the Asset Package in the correct proportion; and

22.3. **“Deliverable Obligations Portfolio”** means, in respect of each Physically Delivered CLN, subject to 2014 Credit Linked Condition 10.1 and unless otherwise elected by the Issuer in accordance with the Issuer CLN Settlement Option as set out in these 2014 Credit Linked Conditions, such Deliverable Obligations, or if Asset Package is applicable, such Asset Package, as may be selected by the Issuer with:

22.3.1. an Outstanding Principal Balance, in respect of Deliverable Obligations that are Borrowed Money obligations; or

22.3.2. Due and Payable Amount, in respect of Deliverable Obligations that are not Borrowed Money obligations (or in either case, the equivalent Currency Amount thereof), in an aggregate amount (excluding any accrued and unpaid interest) equal to:

22.3.2.1. the aggregate Nominal Amount of the Notes outstanding in respect of the 2014 Credit Linked Notes, as of the relevant Event Determination Date; less

22.3.2.2. (if, at the option of the Issuer, Settlement Expenses and Swap Costs are to be deducted rather than separately paid by each such Noteholder) an outstanding principal balance or Due and Payable Amount, as the case may be, of such Deliverable Obligations with a market value as determined by the Calculation Agent equal to the Settlement Expenses and Swap Costs.

If the amount of the Deliverable Obligations Portfolio is less than zero, no Deliverable Obligations will be required to be Delivered and the amount of the Deliverable Obligations Portfolio will be deemed to be zero. If an obligation by its terms represents or contemplates an obligation to pay an amount greater than the Outstanding Principal Balance of such obligation as of the Delivery Date as a result of the occurrence or non-occurrence of an event or circumstance, the Outstanding Principal Balance of such obligation shall not include any additional amount that would be payable upon the occurrence or non-occurrence of such event or circumstance.

22.4. **“Delivery Date”** means, with respect to a Deliverable Obligation or an Asset Package, the date such Deliverable Obligation or Asset Package is Delivered (or deemed Delivered, as applicable), and, in circumstances where 2014 Credit Linked Condition 6.2 applies in respect of the 2014 Credit Linked Notes, with respect to an

amount of cash comprised in the Deliverable Obligations Portfolio, the date on which such cash is paid.

22.5. **“Delivery Method”** has the meaning specified in the Applicable Pricing Supplement, or, if no such meaning is specified, shall mean, unless otherwise agreed between a Noteholder and the Issuer, that delivery to such Noteholder shall be to a securities account designated by such Noteholder.

22.6. **“Due and Payable Amount”** means the amount that is due and payable by the Reference Entity under the obligation whether by reason of maturity, acceleration, termination or otherwise (excluding sums in respect of default interest, indemnities, tax gross-ups and other similar amounts) less all or any portion of such amount which, pursuant to the terms of the obligation:

22.6.1. is subject to any Prohibited Action; or

22.6.2. may otherwise be reduced as a result of the effluxion of time or the occurrence or non-occurrence of an event or circumstance (other than by way of (i) payment or (ii) a Permitted Contingency),

in each case, determined in accordance with the terms of the obligation in effect on either:

22.6.3. the NOPS Effective Date (or if the terms of the obligation are amended after such date but on or prior to the Delivery Date, the Delivery Date); or

22.6.4. the Valuation Date, as applicable.

22.7. **“Final Delivery Date”** means, in respect of a Physical Settlement Date, the final Delivery Date to occur with respect to Deliverable Obligations (or, where 2014 Credit Linked Condition 6.9 applies in respect of the Notes, the amount of cash) comprised in the Deliverable Obligations Portfolio pertaining to such Physical Settlement Date.

22.8. **“Latest Permissible Physical Settlement Date”** means, in respect of 2014 Credit Linked Condition 6.4, the date that is 30 (thirty) calendar days after the Physical Settlement Date and, in respect of 2014 Credit Linked Condition 6.5, 2014 Credit Linked Condition 6.6 and 2014 Credit Linked Condition 6.7, the date that is 15 (fifteen) Business Days after the Physical Settlement Date (or, where “Modified Restructuring Maturity Limitation and Conditionally Transferable Obligation” applies, the Modified Restructuring Maturity Limitation Date).

22.9. “Notice of Physical Settlement”

22.9.1. Notice of Physical Settlement means a notice from Issuer that:

22.9.1.1. confirms that the Issuer will redeem the Notes (unless the Applicable Pricing Supplement provides for multiple Deliveries) and require performance in accordance with Physical Settlement as the CLN Settlement Method; and

22.9.1.2. contains a detailed description of each Deliverable Obligation that Issuer will, subject to 2014 Credit Linked Condition 6, Deliver to Noteholders, including, if available, the CUSIP or ISIN number (or, if such identifying number is not available, the rate and tenor) of each such Deliverable Obligation; and

22.9.1.3. specifies the Outstanding Principal Balance or Due and Payable Amount, as applicable, or the equivalent amount in the Settlement Currency (in each case, the “**Outstanding Amount**”) and, if different, the face amount, of each such Deliverable Obligation and the aggregate Outstanding Amount of all Deliverable Obligations specified in the Notice of Physical Settlement that the Issuer intends to Deliver to Noteholders (the “Aggregate Outstanding Amount”).

22.9.2. The Issuer may, from time to time, notify the Noteholders in the manner specified above (each such notification, a “**NOPS Amendment Notice**”) that the Issuer is replacing, in whole or in part, one or more Deliverable Obligations specified in the Notice of Physical Settlement or a prior NOPS Amendment Notice, as applicable, (to the extent the relevant Deliverable Obligation has not been Delivered as of the date such NOPS Amendment Notice is effective). A NOPS Amendment Notice shall contain a revised detailed description of each replacement Deliverable Obligation that the Issuer will, subject to 2014 Credit Linked Condition 6, Deliver to Noteholders (each, a “**Replacement Deliverable Obligation**”) and shall also specify the Outstanding Amount of each Deliverable Obligation identified in the Notice of Physical Settlement or a prior NOPS Amendment Notice, as applicable, that is being replaced (with respect to each such Deliverable Obligation, the “**Replaced Deliverable Obligation Outstanding Amount**”). The Outstanding Amount of each Replacement Deliverable Obligation identified in a NOPS Amendment Notice shall be determined by applying the Revised Currency Rate to the relevant

Replaced Deliverable Obligation Outstanding Amount. The Outstanding Amount of the Replacement Deliverable Obligations specified in any NOPS Amendment Notice in aggregate with the Outstanding Amount of the Deliverable Obligations specified in the Notice of Physical Settlement or any earlier NOPS Amendment Notice which, in each case, are not being replaced must not be greater than the Aggregate Outstanding Amount. Each such NOPS Amendment Notice must be effective on or prior to the Physical Settlement Date (determined without reference to any change resulting from such NOPS Amendment Notice).

22.9.3. Notwithstanding the foregoing:

22.9.3.1. the Issuer may correct any errors or inconsistencies in the detailed description of each Deliverable Obligation contained in the Notice of Physical Settlement or any NOPS Amendment Notice, as applicable, by notice to the Noteholders prior to the relevant Delivery Date; and

22.9.3.2. if Asset Package Delivery is applicable, the Issuer shall on the NOPS Effective Date, or as soon as reasonably practicable thereafter (but in any case prior to the Delivery Date), notify the Noteholders of the detailed description of the Asset Package, if any, that it intends to, subject to 2014 Credit Linked Condition 6, Deliver to the Noteholders in lieu of the Prior Deliverable Obligation or Package Observable Bond, if any, specified in the Notice of Physical Settlement or NOPS Amendment Notice, as applicable,

it being understood in each case that such notice of correction shall not constitute a NOPS Amendment Notice.

22.10. **“NOPS Effective Date”** means the date on which an effective Notice of Physical Settlement or NOPS Amendment Notice, as the case may be, is delivered by the Issuer.

22.11. **“Physical Settlement Date”** means the last day of the longest Physical Settlement Period following the NOPS Cut-off Date, as the Calculation Agent may designate in its reasonable discretion provided that if the Final Price has not been determined by the Business Day immediately preceding the Physical Settlement Date, the Physical Settlement Date shall be the first Business Day after the Final Price is determined. If all Deliverable Obligations specified in the Notice of Physical Settlement or any NOPS Amendment Notice, as applicable, are Delivered on or before the day so designated,

the date that Delivery of such Deliverable Obligations is completed shall be deemed to be the Physical Settlement Date.

- 22.12. **“Physical Settlement Period”** means the number of Business Days specified as such in the Applicable Pricing Supplement or, if a number of Business Days is not so specified, with respect to a Deliverable Obligation specified in the Notice of Physical Settlement or any NOPS Amendment Notice, as applicable, the longest number of Business Days for settlement in accordance with then current market practice of such Deliverable Obligation, as the Calculation Agent shall determine, provided, however, that, if the Issuer has notified the Calculation Agent that it intends to Deliver an Asset Package in lieu of a Prior Deliverable Obligation or a Package Observable Bond, the Physical Settlement Period shall be 30 (thirty) Business Days.

23. TERMS RELATING TO CURRENCIES

- 23.1. **“Currency Amount”** means, with respect to:

23.1.1. a Deliverable Obligation specified in a Notice of Physical Settlement that is denominated in a currency other than the Settlement Currency, an amount converted into the Settlement Currency using a conversion rate determined by reference to the Currency Rate; and

23.1.2. a Replacement Deliverable Obligation specified in a NOPS Amendment Notice, an amount converted to the Settlement Currency (or, if applicable, back into the Settlement Currency) using a conversion rate determined by reference to the Currency Rate, if any, and each Revised Currency Rate used to convert each Replaced Deliverable Obligation Outstanding Amount specified in each NOPS Amendment Notice with respect to the relevant portion of the applicable Nominal Amount into the currency of denomination of the relevant Replacement Deliverable Obligation.

- 23.2. **“Currency Rate”** means with respect to:

23.2.1. a Deliverable Obligation specified in the Notice of Physical Settlement, the rate of conversion between the relevant currency and the currency in which the Outstanding Amount of such Deliverable Obligation is denominated that is either (i) determined by reference to the Currency Rate Source as at the Next Currency Fixing Time or (ii) if such rate is not available at such time, as the Calculation Agent shall determine; and

23.2.2. a Replacement Deliverable Obligation specified in a NOPS Amendment Notice, the Revised Currency Rate,

provided, however, that if a Notice of Physical Settlement is delivered within 5(five) Business Days of an Auction Final Price Determination Date, the Issuer may elect to use the Auction Currency Rate (as defined in the Credit Derivatives Auction Settlement Terms) if such rate exists for the relevant currency pair, or if “Local Market Currency Rate” is specified with respect to a Series in the Applicable Pricing Supplement, then the Issuer may elect, instead of using the Currency Rate Source, to determine the Currency Rate by reference to quotes from four leading dealers at the next Currency Fixing Time. The highest and lowest quotes shall be discarded and the Calculation Agent shall take an average of the remaining quotes. If it is not possible to obtain four quotes, then the Calculation Agent shall determine the rate acting in a commercially reasonable manner.

23.3. **“Currency Rate Source”** means the mid-point rate of conversion published by WM/Reuters at 4:00 p.m. (London time), or any successor rate source approved by the relevant Credit Derivatives Determinations Committee.

23.4. **“Next Currency Fixing Time”** means 4:00 p.m. (London time) on the London Business Day immediately following the date on which the Notice of Physical Settlement or relevant NOPS Amendment Notice, as applicable, is effective.

23.5. **“Revised Currency Rate”** means, with respect to a Replacement Deliverable Obligation specified in a NOPS Amendment Notice, the rate of conversion between the currency in which the Replaced Deliverable Obligation Outstanding Amount is denominated and the currency in which the Outstanding Amount of such Replacement Deliverable Obligation is denominated that is determined either (i) by reference to the Currency Rate Source as at the Next Currency Fixing Time or (ii) if such rate is not available at such time, as the Calculation Agent shall determine in a commercially reasonable manner.

Selling restrictions

South Africa

Prior to the issue of any Tranche of Notes under the Master Structured Note Programme, each Dealer who has (or will have) agreed to place that Tranche of Notes will be required to represent and agree that it will not solicit any offers for subscription for or sale of the Notes in that Tranche, and will itself not sell the Notes in that Tranche of Notes, in South Africa, in contravention of the Companies Act, the Banks Act, the Exchange Control Regulations and/or any other applicable laws and regulations of South Africa in force from time to time.

United States of America

Regulation S Category 2 TEFRA D, unless TEFRA C is specified as applicable or TEFRA is specified as not applicable in the relevant Pricing Supplement.

The Notes have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from, or not subject to, the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

The Notes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the United States Internal Revenue Code and regulations thereunder.

Each Dealer has agreed that, except as permitted by the Programme Agreement, it will not offer, sell or deliver Notes, (i) as part of their distribution at any time or (ii) otherwise until 40 days after the completion of the distribution of the Notes comprising the relevant Tranche, as certified to the Paying

Agent or the Issuer by such Dealer (or, in the case of a sale of a Tranche of Notes to or through more than one Dealer, by each of such Dealers as to the Notes of such Tranche purchased by or through it, in which case the Paying Agent or the Issuer shall notify each such Dealer when all such Dealers have so certified) within the United States or to, or for the account or benefit of, U.S. persons, and such Dealer and its affiliates will have sent to each dealer to which it sells Notes during the distribution compliance period relating thereto a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons.

In addition, until 40 days after the commencement of the offering of Notes comprising any Tranche, any offer or sale of Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act.

European Economic Area

In relation to each Member State of the European Economic Area (each, a Relevant Member State), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that with effect from and including the date on which the Prospectus Regulation came into force (the “**Regulation Effective Date**”) it has not made and will not make an offer of Notes which are the subject of the offering contemplated by the Programme Memorandum as completed by the Applicable Pricing Supplement in relation thereto to the public in that Relevant Member State except that it may, with effect from and including the Regulation Effective Date, make an offer of such Notes to the public in that Relevant Member State:

- (a) **Approved prospectus:** if the Applicable Pricing Supplement in relation to the Notes specifies that an offer of those Notes may be made other than pursuant to Article 1(4) of the Prospectus Regulation in that Relevant Member State (a Non-exempt Offer), following the date of publication of a prospectus in relation to such Notes which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, provided that any such prospectus which has subsequently been completed by the Applicable Pricing Supplement contemplating such Non-exempt Offer, in accordance with the Prospectus Regulation, in the period beginning and ending on the dates specified in such prospectus or Applicable Pricing Supplement, as applicable and the Issuer has consented in writing to its use for the purpose of that Non-exempt Offer;
- (b) **Qualified investors:** at any time to any legal entity which is a qualified investor as defined in the Prospectus Regulation;

- (c) **Fewer than 150 offerees:** at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Regulation) subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (d) **Other exempt offers:** at any time in any other circumstances falling within Article 1(4) of the Prospectus Regulation,

provided that no such offer of Notes referred to in (b) to (d) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the Prospectus Regulation.

For the purposes of this provision, the expression an “**offer of Notes to the public**” in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, and the expression “**Prospectus Regulation**” means Regulation (EU) 2017/1129. Accordingly any person making or intending to make an offer in that Relevant Member State of the Notes may only do so in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the Prospectus Regulation, in each case, in relation to such offer. Neither the Issuer nor any Dealer has authorised, nor do they authorise, the making of any offer of Notes in any other circumstances.

Absa Bank Limited (“**Absa Bank**”, the “**Issuer**” or the “**Company**”), with preference shares listed on the JSE Limited, is a wholly-owned subsidiary of Absa Group Limited (“**AGL**” or the “**Controlling Company**”, and together with its subsidiaries, the “**Group**”) (in terms of assets and contribution to revenue). Absa Bank offers a range of retail, business, corporate and investment banking, and wealth management products and services primarily in South Africa and has representative offices in Namibia and Nigeria. Absa Bank (registration number 1986/004794/06) is a public company duly established and registered in South Africa as a bank in accordance with the laws of South Africa (the Companies Act and the Banks Act). Absa Bank’s registered office is at 7th Floor, Absa Towers West, 15 Troye Street, Johannesburg, 2000.

AGL is listed on the JSE Limited and is one of Africa’s major financial services providers offering personal and business banking, credit cards, corporate and investment banking, wealth and investment management as well as bancassurance.

AGL was expanded through combining Absa Group Limited and Barclays Bank PLC’s African operations on 31 July 2013. Reflecting the enlarged group’s pan-African focus, the Group’s name changed from Absa Group Limited, to Barclays Africa Group Limited on 2 August 2013. On 15 May 2018, AGL’s shareholders approved the change of AGL’s name from “*Barclays Africa Group Limited*” to “*Absa Group Limited*”. The name change to “*Absa Group Limited*” was effective 11 July 2018. AGL’s operations across Africa are in the process of being rebranded as “*Absa*”.

AGL’s registered head office is in South Africa and AGL has majority stakes in banks in Botswana, Ghana, Kenya, Mauritius, Mozambique, Seychelles, South Africa (via Absa Bank), Tanzania (Barclays Bank Tanzania and National Bank of Commerce), Uganda and Zambia. The Group also has representative offices in Namibia and Nigeria, as well as bancassurance operations in Botswana, Mozambique, South Africa and Zambia.

2. BACKGROUND AND HISTORY

The Issuer was formed in April 1991 when UBS Holdings Limited, the holding company of, *inter alia*, United Building Society Limited (the largest building society in South Africa at the time) and United Bank Limited merged all the assets of the Allied Group Limited, the holding company of, *inter alia*, Allied Building Society Limited (one of the largest building societies in South Africa at the time) and Allied Bank Limited, and all the assets of Volkskas Group Limited, the holding company of, *inter alia*, Volkskas Bank Limited (one of the largest commercial banks in South Africa at the time), MLS Bank Limited and Volkskas Motorbank Limited (which later changed its name to Absa Motorbank Limited).

In April 1992, all the assets and liabilities of Bankorp Holdings Limited (formerly Die Trustbank van Afrika until 1 June 1990), the holding company of, *inter alia*, TrustBank Limited (one of the largest commercial banks in South Africa at that time), Senbank and Bankfin, were taken over by Absa Bank Limited. Volkskas Bank Limited was incorporated under the name Volkspaaren Voorskot Kas (Koöperatief) Beperk on 3 April 1934. On 30 September 1991 all the assets and liabilities of this company were transferred to United Bank Limited. Johannesburg Building Society Limited (incorporated on 3 June 1978) became Allied Building Society Limited which became Alliance (1991) Limited after its assets and liabilities were transferred to Absa Bank Limited.

UBS Holdings Limited (incorporated on 26 November 1986) changed its name to Amalgamated Banks of South Africa Limited. Absa Bank traded as a bank under the names Allied Bank, TrustBank, United Bank and Volkskas Bank with assets exceeding R52 billion (as at March 1991). Amalgamated Banks of South Africa Limited changed its name to Absa Group Limited in 1997. From November 1998, the Group's retail, business, and corporate and investment banking operations in South Africa have traded as Absa Bank Limited.

In early 2016, Barclays PLC announced that it would be selling down its interest in Absa Group Limited (previously Barclays Africa Group Limited). The sell-down took place over a period of approximately 12 months (from mid-2016 to mid-2017) and the shareholding of Barclays PLC in Absa Group Limited reduced from 62.3 per cent. to 14.9 per cent. The structure of the Group largely did not change other than the shareholding by Barclays PLC in Absa Group Limited. This is illustrated in diagram 2 below. The financial contribution by Barclays PLC in respect of the Separation was to Absa Bank (GBP 760 million, in tranches). The only change in structure was an interim one in terms of which there was an issue of 10 ordinary shares in the issuer to Barclays PLC for a period of

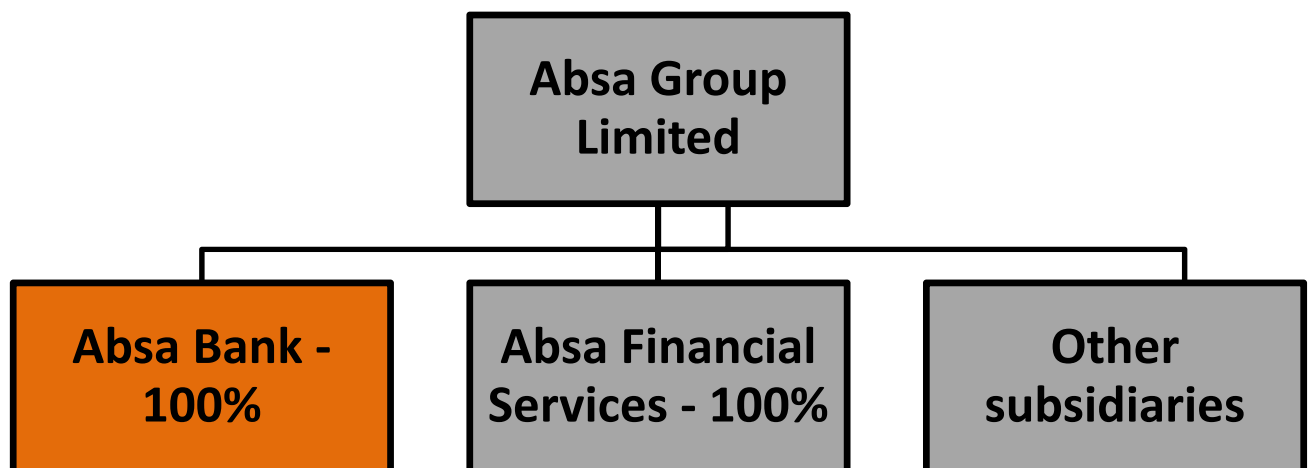

approximately 16 months, after which these shares were transferred to Absa Group Limited. 100 percent of the ordinary shares in Absa Bank are accordingly now held by Absa Group Limited.

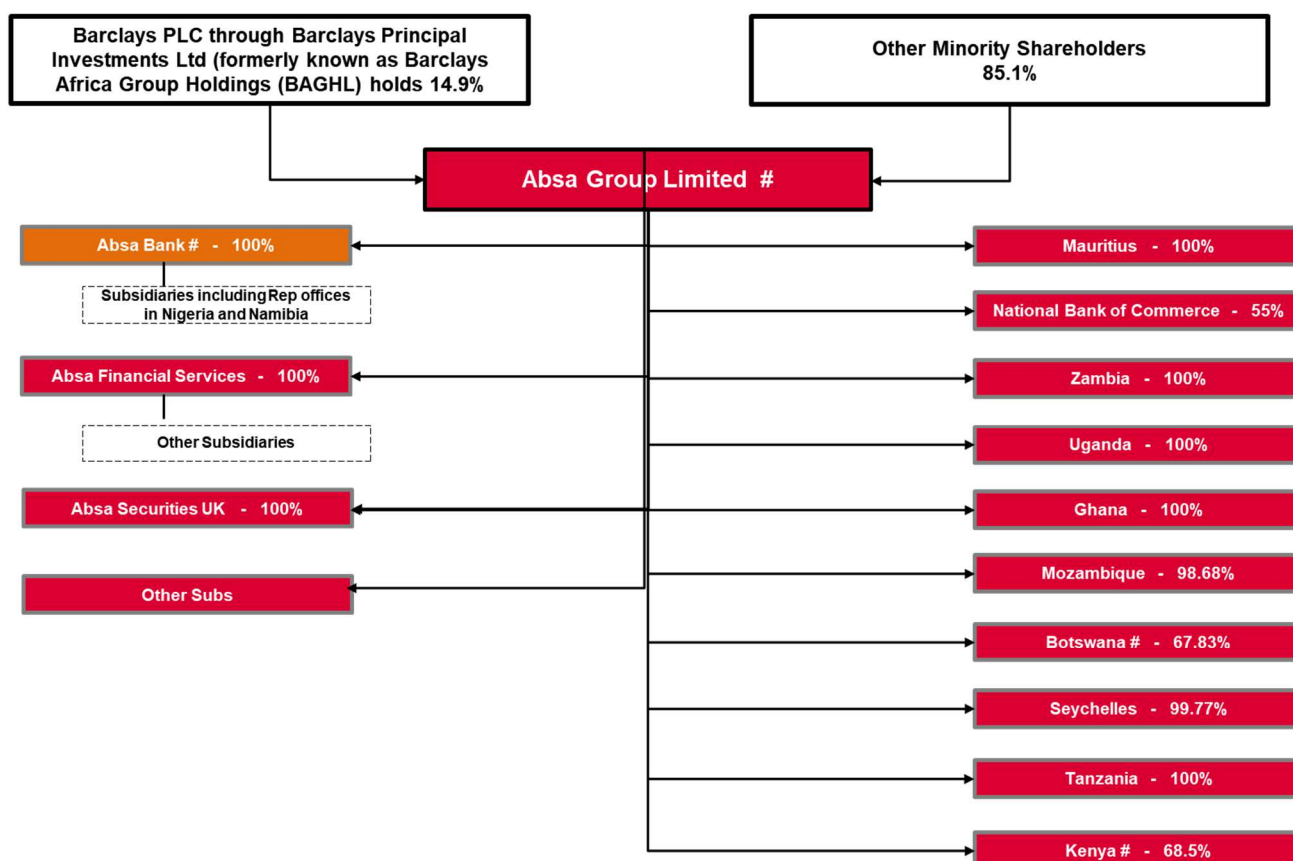

Barclays PLC currently holds 14.9% of the shares in Absa Group Limited which in turn holds 100% of the shares in Absa Bank Limited. Barclays PLC has one director (out of 15) on the board of Absa Group. Barclays PLC does not have any nominee on the Board of Absa Bank.

The Issuer has at all times through the Barclays PLC acquisition, sell-down and Separation process been called Absa Bank Limited.

7. OTHER CORPORATE GOVERNANCE MATTERS

7.1. King IV

The King Report on Corporate Governance for South Africa 2016™ (“**King IV**” or the “**Code**”), the main governance code applicable to companies in South Africa, was launched by the Institute of Directors in Southern Africa on 1 November 2016 as a set of voluntary principles and leading practices with an “apply and explain” policy. The principles and practices of the Code are to be applied to the extent required and beneficial to a company (the proportionality principle), taking into consideration a number of factors such as the size of turnover and workforce, resources, complexity and nature of business of an entity.

Absa Bank is the largest wholly-owned subsidiary (in terms of assets and contribution to revenue) of the Group. The seven directors of Absa Bank are also directors on the AGL Board and the two boards hold certain joint meetings. The Absa Board relies on the committees of the AGL Board in the discharge of its duties and responsibilities. Absa Board is the focal point of the Company’s corporate governance. The Board Charter sets out the practices for implementing the corporate governance provisions set out in the Company’s Memorandum of Incorporation (Mol), King IV, the Companies Act No. 71 of 2008 (as amended) (the “**Companies Act**”), the Banks Act No. 94 of 1990 (as amended) (the “**Banks Act**”), the Financial Sector Regulation Act No. 9 of 2017,

other good governance practices and the governance principles determined by the Board from time to time.

The Group board monitors the overall governance practices and application of King IV by the Group on an annual basis with disclosures thereof in the Group's Integrated Report. Absa Bank's application of King IV and the disclosures as set out in this document should be read in conjunction with Absa Group's King IV application disclosure available at www.absa.africa which supplements the disclosures of the Group's governance practices in the Integrated Report, also available on the website.

A high level analysis of the application by Absa Bank of each principle of King IV is set out below with the expected outcomes ranked as 'primary' or 'secondary' depending on the degree of impact on governance of applying the practices under the principle.

All Principles are complied with. There are areas within certain Principles that require further refinement and that are work-in progress. These include Ethical conduct which is dealt with as part of the work on Culture; Stakeholder relationships (for which a policy has been approved); Fair and Responsible remuneration which is an ongoing focus of the Group Remuneration Committee; Combined Assurance which involves the streamlining of all assurance activities to ensure appropriate coverage of all areas of risk without duplication; and the Group Governance Framework which involves obtaining the views of a number of internal stakeholders (including subsidiary boards) in order to ensure alignment in regard to the draft content thereof.

8. RISKS

Risks Relating to the Issuer

The investments, business, profitability and results of operations of the Issuer may be adversely affected as a result of economic or business conditions

South African macroeconomic conditions

The Group's operations are predominantly concentrated in South Africa, with the majority of its revenues deriving from operations in South Africa. The Issuer is therefore highly exposed to South African macroeconomic conditions and, as a result of their impact on the South African economy, global economic conditions. Any material deterioration in global or South African macroeconomic conditions could lead to a reduction in business activity, higher impairment charges, increased funding costs and reduced profitability and revenues.

South African conditions specific to the banking sector

The South African banking sector remains well capitalised, funded, regulated and managed. The South African financial sector is widely regarded as one of the country's key pillars of economic strength. The banking sector is, however, highly exposed to South African macroeconomic conditions and will be impacted by negative macroeconomic developments.

Although household and corporate affordability conditions are currently benefiting from historically lower inflation and low interest rates, a marked slowdown in foreign capital flows may reduce the value of the Rand and lead to higher interest rates which, in turn, is likely to have a significant impact on household and corporate affordability conditions. A deterioration in the strength and organisation of the country's institutions, especially the independence of the SARB and policy conduct at the National Treasury of South Africa (the "**National Treasury**"), can also have a negative impact on the banking sector.

The Issuer's financial performance has been and is likely to remain linked to the performance of the South African economy.

Any deterioration in economic or business conditions, in policy predictability, in political and/or security stability and in social conditions in South Africa or the other countries in which the Issuer operates, could materially adversely affect the Issuer's borrowers and contractual counterparties which, in turn, could have a material adverse impact on the Issuer's business, results, financial condition or prospects.

There are a number of risks inherent in the banking industry which may impact the performance of the Issuer

The Issuer, in common with other banks in South Africa and elsewhere, is exposed to a variety of risks arising in the ordinary course of its business, the most significant of which

are credit risk, credit concentration risk, market risk, liquidity risk and operational risk, with credit risk constituting the largest risk.

Whilst the Issuer believes that it has implemented appropriate standards, policies, systems and processes to control and mitigate these risks, investors should note that any failure to manage these risks adequately could have a material adverse effect on the financial condition and reputation of the Issuer.

Credit Risk

The Issuer's businesses are subject to inherent risks regarding borrower credit quality and the recoverability of loans and amounts due from counterparties. Changes in the credit quality of the Issuer's borrowers and counterparties or arising from systemic risk in the financial systems could reduce the value of the Issuer's assets, and require increased provisions for bad and doubtful debts. In addition, changes in economic conditions may result in deterioration in the value of security held against lending exposures and increase the risk of loss in the event of borrower default.

Credit Concentration Risk

Credit concentration risk is the risk of loss arising from an excessive concentration of exposure to a single counterparty, industry, market, product, financial instrument or type of security, country or region, or maturity. Due to the Issuer's position and role in the South African economy, natural concentrations exist in areas where it is largely unavoidable, namely:

- Private household clients, and specifically the home loans asset class, due to the Issuer's position as a major retail bank in the South African market;
- Sovereign exposure that is largely due to the Issuer's liquid asset portfolio holdings;
- South Africa geographic exposure due to the Issuer's being headquartered in South Africa; and
- Banks due to the Issuer's funding and hedging activities.

Market Risk

Market risk is the risk of a change in the market value, actual or effective earnings, or future cash flows of a portfolio of financial instruments, including commodities, which is caused by adverse movements in market variables such as equity, bond and commodity

prices, currency exchange and interest rates, credit spreads, recovery rates, correlations and implied volatilities in all of these variables. The Issuer's key market risks are trading book market risk, interest rate risk in the banking book, equity risk in the banking book and foreign currency risk.

Trading book market risk is represented by financial instruments, including commodities, held in the Issuer's trading book arising out of normal global market trading activity. Banking book-related market risk exposure principally involves managing the potential adverse effect of interest rate movements on banking book earnings (net interest income and banking book mark-to-market profit or loss) and the economic value of equity.

Equity risk is defined as the risk of loss arising from a decline in the value of equity or an equity-type instrument held in the banking book, whether caused by a deterioration in the underlying operating asset performance, NAV, enterprise value of the issuing entity, or by a decline in the market price of the equity or instrument itself.

The Issuer's primary non-trading related exposures to foreign currency risk arise as a result of the translation effect on the Issuer's net assets in foreign operations, intragroup foreign-denominated debt and foreign-denominated cash exposures and accruals.

Although the Issuer has implemented risk management methods, including stress testing, to seek to mitigate and control these and other market risks to which it is exposed and these exposures are constantly measured and monitored, there can be no assurance that these risk management methods will be effective, particularly in unusual or extreme market conditions.

Liquidity Risk

Liquidity risk is the risk that a bank will be unable to meet its obligations, including funding commitments, as they fall due. This risk is inherent in banking operations and can be heightened by a number of enterprise-specific factors, including over-reliance on a particular source of funding (including, for example, wholesale and overnight funding), credit rating downgrades or market-wide stress scenarios such as market dislocation and major disasters. During the height of the financial crisis in 2008, wholesale funding providers were unwilling to lend to banks and this had a material adverse effect on global banks' ability to raise funding in both the public and private markets. This resulted in severe liquidity problems for financial institutions which forced governments and central banks to provide unprecedented financial assistance to enable financial markets to continue to operate. Although financial markets have stabilised considerably since then, they remain subject to periods of volatility. In addition, although funding spreads have

tightened substantially since 2012 reflecting additional liquidity provided to the market by central banks and more stable financial markets, accommodative monetary policies may not continue.

An inability on the Issuer's part to access funds or to access the markets from which the Issuer raises funds may lead to the Issuer being unable to meet its obligations as they fall due, which in turn could have a material adverse impact on the Issuer's reputation, liquidity positions, solvency position, business, results, or prospects. The underlying operations of the Issuer and the rest of the Group takes deposits with maturities which are contractually shorter than loans made by the Issuer. This exposes the Issuer to the risk that depositors could withdraw their funds at a rate faster than the rate at which borrowers repay their loans, thus causing liquidity strains. Additionally, the Issuer's ability to raise or access funds may be impaired by factors that are not specific to the Issuer, such as general market conditions, severe disruption of the financial markets or negative views about the prospects for the Issuer, or the industries or regions in which the Issuer operates. In addition, the Issuer's borrowing costs and access to funds may be adversely affected by any credit rating downgrade. The Issuer has developed and implemented risk management policies, procedures and processes designed to reduce this risk through proactive monitoring, management and reporting of the Issuer's liquidity risk position, however there is no assurance that such measures will adequately address all liquidity risks that the Issuer may face.

The Issuer is reliant on both retail deposits and wholesale funding. Although the Issuer believes that its level of access to domestic and international inter-bank and capital markets and its prudent liquidity risk management will continue to allow the Issuer to meet its short-term and long-term liquidity needs, any severe liquidity stress events could have a material adverse impact on the Issuer's liquidity and solvency position results or prospects. During a liquidity stress event the Issuer is likely to obtain additional sources of funds at an increased cost which could adversely affect the financial position of the Issuer.

Operational Risk

Similar to other financial institutions, the Issuer is susceptible to direct or indirect loss resulting from human errors/failures, inadequate or failed internal processes, systems or external events. The Issuer is also subject, from time to time, to service interruptions of third party services such as telecommunications, which are beyond the Issuer's control. Such interruptions may result in interruption to services to the Issuer's branches and/or impact customer service. Given the Issuer's high volume of transactions, errors may be

repeated or compounded before they are discovered and rectified. In addition, a number of banking transactions are not fully automated, which may further increase the risk that human error or employee tampering will result in losses that may be difficult for any bank to detect quickly or at all. While the Issuer maintains a system of controls designed to monitor and control operational risk, there can be no assurance that the Issuer will not suffer losses from such risks. Losses from the failure of the Issuer's system of internal controls to discover and rectify such matters could have a material adverse impact on the Issuer's business, results, financial condition or prospects.

Terrorist acts, and other acts of war or hostility and responses to those acts, may create economic and political uncertainties, which could have a negative impact on the Issuer's markets, and international economic conditions generally, and more specifically on the Issuer's business and results of operations in ways that cannot be predicted.

The Issuer's risk management policies and procedures may not have identified or anticipated all potential risk exposures

The Group has devoted significant resources to developing its risk management policies and procedures, particularly in connection with credit, market, liquidity, interest rate and operational risks, and expects to continue to do so in the future. Nonetheless, its risk management techniques may not be fully effective in mitigating its risk exposure in all market environments or against all types of risk, including risks that are unidentified or unanticipated. Some of the Issuer's methods of managing risk are based upon its use of observed historical market behaviour. As a result, these methods may not predict future risk exposures, which could be greater than indicated by historical measures. Other risk management methods depend upon evaluation of information regarding the markets in which the Issuer operates, its clients or other matters that are publicly available or otherwise accessible by the Issuer. This information may not be accurate in all cases, complete, up-to-date or properly evaluated. Any failure arising out of the Issuer's risk management techniques may have an adverse effect on its results of operations and financial condition.

Risk Management

The Group maintains an active approach towards managing both current and emerging risk through the continued operating effectiveness of its Board approved Enterprise Risk Management Framework ("ERMF"). The ERMF provides an integrated risk management framework designed to meet the challenges of the changing risk

environment and to ensure that the Group's business growth plans are properly supported by effective risk management. This approach is underpinned by:

- a robust and aligned governance structure at a Group, legal entity and business cluster level;
- well defined material risk categories known as principal risks;
- a three-lines-of-defence model, with clear accountability for managing, overseeing and independently assuring risks;
- comprehensive processes to evaluate, respond to, and monitor risks; and
- a sound architecture that sets out the appropriate risk practices, tools, techniques and organisational arrangements.

8.1. Risk Management Objectives

All levels within the Bank, from the Board and executive level committees down to the business unit managers and their risk specialists are responsible for risk management. A strong risk awareness and accountability culture is central to the effective risk management. Risk management decisions are enacted at the most appropriate level, in line with business objectives and subject to robust and effective review as well as challenge processes. Strategic business decisions are taken in accordance with a Board-approved risk appetite with the executive and risk committees closely monitoring risk profiles against this appetite.

ERMF

The approach to managing risk is outlined in the ERMF, which provides the basis for setting policies and standards, and establishing appropriate risk practices throughout the Group. It defines the risk management process and sets out the activities, tools, techniques and organisational arrangements to ensure that material risks can be identified and managed. It ensures that appropriate responses are in place to protect the Bank and its stakeholders.

The ERMF sets out the principal risks, and assigns clear ownership and accountability for these risks. The ERMF defines credit, market, treasury and capital, insurance, operational, model, conduct, reputation and legal risks as principle risks in recognition of their significance to the Group's strategic ambitions.

Credit risk, market risk and treasury and capital risk are collectively known as “**financial principal risks**”. The remaining risks are referred to as “**non-financial principal risks**” (together with the financial principal risks, the “**principal risks**”).

Individual events may entail more than one principal risk. For example, internal fraud by a trader may expose the Bank to operational and market risks as well as many aspects of conduct risk.

This is not an exhaustive list of risks to which the Bank is subject. For example, the Bank is also subject to political and regulatory risks. While these may be very consequential, and assessed from time to time in the planning and decision making process, they are not considered principal risks. These other risks are, however, subject to ERMF framework and oversight by Risk Management.

The Group’s Risk and Capital Management Committee periodically reviews the list of principal risks to consider if new risks have emerged that should be included in the framework.

Risk Process: Evaluate-respond-monitor

A structured, practical set of three steps to manage risk: Evaluate, respond and monitor (the E-R-M process). The process enables management to identify and assess risks, determine the appropriate response, and then monitor the effectiveness of the risk response and any changes to the risk profile. This three step risk management process:

- Can be applied to every objective at every level;
- Is embedded into the business decision-making process;
- Guides the response to changes in the external or internal environment; and
- Involves all staff and all three lines of defence.

Risk Architecture

The ERMF sets out the activities, tools, techniques and organisational arrangements to ensure that material risks can be identified and managed. It

ensures that appropriate responses are in place to protect the Bank and its stakeholders. The following tools and techniques are key in the risk architecture:

- **Risk culture:** The code of conduct outlines the values and behaviours which govern the way of working. It constitutes a reference point covering all aspects of employees' working relationships, specifically with other employees, customers and clients, governments and regulators, business partners, suppliers, competitors and the broader community. The objective of the code of conduct is to define the way the Bank thinks, works and acts to ensure it delivers against its purpose of helping people to achieve their ambitions – in the right way. The code of conduct sets out the ethical and professional attitudes and behaviours expected of the Bank and its employees.
- **Three lines of defence:** A 'three lines of defence' model is applied to govern risk across all segments and functions. The ERMF assigns specific responsibilities to each line of defence:
 1. **First line:** process and control owners in customer and client-facing business segments and select functions. They are responsible for managing risk and control in their processes on an end-to-end basis;
 2. **Second line:** independent risk, compliance, legal and control functions which formulate the policies and standards for managing risk and control and ensure, through reviews, that the first line meets the requirements of the policies and standards; and
 3. **Third line:** internal and external audit functions that confirm, through control testing and other reviews, that the first and second lines execute their responsibilities in an effective and consistent manner.
- **Governance:** The Absa Board is supported by a number of committees at Board, executive, and business level.
- **Combined assurance:** A combined assurance model is applied and requires co-ordinated activity across the three lines of defence for effective combined assurance. The objective of combined assurance is to optimise overall assurance provided to the executive and Board in

respect of the risk and control environment. The Bank seeks to have a greater level of process automation and a higher proportion of preventative controls, wherever possible. The combined assurance strategy is a more risk-based approach, across those areas that are most material to the enterprise.

- **Human Capital:** Sustained focus on employees, as a differentiating asset, has enabled the Bank to accelerate progress. Central to this is leadership continuity, critical skills retention, and ability to attract and engage quality employees. Significant investment in employee development and strengthening the employer brand is being made. This includes building the leadership and managerial depth to underpin future ambitions.
- **Data:** Internal and external data is utilised in meeting regulatory requirements and the management of risk. Selected data and analytics partnerships with third parties are entered into to enhance and heighten understanding of customers and clients. Third parties may include public and private sector corporate clients, bureaus and other data providers. Internal data is owned and managed by the respective business units with regular assessment of data quality via their respective risk governance structures. All key datasets are subject to the requirements of data policies and standards.
- **Technology:** Technology is a building block for risk management practices, and to this end solutions are focussed on:
 - Data collection and storage;
 - Risk analysis and modelling;
 - Risk assessment, monitoring and control; and
 - Risk reporting and communication

The Board-approved ERMF sets out the scope of the risks faced, and creates clear ownership and accountability for risks. The ERMF covers the nine principal risks (as detailed below).

9. FINANCIAL PERFORMANCE

Potential investors are hereby referred to the Issuer's audited consolidated annual financial statements, incorporated herein by reference and available at www.absa.co.za and/or at the Issuer's Specified Office as set out at the end of this Master Programme Memorandum, for a summary of the Issuer's financial performance.

SECTION VI: SOUTH AFRICAN TAXATION

This section should be read in conjunction with, and is qualified in its entirety by, the detailed information contained elsewhere in this Master Programme Memorandum, any Applicable Product Supplement and/or any Applicable Pricing Supplement. Capitalised terms used in this Section VI headed “South African Taxation” shall bear the same meanings as used in the Terms and Conditions, except to the extent that they are separately defined in this section or clearly inappropriate from the context.

The comments below are intended as a general guide to certain aspects of the current relevant tax laws of South Africa as at the date of the Master Programme Memorandum. South African tax legislation is subject to frequent change and accordingly the comments as set out below may be subject to change, possibly with retrospective effect.

The contents of this section headed “South African Taxation” constitutes a summary of certain aspects of the relevant current South African tax laws and does not constitute tax advice and do not purport to describe all of the considerations that may be relevant to a prospective subscriber for or purchaser of any Notes. Prospective subscribers for or purchasers of any Notes should consult their professional advisers in this regard.

Income Tax

Under current taxation law effective in South Africa, a “resident” (as defined in section 1 of the Income Tax Act) is subject to income tax on his/her world-wide income. Accordingly, all holders of Notes who are residents of South Africa will generally be liable to pay income tax, subject to available deductions, allowances and exemptions, on any income (including income in the form of interest) earned in respect of the Notes.

Non-residents of South Africa are subject to income tax on all income derived from a South African source (subject to applicable double taxation treaties). Interest income is from a South African source if it is attributable to an amount incurred by a person that is a resident, unless the interest is attributable to a permanent establishment which is situated outside South Africa; or is derived from the utilisation or application in South Africa by any person of funds or credit obtained in terms of any form of “interest bearing arrangement”. Accordingly, if the interest payments in respect of the Notes are from a South African source as set out above, the interest earned by a Noteholder will be subject to South African income tax unless such interest income is exempt from South African income tax under section 10(1)(h) of the Income Tax Act (*see below*).

Under section 24J of the Income Tax Act, any discount or premium to the Nominal Amount of a Tranche of Notes is treated as part of the interest income on the Notes. Interest income which accrues (or is deemed to accrue) to the Noteholder is deemed, in accordance with section 24J of the Income Tax

Act, to accrue on a day to-day basis until that Noteholder disposes of the Notes or until maturity. The day to day basis accrual is determined by calculating the yield to maturity and applying it to the capital involved for the relevant tax period. The interest may qualify for the exemption under section 10(1)(h) of the Income Tax Act.

In terms of section 24JB of the Income Tax Act, specific provisions dealing with the taxation of financial assets and liabilities of a “covered person” as defined in section 24JB apply with effect from 1 January 2014 in respect of years of assessment ending on or after 1 January 2014. Noteholders should seek advice as to whether these provisions may apply to them.

Under section 10(1)(h) of the Income Tax Act, interest received by or accruing to a Noteholder who is not a resident of South Africa during any year of assessment is exempt from income tax, unless:

- (a) that person is a natural person who was physically present in South Africa for a period exceeding 183 (one hundred and eighty-three) days in aggregate during the 12 (twelve) month period preceding the date on which the interest is received or accrues to that person; or
- (b) the debt from which the interest arises is effectively connected to a permanent establishment of that person in South Africa.

If a holder does not qualify for the exemption under section 10(1)(h) of the Income Tax Act, an exemption from, or reduction of any income tax liability may be available under an applicable double taxation treaty.

Certain entities may be exempt from income tax. Prospective subscribers for or purchasers of Notes are advised to consult their own professional advisers to ascertain whether the interest income earned on the Notes will be exempt from South African income tax.

Section 8F of the Income Tax Act applies to “hybrid debt instruments”, and section 8FA of the Income Tax Act applies to “hybrid interest”. Sections 8F and 8FA provide that interest incurred on a hybrid debt instrument and hybrid interest are, for purposes of the Income Tax Act, deemed to be a dividend in specie. If either of these provisions applies the tax treatment of the interest paid under the Notes will differ from what is set out above and such payments may be subject to dividends tax as a result of the deemed classification as dividends in specie.

Prospective subscribers for or purchasers of Notes are advised to consult their own professional advisers to ascertain whether the abovementioned provisions may apply to them.

Capital Gains Tax

The disposal of Notes by residents of South Africa may give rise to capital gains tax implications. Any discount or premium on acquisition of a Note which has already been treated as interest for income tax purposes, under section 24J of the Income Tax Act will not be taken into account when determining any capital gain or loss. Under section 24J(4A) of the Income Tax Act a loss on disposal will, to the extent that it has previously been included in income (as interest), be allowed as a deduction from the income of the holder when it is incurred and accordingly will not give rise to a capital loss.

The capital gains tax provisions would not apply to the extent that the holder of the Note were to constitute a covered person and section 24JB of the Income Tax Act (see above) applies to the Note.

Capital gains tax under the Eighth Schedule to the Income Tax Act will not be levied in relation to Notes disposed of by a person who is not a resident of South Africa unless the Notes disposed of are attributable to a permanent establishment of that person in South Africa.

Purchasers are advised to consult their own professional advisers as to whether a disposal of Notes will result in a liability for capital gains tax.

Securities Transfer Tax

The issue, transfer and redemption of the Notes will not attract securities transfer tax under the Securities Transfer Tax Act, 2007 (the “**STT Act**”) because the Notes do not constitute “securities” as defined in the STT Act. Any future transfer duties and/or taxes that may be introduced in respect of (or applicable to) the transfer of Notes will be for the account of holders of the Notes.

Value-Added Tax

No value-added tax is payable on the issue or transfer of the Notes. The issue, sale or transfer of the Notes constitute “financial services” as defined in section 2 of the Value-Added Tax Act, 1991 (the “**VAT Act**”). In terms of section 2 of the VAT Act, the issue, allotment, drawing, acceptance, endorsement or transfer of ownership of a debt security as well as the buying and selling of derivatives constitute a financial service, which is exempt from Value added tax in terms of section 12(a) of the VAT Act.

However, commissions, fees or similar charges raised for the facilitation of the issue, allotment, drawing, acceptance, endorsement or transfer of ownership of Notes that constitute “debt securities” as defined in section 2(2)(iii) of the VAT Act will be subject to Value added tax at the standard rate (currently 15% (fifteen percent)), except where the recipient is a non-resident as contemplated below.

Services (including exempt financial services) rendered to non-residents who are not in South Africa when the services are rendered, may be subject to Value added tax at the zero rate in terms of section 11(2)(l) of the VAT Act.

Withholding tax

The interest withholding tax applies to any amount of any interest that is paid by any person to or for the benefit of any foreign person to the extent that such amount of interest is from a South African source in terms of the Income Tax Act, and will apply to interest that is paid or that becomes due and payable on or after 1 March 2015. For the purposes of the withholding tax, a “foreign person” is defined as any person that is not a South African tax resident. Accordingly, to the extent that any interest is paid to Noteholders who are South African tax residents, the withholding tax will not apply.

An exemption from the withholding tax on interest applies in respect of any debt listed on a recognised exchange.

Definition of Interest

The references to “interest” above mean “interest” as contemplated in the Income Tax Act. The statements above do not take any account of any different definitions of “interest” or “principal” which may prevail under any other law or which may be created by the Terms and Conditions of the Notes or any related documentation.

SECTION VII: SOUTH AFRICAN EXCHANGE CONTROL

This section should be read in conjunction with, and is qualified in its entirety by, the detailed information contained elsewhere in this Master Programme Memorandum, any Applicable Product Supplement and/or any Applicable Pricing Supplement. Capitalised terms used in this Section VII headed “South African Exchange Control” shall bear the same meanings as used in the Terms and Conditions, except to the extent that they are separately defined in this section or clearly inappropriate from the context.

The information below is intended as a general guide to the position under the Exchange Control Regulations as at the date of the Master Programme Memorandum. The contents of this section headed “South African Exchange Control” do not constitute exchange control advice and do not purport to describe all of the considerations that may be relevant to a prospective subscriber for or purchaser of any Notes. Prospective subscribers for or purchasers of any Notes should consult their professional advisers in this regard.

Non-South African resident Noteholders and emigrants from the Common Monetary Area

Dealings in the Notes and the performance by the Issuer of its obligations under the Notes and the applicable Terms and Conditions may be subject to the Exchange Control Regulations.

Blocked Rand

Blocked Rand may be used for the subscription for or purchase of Notes. Any amounts payable by the Issuer in respect of the Notes subscribed for or purchased with Blocked Rand may not, in terms of the Exchange Control Regulations, be remitted out of South Africa or paid into any non-South African bank account.

Emigrants from the Common Monetary Area

Any Registered Note Certificates issued to Noteholders who are emigrants from the Common Monetary Area will be endorsed “emigrant”. Such restrictively endorsed Registered Note Certificates shall be deposited with an authorised foreign exchange dealer controlling such emigrant’s blocked assets.

Any payments of interest and/or principal due to a Noteholder who is an emigrant from the Common Monetary Area will be deposited into such emigrant Noteholder’s Blocked Rand account, as maintained by an authorised foreign exchange dealer. The amounts are not freely transferable from the Common Monetary Area and may only be dealt with in terms of the Exchange Control Regulations.

Non-residents of the Common Monetary Area

Any Registered Note Certificates issued to Noteholders who are not resident in the Common Monetary Area will be endorsed “non-resident”.

It will be incumbent on any such non-resident Noteholder to instruct the non-resident’s nominated or authorised dealer in foreign exchange as to how any funds due to such non-resident in respect of Registered Note Certificates are to be dealt with. Such funds may, in terms of the Exchange Control Regulations, be remitted abroad only if the relevant Registered Note Certificates are acquired with foreign currency introduced into South Africa and provided that the relevant Registered Note Certificate has been endorsed “non-resident” or the relevant securities account has been designated as a “non-resident” account, as the case may be.

Exchange Control – Issuer

As at the date of this Master Programme Memorandum, the Issuer does not require exchange control approval for this Master Structured Note Programme.

SECTION VIII: GENERAL INFORMATION

This section should be read in conjunction with, and is qualified in its entirety by, the detailed information contained elsewhere in this Master Programme Memorandum, any Applicable Product Supplement and/or any Applicable Pricing Supplement. Capitalised terms used in this Section VIII headed "General Information" shall bear the same meanings as used in the Terms and Conditions, except to the extent that they are separately defined in this section or clearly inappropriate from the context.
