

APPLICABLE PRICING SUPPLEMENT

ABSA BANK LIMITED

(incorporated in the Republic of South Africa with limited liability and with company registration number: 1986/004794/06)

Issue of ZAR14,391,000.00 Unsubordinated and Unsecured Registered Notes due on June 2023 under its ZAR40,000,000,000 Master Structured Note Programme approved by the JSE Limited t/a The Johannesburg Stock Exchange

This Applicable Pricing Supplement must be read in conjunction with the Master Structured Note Programme Memorandum dated 27 October 2015 which was approved by the JSE Limited t/a The Johannesburg Stock Exchange on or about 30 October 2015, as amended and/or supplemented from time to time ("the Master Programme Memorandum"). This Applicable Pricing Supplement was prepared by Absa Bank Limited in connection with the Absa Bank Limited ZAR40,000,000,000 Master Structured Note Programme.

Any capitalised term not defined in this Applicable Pricing Supplement has the meaning ascribed to it in Schedule 1 (Glossary of Terms) to Section II-A (Terms and Conditions of the Notes) of the Master Programme Memorandum.

This document constitutes an Applicable Pricing Supplement relating to the Notes described herein issued or to be issued by the Issuer. The Notes described herein are subject to the Terms and Conditions of the Notes, as replaced, amended and/or supplemented by this Applicable Pricing Supplement. To the extent that there is any conflict or inconsistency between the provisions of this Applicable Pricing Supplement and the provisions of the Master Programme Memorandum, the provisions of this Applicable Pricing Supplement will prevail for purposes of the Notes which are governed by it.

This Applicable Pricing Supplement supersedes any previous term sheet, pricing supplement, confirmation, or other communication in respect of the Notes described below.

By purchasing the Notes, the Holders of the Notes acknowledge and confirm that: (i) they fully understand the nature of the Notes and the extent of their exposure to risks under and imbedded in the Notes, and (ii) they had considered the suitability of the Notes as an investment in the light of their own circumstances and financial position.

The Notes involve a high degree of risk, including the risk of losing some or a significant part of the Noteholder's initial investment. A Noteholder should be prepared to sustain a total loss of its

investment in the Notes. The Notes represent general, unsecured, unsubordinated, contractual obligations of the Issuer and rank *pari passu* in all respects with each other.

1. Issuer:	Absa Bank Limited
2. Status of Notes:	Unsubordinated and Unsecured Notes. (The default status of the Notes under the Master Structured Note Programme is 'unsubordinated and unsecured' per Condition 5 (<i>Status of Notes</i>) on page 37 of the Master Programme Memorandum.)

23. (a) Type of Index-Linked Notes:	Indexed Redemption Amount Notes
(b) Formula by reference to which payment amount in respect of the Index-Linked Leg is to be determined:	(i) If on the Index Valuation Date the final level of Index is equal to or greater than the initial level of Index on Trade Date, the Calculation Agent will determine and calculate the Final Redemption Amount in accordance with the following formula: FRA = ANA + [ANA*FXR*P*MAX(MIN(IR, IC), 0)]

	<p>Where:</p> <p>“FRA” means the Final Redemption Amount;</p> <p>“ANA” means the Aggregate Nominal Amount;</p> <p>“*” means “multiplied by”;</p> <p>“FXR” means means the foreign exchange rate ratio determined and calculated by the Calculation Agent in accordance with the following formula:</p> $\text{FXR} = \frac{\text{FX}_f}{\text{FX}_i}$ <p>Where:</p> <p>“FXR” means the FX Rate ratio;</p> <p>“FX_f” means the FX Rate determined by the Calculation Agent on the Index Valuation Date;</p> <p>“FX_i” means the FX Rate on the Trade Date, i.e. ZAR 13.78 : USD1.00</p> <p>“FX Rate” means the daily rate of exchange of ZAR per USD1.00, such rate as published on Bloomberg WMCO, or if any such rate is not available such other rate as selected or determined by the Calculation Agent, acting in good faith and in a commercially reasonable manner.</p> <p>“P” means “participation” which is 5.00 (or 500%);</p> <p>“min” means “the minimum of” or “the lesser of”;</p> <p>“max” means “the maximum of” or “the greater of”;</p> <p>“IR” means the “Index Return” which the Calculation Agent will determine and calculate in accordance with the following formula:</p> $\text{IR} = \frac{\text{Index}_f}{\text{Index}_i} - 1$ <p>where:</p> <p>“IR” means “Index Return”;</p> <p>“Index_i” means, in respect of the Index, the initial Index level, being the official closing level of the Index, as determined by the Calculation Agent on the Trade Date, which is: 207.5317.</p> <p>“Index_f” means, in respect of the Index, the final Index level as determined by the Calculation Agent as the equally weighted average of the official closing level of the Index on each of the Averaging Dates, which if any</p>
--	---

	<p>Averaging Date is a Disrupted Day, it will be subject to Modified Postponement, as described below.</p> <p>“Averaging Dates” means each of 19 December 2022, 19 January 2023, 21 February 2023, 20 March 2023, 19 April 2023, 19 May 2023 and 19 June 2023.</p> <p>“Modified Postponement” means that in respect of any Averaging Date which is a Disrupted Day, the applicable Averaging Date will be the first succeeding Valid Date. If the first succeeding Valid Date has not occurred before or on the eighth Scheduled Trading Day immediately following the original date, then that eighth Scheduled Trading Day will be deemed to be an Averaging Date and the Calculation Agent will determine the level of the Index for that Averaging Date (i.e. that eighth Scheduled Trading Day) in a commercially reasonable manner. For purposes hereof, a “Valid Date” means a Scheduled Trading Day that is not a Disrupted Day and on which another Averaging Date in respect of the Index Valuation Date does not or is not deemed to occur.</p> <p>“Index Valuation Date” means 19 June 2023;</p> <p>“IC” means “Index Cap” which is: 0.20 (or 20%).</p> <p>“Exchange Business Day” means a Scheduled Trading Day on which:</p> <ul style="list-style-type: none">(a) the Index Sponsor actually publishes the closing level of the Index; and(b) each Listing Financial Exchange or each Index Component Exchange, as the case may be, is actually open for trading during its regular trading session, notwithstanding the relevant Listing Financial Exchange and/or any relevant Index Component Exchange, as the case may be, closing prior to its Scheduled Closing Time; <p>“Scheduled Trading Day” means any day on which:</p> <ul style="list-style-type: none">(a) the Index Sponsor is scheduled to publish the closing level of the Index; and(b) each Listing Financial Exchange or each Index Component Exchange, as the case may be, is scheduled to be open for trading during its regular trading session. <p>“Scheduled Closing Time” means, in respect of an Index Component Exchange and an Exchange Business Day, the scheduled weekday closing time of such Index Component Exchange on such Exchange Business Day,</p>

37. Other provisions:	Applicable The Notes will be inward listed on the JSE in terms of the authority granted by the Financial Surveillance Department of the South African Reserve Bank.
(a) Change in Law:	If on or after the Effective Date of the Notes: (i) due to the adoption of or any change in any applicable law or regulation (including, without limitation, any tax law), or (ii) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including, without limitation, any action taken by a taxing authority), the Calculation Agent determines in good faith and acting in a commercially reasonable manner that: (aa) it has become illegal or contrary to such applicable law or regulation for the Note Holder to hold the Notes; or (bb) it has become illegal or contrary to such applicable law or regulation for the Issuer or any affiliate of the Issuer to hold, acquire, deal in or dispose of hedge positions, underlying securities or other property or assets comprised in an index, any currency, futures contracts, commodities or contracts in securities, options, futures, derivatives

	<p>or foreign exchange relating to the Notes (collectively, "Hedge Positions"), or</p> <p>(cc) the Issuer or any affiliate of the Issuer will incur a materially increased cost in performing its obligations in respect of the Notes or its Hedge Positions in connection with the Notes (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on its tax position), or</p> <p>(dd) the Issuer or any affiliate of the Issuer will be subjected to materially less favourable regulatory capital treatment in respect of such Notes or any related Hedge Positions,</p> <p>the Issuer may terminate the Notes early and the Calculation Agent will determine and calculate the early termination amount to be paid to the Note Holder.</p> <p>The phrase "any applicable law or regulation" includes, without limitation, the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, any rules and regulations promulgated there under and any similar law or regulation (collectively, the "Wall Street Act"). Any additional capital charges or other regulatory capital requirements imposed in connection with the Wall Street Act or any legislation and/or regulation based on the Wall Street Act, or Basel III, will constitute a materially increased expense or cost of the Issuer in performing its obligations in respect of these Notes.</p>
<p>(b) Hedging Disruption:</p>	<p>If the Issuer or any affiliate of the Issuer (each "a Hedging Party") is unable, after using commercially reasonable efforts, to either:</p> <p>(i) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the equity price risk (or any other relevant price risk including, but not limited to, the currency risk) of entering into and performing its obligations with respect to the Notes or any Hedge Positions in connection with the Notes, or</p> <p>(ii) freely realise, recover, receive, repatriate, remit or transfer the proceeds of any Hedge Position in connection with the Notes between accounts within the jurisdiction of the Hedge Positions (the "Affected Jurisdiction") or from accounts within the Affected Jurisdiction to accounts outside of the</p>

	<p>Affected Jurisdiction,</p> <p>the Issuer may terminate the Notes early and the Calculation Agent will calculate the early termination amount to be paid to the Note Holder.</p>
<p>(c) Increased Cost of Hedging:</p>	<p>If the Issuer or any affiliate of the Issuer (each “a Hedging Party”) would incur a materially increased (as compared with circumstances existing on the Effective Date) amount of tax, duty, expenses, costs or fees (other than brokerage or commissions) to:</p> <ul style="list-style-type: none"> (i) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the equity price risk (or any other relevant price risk, including, but not limited to, the currency risk) of entering into and performing its obligations with respect to the Notes or Hedge Positions in connection with the Notes, or (ii) realise, recover or remit the proceeds of Hedge Positions in connection with the Notes between accounts within the jurisdiction of the Hedge Positions (the “Affected Jurisdiction”) or from accounts within the Affected Jurisdiction to accounts outside the Affected Jurisdiction, <p>the Issuer may terminate the Notes early and the Calculation Agent will calculate the early termination amount to be paid to the Note Holder.</p>
<p>(d) FX Disruption:</p>	<p>Notwithstanding anything to the contrary in this Confirmation, to the extent that any USD amount owed by the Calculation agent under this Transaction is based on local currency amounts actually received by the Calculation Agent or its affiliates in connection with the unwind of its Hedge Position(s), the Calculation shall convert such local currency amounts into USD payable on the date such USD amount is due at the local currency/USD exchange rate determined by GSI in good faith and in a commercially reasonable manner.</p> <p>If on the date such conversion is to be made, an FX Disruption Event (as defined below) has occurred and is continuing, then the conversion of local currency to USD by the Calculation Agent shall be postponed until the first Business Day on which such FX Disruption Event ceases to exist and such conversion is able to be effected, using the rate available on such day, and the Calculation Agent’s obligation to pay such USD amount</p>

	<p>shall be postponed to the Currency Business Day which is the same number of Currency Business Days after such date as the Termination Date is or had been after the Valuation Date.</p> <p>If an FX Disruption Event has occurred and is continuing on the date such USD amount is to be paid (including any payment date postponed due to a prior FX Disruption Event), then the Calculation Agent's obligation to make such payment shall be postponed until the first Currency Business Day on which such FX Disruption Event ceases to exist.</p> <p>"FX Disruption Event" means the occurrence of an event that makes it impossible through legal channels for the Calculation Agent or its affiliates to either (i) convert local currency into USD; or (ii) deliver USD from accounts within the local jurisdiction to accounts outside such jurisdiction or; (iii) deliver local currency between accounts within the local jurisdiction to a person that is a non resident of such jurisdiction.</p> <p>For the avoidance of doubt, if an FX Disruption Event constitutes or coincides with any other market disruption event (however defined), the terms of this Transaction shall be adjusted pursuant to the foregoing paragraphs only after such postponements or adjustments have been made as a result of such other market disruption event provisions.</p>
(e) Market Disruption:	<p>A "Disrupted Day" means any Scheduled Trading Day on which:</p> <ul style="list-style-type: none"> (i) the Index Sponsor fails to publish the level of the Index; (ii) the Index Component Exchange fails to open for trading during its regular trading session; or (iii) a Market Disruption Event has occurred. <p>The Calculation Agent will as soon as reasonably practicable under the circumstances notify the Note Holders of the occurrence of a Disrupted Day on any day that, but for the occurrence of a Disrupted Day, would have been a Valuation Date. Without limiting the obligation of the Calculation Agent to notify the Note Holders as set forth in the preceding sentence, failure by the Calculation Agent to notify the Note Holders of the occurrence of a Disrupted Day will not affect the validity of the occurrence.</p>

	<p>The consequences of a Disrupted Day are that the relevant Valuation Date will be the first succeeding Scheduled Trading Day that is not a Disrupted Day, unless each of the eight Scheduled Trading Days immediately following the relevant scheduled Valuation Date is a Disrupted Day. In that case, (aa) that eighth Scheduled Trading Day will be deemed to be the relevant Valuation Date, notwithstanding the fact that such day is a Disrupted Day, and (bb) the Calculation Agent will determine the level of the Index as of the Index Valuation Time on that eighth Scheduled Trading Day in accordance with the formula for and method of calculating the Index last in effect prior to the occurrence of the first Disrupted Day using the Index Component Exchange traded or quoted price as of the Index Valuation Time on that eighth Scheduled Trading Day of each Component Security (or, if an event giving rise to a Disrupted Day has occurred in respect of the relevant Component Security on that eighth Scheduled Trading Day, its good faith estimate of the value for the relevant Component Security as of the Index Valuation Time on that eighth Scheduled Trading Day).</p> <p>For purposes of the above, the following terms have the meanings assigned next to each such term:</p> <p>“Valuation Date” means each of the following dates: the Trade Date, the Index Valuation Date, the Maturity Date and an Exchange Business Day.</p> <p>“Market Disruption Event” means either:</p> <p>(i) (aa) the occurrence or existence, in respect of any Component Security, of:</p> <ol style="list-style-type: none">(1) a Trading Disruption in respect of such Component Security, which the Calculation Agent determines is material, at any time during the one hour period that ends at the relevant Index Valuation Time in respect of the Index Component Exchange on which such Component Security is principally traded;(2) a Trading Disruption in respect of such Component Security, which the Calculation Agent determines is

	<p>material, at any time during the one hour period that ends at the relevant Index Valuation Time in respect of the Index Component Exchange on which such Component is principally traded;</p> <p>(3) an Early Closure in respect of such Component Security;</p> <p>AND</p> <p>(bb) the aggregate of all Component Securities in respect of which a Trading Disruption, an Exchange Disruption or an Early Closure occurs or exists comprises 20% (twenty per cent.) or more of the level of the Index;</p> <p>OR</p> <p>(ii) the occurrence or existence, in respect of futures or options contracts relating to the Index, of:</p> <p>(aa) a Trading Disruption Event;</p> <p>(bb) an Exchange Disruption, which in either case the Calculation Agent determines is material, at any time during the one hour period that ends at the Index Valuation Time in respect of the Index Component Exchange; or</p> <p>(cc) an Early Closure, in each case in respect of such futures or options contracts.</p> <p>For the purposes of determining whether a Market Disruption Event exists in respect of a Component Security at any time, if a Market Disruption Event occurs in respect of such Component Security at that time, then the relevant percentage contribution of that Component Security to the level of the Index will be based on a comparison of (x) the portion of the level of the Index attributable to that Component Security to (y) the overall level of the Index, in each case using the official opening weightings as published as part of the market "opening data".</p> <p>"Trading Disruption" means any suspension of or limitation imposed on trading by the relevant Index</p>

4. Suspension of the Calculation of the Index

The Index Calculation Agent will suspend the calculation of the Index if on a Banking Day the Closing Level of one or more Equity Indices included in the Core Index is/are not determined (the "Suspension of the Calculation of the Index"). The occurrence of such suspension will be published by the Index Calculation Agent in accordance with the provisions regarding the Index Publication.

5. Extraordinary Index Adjustments

Upon the occurrence of an Equity Index Extraordinary Event in relation to one or several Equity Indices included in the Core Index which has a material effect on the relevant Equity Index or the level of the Equity Index, the Index Sponsor will make any such adjustments to the Index as are necessary to account for the economic effect of the Equity Index Extraordinary Event on the Index and to preserve, to the extent possible, the economic profile of the Index prior to the occurrence of the Equity Index Extraordinary Event in accordance with the following provisions (each an "Equity Index Adjustment"). The Index Sponsor will decide in its reasonable discretion (*billiges Ermessen*, as contemplated in § 315 of the German Civil Code (BGB)) whether an Equity Index Extraordinary Event has occurred and whether such Equity Index Extraordinary Event has a material effect on the relevant Equity Index.

An Equity Index Adjustment may result in:

- (i) the relevant Equity Index being replaced by another index (a "Equity Index Replacement") which is economically comparable to the relevant Equity Index

and/or

- (ii) increases or decreases of specified variables and values in the calculation of the Index taking into account
 - a. the effect of the Equity Index Extraordinary Event on the level of the respective Equity Index;
 - b. the diluting or concentrative effect of an Equity Index Extraordinary Event on the theoretical value of the relevant Equity Index; or
 - c. any cash compensation or other compensation in connection with a Equity Index Replacement;

	<p>and/or</p> <p>(iii) consequential amendments to the Equity Index related provisions of the terms of the Index that are required to fully reflect the consequences of the Equity Index Replacement.</p> <p>(a) Equity Index Adjustments will correspond to the adjustments to option or futures contracts relating to the relevant Equity Index made by the relevant Futures Exchange (an "Equity Index Futures Exchange Adjustment").</p> <p>(i) The Index Sponsor will not be required to make adjustments to the Index by reference to Equity Index Futures Exchange Adjustments, in cases where:</p> <p>(aa) the Equity Index Futures Exchange Adjustments would result in economically irrelevant adjustments to the Index; the Index Sponsor will decide in its reasonable discretion (<i>billiges Ermessen</i> as contemplated in § 315 of the German Civil Code (BGB)) whether this is the case;</p> <p>(bb) the Equity Index Futures Exchange Adjustments violate the principles of good faith or would result in adjustments of the Index contrary to the principle to preserve the economic profile of the Index prior to the occurrence the Equity Index Extraordinary Event and to compensate for the economic effect thereof on the level of the relevant Equity Index; the Index Sponsor will decide in its reasonable discretion (<i>billiges Ermessen</i> as contemplated in § 315 of the German Civil Code (BGB)) whether this is the case; or</p> <p>(cc) in cases where no Equity Index Futures Exchange Adjustment occurs, but where such Equity Index Futures Exchange Adjustment would be required pursuant to the adjustment rules of</p>

	<p>the Futures Exchange; in such case, the Index Sponsor will decide in its reasonable discretion (<i>billiges Ermessen</i> as contemplated in § 315 of the German Civil Code (BGB)) whether this is the case and will make Equity Index Adjustments in accordance with the adjustment rules of the Futures Exchange.</p> <p>(ii) If there is any doubt regarding the application of the Equity Index Futures Exchange Adjustment or adjustment rules of the Futures Exchange or where no Futures Exchange exists, the Index Sponsor will make such adjustments to the Index which are required in its reasonable discretion (<i>billiges Ermessen</i> as contemplated in § 315 of the German Civil Code (BGB)) to preserve the economic profile of the Index prior to the occurrence of the Equity Index Extraordinary Event and to compensate for the economic effect thereof on the level of the relevant Equity Index.</p> <p>(b) Any reference made to the Equity Index and/or the Equity Index Sponsor (as defined below) in this description of the Index in this paragraph will, if the context so admits, refer to the replacement index and/or the index sponsor of the replacement index. All related definitions will be deemed to be amended accordingly as the context requires.</p> <p>(c) Equity Index Adjustments will take effect as from the date (the "Cut-off Date") determined by the Index Sponsor in its reasonable discretion (<i>billiges Ermessen</i> as contemplated in § 315 of the German Civil Code (BGB)), provided that (if the Index Sponsor takes into consideration the manner in which adjustments are or would be made by the relevant futures exchange) the Index Sponsor will take into consideration the date at which such adjustments take effect or would take effect at the relevant futures exchange.</p> <p>(d) Equity Index Adjustments as well as their Cut-off Dates will be made available by the Index Calculation Agent in accordance with the</p>

	<p>provisions relating to Index Publication.</p> <p>For purposes of the above, "Equity Index Extraordinary Event" with respect to an Equity Index means:</p> <ul style="list-style-type: none">(a) the cancellation or replacement of the relevant Equity Index or the replacement of the Equity Index Sponsor by another person, company or institution not acceptable to the Index Sponsor and/or the Index Calculation Agent;(b) the termination, impairment, cessation or dispute of the license granted by the Equity Index Sponsor to the Index Sponsor and/or the Index Calculation Agent and/or any of their respective affiliates to use such relevant Equity Index in connection with the Index;(c) the adjustment of option or futures contracts relating to the relevant Equity Index or contained in the relevant Equity Index on the relevant Futures Exchange(s) or the announcement of such adjustment;(d) the termination of trading in, or early settlement of, option or futures contracts relating to the relevant Equity Index or contained in the relevant Equity Index on the relevant Futures Exchange(s), or the announcement of such termination or early settlement;(e) a change in the currency in one or more components of the relevant Equity Index if such change has a material effect on the level of the relevant Equity Index. The Index Sponsor will decide in its reasonable discretion (<i>billiges Ermessen</i> as contemplated in § 315 of the German Civil Code (BGB)) whether this is the case;(f) the Equity Index Sponsor (i) ceases the calculation of the relevant Equity Index and/or materially or frequently delays the publication of the level of the relevant Equity Index or the relevant data for calculating the level of the relevant Equity Index and the Index Calculation Agent is not able to calculate the level of the relevant Equity Index without the relevant Equity Index Sponsor's information and/or (ii) if the relevant Equity Index Sponsor materially modifies its terms and conditions for the use of the relevant Equity Index and/or materially

	<p>increases its fees for the use or calculation of the relevant Equity Index so that it is no longer economically reasonable to reference the relevant Equity Index. The Index Sponsor will decide in its reasonable discretion (<i>billiges Ermessen</i> as contemplated in § 315 of the German Civil Code (BGB)) whether this is the case; or</p> <p>(g) any other event being economically equivalent to the before-mentioned events with regard to their effects. The Index Sponsor will decide in its reasonable discretion (<i>billiges Ermessen</i> as contemplated in §315 of the German Civil Code (BGB)) whether this is the case.</p> <p>If the relevant Equity Index is no longer calculated and published by the Equity Index Sponsor but by another acceptable person, company or institution as the new Equity Index Sponsor (the " Successor Equity Index Sponsor"), the Index will be determined on the basis of such Equity Index being calculated and published by the Successor Equity Index Sponsor and any reference made to the Equity Index Sponsor in the above description of the Index will, if the context so admits, then refer to the Successor Equity Index Sponsor. The Index Sponsor will decide in its reasonable discretion (<i>billiges Ermessen</i> as contemplated in § 315 of the German Civil Code (BGB)) whether this is the case.</p> <p>If an Equity Index Sponsor materially modifies the calculation method of an Equity Index with effect on or after the Index Commencement Date, or materially modifies such Equity Index in any other way (except for modifications which are contemplated in the calculation method of the Equity Index relating to a change with respect to any index components, the market capitalisation or with respect to any other routine measures, each an "Equity Index Modification"), then the Index Sponsor is entitled to continue the calculation and publication of such Equity Index on the basis of the former concept of the Equity Index and its last determined level. The Index Sponsor will decide in its reasonable discretion (<i>billiges Ermessen</i> as contemplated in § 315 of the German Civil Code (BGB)) whether an Equity Index Modification has occurred.</p> <p>6. Changes in the Calculation of the Index</p> <p>The Index Calculation Agent starts the calculation of the</p>

Index on the Index Commencement Date in compliance with the Index calculation method and the description of the Index in this paragraph. Although the Index Sponsor intends to apply this Index Description from the Index Commencement Date, it cannot be ruled out that tax, regulatory, statutory, economic or other circumstances might apply that, in the reasonable discretion (*billiges Ermessen* as contemplated in § 315 of the German Civil Code (BGB)) of the Index Sponsor, will necessitate changes with regard to this Index as described in this paragraph. In such a case, the Index Sponsor may in its reasonable discretion (*billiges Ermessen* as contemplated in § 315 of the German Civil Code (BGB)) deviate from, or perform changes to, this Index Description. Any deviations from this Index Description are subject to the proviso that the general concept and, thus, the investment objectives of the Index in particular are maintained. In the event of a change to the calculation method as detailed in this Index as described in this paragraph, the Index Calculation Agent will publish the relevant change in accordance with the provisions relating to the publication of the Index.

7. Corrections

If the Index Calculation Agent identifies an error or omission in any of its calculations or determinations in respect of the Index, then the Index Calculation Agent may, if practicable and if the Index Calculation Agent determines acting in good faith that such correction, error or omission (as the case may be) is material, adjust or correct the relevant calculation or determination and/or the Index Level as of any Index Calculation Date. The Index Calculation Agent will publish such correction in accordance with provisions regarding the publication of the Index.

8. Discontinuation of the Calculation of the Index

If, in the case of any circumstances that require any changes to the Index as described in the section 'Changes in the Calculation of the Index' of the Index rules, or, upon occurrence of an Equity Index Extraordinary Event, an Equity Index Adjustment is not be possible while retaining the general concept and, thus, the objectives pursued by the Index, the Index Calculation Agent will discontinue the calculation of the Index (the "Discontinuation of the Calculation of the

	<p>Index"). The Index Calculation Agent will decide in its reasonable discretion (<i>billiges Ermessen</i> as contemplated in §315 of the German Civil Code (BGB)) whether this is the case.</p> <p>9. Index Disclaimer and Conditions of Use</p> <p>The Index Sponsor will obtain information for inclusion in, or for use in the calculation of, the Index from sources that the Index Sponsor considers reliable. However, the Index Sponsor accepts no responsibility for, and will have no liability for any errors, omissions or interruptions in respect of such sources or the information obtained there from. The Index Sponsor does not guarantee the accuracy and/or the completeness of the Index or any data included therein. The Index Sponsor makes no warranty, express or implied, as to the results to be obtained by any person or entity from the use of the Index or any data included therein. The Index Sponsor makes no express or implied warranties and expressly disclaims all conditions and warranties implied by statute, general law or custom with respect to the Index or any data included therein.</p> <p>MSCI indexes (collectively, the "MSCI Indexes") were provided to the Index Sponsor on an "as is" basis. MSCI Inc. ("MSCI") does not in any way sponsor, support, promote or endorse the Index which is based on the MSCI Indexes. MSCI was not and is not involved in any way in the creation, calculation, maintenance or review of the Index. MSCI is not the benchmark administrator for the Index. MSCI Inc., each of its affiliates and each other person involved in or related to compiling, computing or creating the MSCI Indexes (collectively, the "MSCI Parties") expressly disclaim all warranties (including, without limitation, any warranties of originality, accuracy, completeness, timeliness, non-infringement, merchantability and fitness for a particular purpose). Without limiting any of the foregoing, in no event will any MSCI Party have any liability for any direct, indirect, special, incidental, punitive, consequential (including, without limitation, lost profits) or any other damages in connection with the MSCI Indexes or the Index.</p> <p>10. Index Risk Disclosures</p> <p>INDEX DESCRIPTION LIMITATIONS</p> <p>The performance of the Index is dependent on a pre-</p>
--	--

	<p>defined rules-based methodology. There is no assurance that other methodologies would not result in better performance than the methodology followed in respect of the Index.</p> <p>UNDERPERFORMANCE RISK</p> <p>The Index provides exposure to notional long positions in MSCI Factor Indices. The Index is constructed under the assumption that the MSCI Factor Indices will outperform the Benchmark Indices over the long term. It is a risk that these MSCI Factor Indices will not outperform the Benchmark Indices.</p> <p>EFFECT OF INDEX FEES AND ADJUSTMENT FACTOR</p> <p>The Index Level includes a deduction of a notional Index Fee and an Adjustment Factor. The Index Fee and the Adjustment Factor will ultimately serve to act as a drag on the Index Level and will reduce the return available (if any) under the Notes.</p> <p>VOLATILITY TARGET</p> <p>The exposure of the Index to the Core Index is adjusted, on a daily basis, in accordance with a formula which seeks to maintain an overall specified annualised volatility level for the Index Level of 15% (the "Volatility Target"). The exposure is determined by reference to the recent volatility of the Core Index. Although the volatility of the Core Index and the exposure of the Index thereto are determined and adjusted daily, the actual volatility of the Index may be greater or less than the Volatility Target. As the Volatility Target is assessed daily, this can lead to a daily change in the exposure of the Index to the Core Index. Another frequency for determining this may have different results. The application of the Volatility Target is based on the historical exponential volatility of the Core Index. This means there may be a significant period of time before the Index reduces exposure to account for any increase in volatility. This could result in a lower level of the Index than would prevail if the exposure had been adjusted more quickly. The exposure of the Index to the Core Index is designed not to exceed 150% and, therefore, leverage may be applied to the Index, which will have a magnifying effect on the performance of the Index (whether positive or negative). During periods when the realised volatility of the Core Index is higher than the Volatility Target, particularly in bull markets,</p>
--	--

the volatility targeting mechanism may lead the Index to underperform relative to the Core Index and/or compared with indices that do not use such a mechanism. There can be no assurance that the volatility targeting mechanism used to construct the Index will be successful or that the Index will outperform the strategy or any alternative volatility adjusted index that might be constructed by reference to the Core Index.

CONCENTRATION RISK

The Index Constituents and therefore the Index is composed of stocks only. Therefore, the Index may be less diversified than an investment in any fund, investment portfolio or other product which invests in or tracks a diversified investment portfolio with exposure to multiple asset classes, and therefore could experience greater volatility.

FIXED ALGORITHMIC MODEL PARAMETERS

In common with all algorithmic strategies, the Index uses a rules-based methodology which contains fixed parameters. For example, the Index gives an equal weight to each MSCI Factor Index. The Index methodology assumes that these parameters and other fixed parameters are reasonable in the context of the Index. However, alternative parameters could have a positive effect on the performance of the Index.

LIMITED OPERATING HISTORY

The Index was launched by the Index Sponsor on a specified Index Launch Date and has been calculated by the Index Calculation Agent for the period from that Index Start Date. The Index Sponsor has published limited information about how the Index would have performed had it been calculated prior to the Index Launch Date. Due to the fact that the Index and its constituents was each created relatively recently, and limited historical performance data exist with respect to it, an investment in a product linked to the Index may involve a greater risk than an investment in a financial product linked to one or more indices with a more established record of performance. Furthermore, any back - testing or similar performance analysis performed

	<p>by any person in respect of the Index must be considered illustrative only and may be based on estimates or assumptions not used by the Index Calculation Agent when determining the Index Level.</p> <p>Any changes to the index methodology will be published on SENS and communicated to the JSE.</p>
